LONDON POST

Ambassador Differs With Harding
Over American Foreign Policy

BY DAVID LAWRENCE

Copyright 1923 By The Post Pub. Co.
Washington—Evidence begins to multiply that Ambassador George Harvey will not long remain as ambassador to Great Britain. The fact that the ambassador is a guest at the white house and that he has engaged return passage for London have given the impression that stories of personal differences between him and the president are baseless and that he is returning to his post after the customary vacation. But such is not the case.

The ambassador brought with him twenty trunks containing, it is said, many of his confidential papers. He is going back, it is true, to clean up his affairs on the other side but his intention on arriving here at least was to resign his post at the time most convenient to the president. The name most prominently mentioned as successor is that of Henry Fletcher, ambassador to Belgium, who went to South America recently as the head of the United States delegation to the Pan-American conference at Santiago, Chile.

Fletcher was under secretary of state and right hand man to Secretary Hughes before he went to Belgium and he has had a long and successful career in the diplomatic service of the United States under both Democratic and Republican administrations. There is a warm personal friendship between Mr. Harvey and Ambassador Fletcher and it so happens also that the secretary of state esteems the diplomatic ability of Mr. Fletcher very highly too, so that the appointment to London would not come as a surprise.

REPORTS OF FRICTION
Ever since Ambassador Harvey has been in London, there have been reports of recurring friction between him and the government at Washington, but nothing has ever come to the surface of which a rumor of severance of relations would seem to be justified. It is known, however, that Mr. Harvey has not felt that the world court need be tied up to the league of nations and his whole background has been closer to the so-called "irreconcilables" than the viewpoint now taken by President Harding.

TALKED ON LEAGUE
When Ambassador Harvey went to London, almost his first utterance was a warning to Europe that the United States would not join the league of nations directly or indirectly and would have nothing to do directly or indirectly with any commission or organization created by the league. President Harding did not see this speech in advance and it was felt at the time that Mr. Harvey may have interpreted the president's position with too much restriction on future freedom of action. Since then the president has publicly announced his willingness to have America enter a world court tied up to the league of nations. This refutes the Harvey prediction.

While Mr. Harvey went to London as a confirmed "irreconcilable", Mr. Harding has turned somewhat from the extreme wing of the party and taken a middle ground on foreign affairs. Mr. Harvey is represented as believing some one else should handle the interpretation of American policy abroad under such circumstances. There have been denials and probably will be more before a resignation is announced but the discussion of a successor which has been going on in well informed circles takes it for granted that George Harvey will shortly say goodbye to London and the court of St. James.

MEXICAN BLAST IS
PLOT AGAINST PEACE

Mexico City, Mex.—President Obregon said Saturday that he considered Friday's bombing which damaged the office of a Mexican attorney in the building that houses the United States consulate general was an effort to hinder the government in its recognition negotiations with the United States.

"What could it be but a profound displeasure?" he says. "I believe it concerns a maneuver against the government to hinder us in reaching a good understanding with the United States."

After 24 hours of investigation the municipal police and federal secret service agents Saturday had found no clew warranting an arrest in connection with the explosion.

DRY OFFICIALS DECIDE TO
GIVE WAUSAU ONCE-OVER

By Associated Press
Wausau, Wis.—Federal and state prohibition officials have decided to stay a while in Wausau and Marathon and adjoining counties. The first fruits of their activities came to light Friday afternoon when Carl Ohm, who conducts a soft drink parlor at Edgar, was brought into court and fined \$200 and costs for having moonshine on his premises.

Adolph Weber, town of Texas, also appeared and paid \$300 and costs. Officers claim he had a still on his premises.

State Mourns
At Funeral Of
Fire Victims

By Associated Press

Camden, S. C.—The disaster stricken community of the Cleveland school house near here, where 73 persons perished Thursday night in a fire which destroyed the structure, during the holding of commencement exercises, was burying the last of its dead Saturday. Hardly a family in the community escaped the loss of a member and in several instances entire families were wiped out in the tragedy. All but eleven of the victims were buried in one grave late yesterday in the Bush Methodist church yard within near view of the school house ruins in which they met death. Only three of the 62 men, women and children who shared the same grave have been identified, the others having been burned beyond recognition. Three thousand persons, among them Governor McLeod of South Carolina, attended the open air burial services, held as the sun went down on the scene of the tragedy.

The burning of the school house was caused by the falling of a lamp overhauling stage on which members of the graduating class were giving a play for the audience of about 300 men, women and children.

Kershaw-co officials have announced that there will be no inquest, the cause of the disaster having been definitely established by eye witnesses. In denying reports that the school house had been condemned, Alan B. Murchison, county superintendent of education stated that the building was built only 15 years ago.

COUNTIES NOW CAN
REGULATE DANCES

Senate Passes Bill Giving Broad Powers To County Boards

Madison—The Ridgway bill giving county boards authority to regulate dance halls and public places of amusement went to Governor Blaine Saturday after the senate concurred in a minor amendment added by the assembly. Broad powers are allowed the counties in inspecting and licensing amusement places. Added forest fire protection in Wisconsin is provided by the Blomberg bill establishing fire districts in the forest counties of the state, which was sent to a third reading. A number of minor game bills were disposed of by the upper house.

The Spoor bill repealing the law requiring anti-nuptial physical examinations struck another snag Saturday when the assembly declined to concur in the senate amendment to the measure. The amendment would require that all persons applying for marriage licenses shall take an affidavit to the effect that they are free from venereal diseases. The measure will now go to a conference committee.

SURPLUS CAUSE OF
SLUMP IN BUTTER

Chicago—Under the weight of increasing supplies, the butter market closed this week more unsettled although at the opening of the week indicated a firm market. Trading was hardly well started when it became apparent that stocks would not be cleaned up at the current level of prices. The remainder of the week found the market in the buyers' favor. Confidence was generally lacking and as a result speculative demand lagged.

Surplus on the large markets was generally regarded as the cause of the week's unsettled ending. The source of the surplus was a rapid increase in production without a corresponding increase in consumptive demand.

The week was marked by a tendency of prices on different scores to spread out due to the larger percentage of undergrade butter. Spring defects were more prominent in the receipts on all markets.

EXCAVATORS FIND RELICS
OF ANCIENT INDIAN TRIBE

By Associated Press
Aitkin, Minn.—Workmen excavating for a summer resort building at Fort Portage, uncovered what is believed to be remains of Indian warriors. As nearly as could be ascertained, there were bones of eight skeletons found, with many spear and arrow heads and knives of knife, beaten to an edge, according to officials of Aitkin-co.

24 Thoroughbreds Ready
To Start In Great Derby

By Associated Press
Louisville, Ky.—An imposing array of 3-year-old thoroughbreds was ready to start late Saturday afternoon at Churchill Downs in the forty-ninth renewal of the historic Kentucky Derby. A score and four overnight entries, twenty divided between the east and west, were carried to the starting post preliminary to the trying test of speed and spirit over the mile and a quarter distance for a total gross money value prize of \$55,525, as it stood before the starters were rounded. In addition a gold plate valued at \$5,000 goes to the winning owner. Each withdrawal subtracts \$500 from the prize.

The hope of the east rides on enchantment, one of the five eligibles in the Whitney entry, in which conditions from the Harry Payne Whitney and Green Tree stables are coupled.

The west is relying upon Frederick Johnson's Nassou.

'Pony Express'
To Be Revived
On Authors Day

By Associated Press
St. Joseph, Mo.—Arrangements virtually have been completed it was announced here Saturday for a revival of the "pony express" as part of the celebrations planned throughout the state in commemoration of Bret Harte and Mark Twain and coincident with the seventy-fifth anniversary of the discovery of gold in California.

As in the sixties when "Buffalo Bill" and "Pony" Bob Haslem spurred their mustangs in the hazardous relay between St. Joseph and San Francisco riders will attempt to make the journey in eight days.

President Harding will give a telegraphic signal from Washington which will start two men on the first leg of the relay, August 5. They will post hard westward, perhaps change mounts twice and yield to other riders en route toward the Pacific coast. Close attention has been paid every detail in order to reproduce the once famous "pony express."

MANITOWOC WILL HAVE
MILLION DOLLAR PLANT

Manitowoc—A million-dollar plant which will be built by the Newaygo Cement Co., has been assured Manitowoc by the awarding of the contract to dredge a 21 foot channel up river here. The building of the cement plant is expected to be finished before July 1, 1924.

The plant will have a capacity of 3,000 barrels of cement a day. It is said the Manitowoc Shipbuilding corporation will build the special machinery needed by the cement plant, a contract which will amount to \$500,000.

U. S. HONOR MEDAL GIVEN
TO ROMANIAN "UNKNOWN"

By Associated Press
Washington—The medal of honor, the highest recognition which can be given by the United States for military valor, was presented by the American minister, acting on behalf of the president and in the name of the congress of the United States, on the occasion of the official ceremony for the burial of the unknown Romanian soldier at Bucharest on May 17. The medal was presented, the state department announced, with a suitable citation.

BORAH SWINGS
AXE ON WORLD
COURT POLICY

Bitter-ender Says Harding Is
Coaxing U. S. Into World
League

St. Louis, Mo.—The proposal of President Harding for the United States to become a member of the court of international justice was condemned as a scheme to coax this country into the League of Nations by Senator W. E. Borah of Idaho, in an address here Friday night.

Senator Borah insists that the world court is an integral part of the League of Nations, that the league is its foundation, that the proposal for the United States to enter it is for no other reason than to get the country into the league to bear the league's financial burdens.

"I cannot understand the argument of those who say that we should go in to a part of the league of nations and stay out of the rest of it," he asserted. Prediction that President Harding will be nominated by acclamation by the Republican National Convention but upon an eight-point platform made by the senator, who intimated that the international court proposal would be an issue in framing the Republican platform for the 1924 presidential election.

"If anybody thinks that he can win in 1924 by uprooting a system of foreign policy as old as the government itself, let him get upon a political platform and try to carry the election," Borah continued.

Borah denounced the French invasion of the Ruhr Valley as "sowing the seeds of another world war," declared the invasion was intended not to collect reparations but to dismember Germany and pictured Premier Poincare of France as "a menace to the peace of the world."

TRUCK DRAGGED BY
TRAIN; TWO HURT

Dragged about 100 feet by 4:32 southbound passenger train at the Olvest crossing at Neenah, Friday, Frank LeRoy of Neenah, and Ray Mackin of Menasha, were flung out of the Nash truck owned by the Elm Paper & Box Co., LeRoy suffering a broken nose and nearly having his left leg broken off, but Mackin escaped with minor injuries. LeRoy was conveyed to Theda Clark hospital where he was to be examined for internal injuries. Both men were employees of the paper company.

PAPERS PRAISE LAW FOR
HIS DEVOTION TO DUTY

By Associated Press
London—The press evidently respects Prime Minister Bonar Law's desire that a complete silence be maintained as to the nature of his malady until he himself makes a statement. The newspapers say practically nothing about his illness, but editorially they voice the nation's admiration for the premier's strong sense of public duty which under the painful circumstances alone could have fortified him to carry on his difficult task.

LAW WILL BE IN CARE OF
GREAT CITY SPECIALIST

By Associated Press
London—Prime Minister Bonar Law, who has been on a voyage for his health, arrived in London Saturday afternoon from Paris. He looked tired and ill and failed to respond to the cheers of the crowd at the station. He did not go to his Downing Street residence but instead was taken to a private house where he will receive treatment under Sir Thomas Horder, noted specialist.

CONFER ON SERET MEET OF
BOARD TO OUST PRESIDENT

Lansing, Mich.—Governor Alex. J. Cushman and President David Friday of the Michigan Agricultural College are to confer early next week over the situation arising from the reported action, at a secret meeting of the board of the school in seeking President Friday's resignation. President Friday said he did not take the reported action of the board seriously. Members of the board refused to confirm or deny the reports.

SCHUMAN-HEINK MAY
VISIT IN APPLETON

A large number of Appleton people attended the concert given by Mrs. Ernestine Schuman-Heink at the armory at Green Bay on Friday evening. On her way to Green Bay from Stevens Point on Friday the noted singer stopped in Appleton to call on friends, one of whom was Mrs. Charles Baldwin. It is understood that Mrs. Schuman-Heink is making plans to spend several days with friends in Appleton during June.

BANDITS' DEMANDS
TOO EXTRAVAGANT

Chinese May Abandon Negotiations With Leaders Of Outlaws

By Associated Press
Peking—Telegrams to the Chinese from Tsao-chwang, near which fifteen foreign captives are held by the mountain outlaws of Shantung, indicates that the government representatives are on the point of abandoning negotiations for the release of the hostages because of the bandits' extravagant demands.

The latest such terms were that troops be withdrawn from the entire province of Shantung, the bandits to constitute the provincial military force. It is intimated that Wu Yu-Lin, minister of communication who has been in charge of the governmental parties, will be recalled to Peking.

NEW ULTIMATUM

London—Marcel Berube, recently released by the Suchoy train bandits, is journeying to Peking to present an ultimatum to the Chinese government on behalf of the bandits, says a Reuter dispatch from Tsao-chwang. The ultimatum, according to the dispatch, is that the government troops besieging the bandits be withdrawn by next Tuesday, failing which two of the Anglo-American captives will be killed.

SOLDIERS IN MUTINY

Washington—A situation threatening defection among the government troops sent in pursuit of the bandit force in Shantung province, China, was reported today in state department advices. It was said that the soldiers had not been paid for eighteen months and were reported to be replenishing their pockets by selling ammunition to the bandits.

800 POUNDS FALLS
ON BOY; ANKLE HURT

An injured ankle and a bruised hip are the only bad effects which Clarence Trentlage, 12-year-old son of Mr. and Mrs. Herman Trentlage, 1072 De Forest-ave seems to have suffered when an 800-pound tractor wheel fell on him at the August Brandt Co. garage at 11 o'clock Saturday morning. The wheel knocked the boy down in such a position that only his ankle and hip were injured. It is feared the ankle is fractured.

Clarence and his pal, Franklin Post, wandered into the garage but the workmen made no attempt to send them away because they thought they were with people in an automobile that had just arrived. The tractor wheel was standing against the wall and apparently the boy brushed against it, causing it to fall. No one saw the accident.

Workmen removed the wheel from the boy and he was taken to the office of a doctor.

DE BAUFER COMPANY
BUYS MORRISON-ST LOT

DeBaufre Oil company closed a deal Friday with Otto Wickert for the vacant property on Morrison-st between Washington and Johnson-sts immediately west of the new building of the DeBaufre company. The property has a frontage of 123 feet on Morrison-st and 67 feet on Johnson-st. The consideration was private.

H. A. DeBaufre, head of the company, has not announced his plans concerning use of the property.

GIVES MOTORCYCLE GAS
AND IT KEELS OVER

Arthur Niles of Neenah, was seriously injured when his motorcycle turned turtle at North Park-ave and Wisconsin-ave, Neenah, Friday evening, while his companion, Cecil Meyer, who occupied the side car, escaped uninjured. In trying to put on more gas as the motorcycle slowed up on the railroad tracks, Niles voluntarily caused the vehicle to bound forward and turn turtle twice.

CHANGE OF JUDGES IN
TABERT MURDER TRIAL

By Associated Press
Tallahassee, Fla.—Governor Harold Saturday assigned Judge A. C. Campbell of the first judicial circuit to preside over the trial at Cross City of Walter Higgenbotham, charged with murder in connection with the death of Martin Tabert of North Dakota. Judge Campbell was named to take the place of Judge Mallory Horne, disqualified by the defense yesterday.

Yank Golfers
Beat British
To Keep Cup

By Associated Press

St. Andrews, Scotland—The American amateur golf team retained possession of the Walker cup by defeating the British team in the two day tournament ending Saturday, six matches to five with one halved. The cup was won on the thirty-fifth green of the twelfth match when Dr. O. F. Willing of Portland, Ore., playing W. A. Murray of the British team, sank a three yard putt to win his match two and one. The Americans after winning only one of the four two-hole bursts played Friday, came through in the individual matches Saturday with five victories to the Britishers' two. One match, that between Francis Outmet and Roger Wethered resulted in a tie, the players being all square at the thirty-sixth hole. Outmet sank a three yard putt to win the quarter symple to win the thirty-sixth hole and square his match with Wethered.

TAX BILLS' DEFEAT
BALKS PASSAGE OF
HIGHWAY MEASURES

Two Cent Gas Tax Compromise Has Fair Chance, Leaders Say

Madison—Highway legislation faces a deadlock as a result of the senate action against the two highway committee road tax bills, both of which were killed by the senate majority at Friday's session, leaders of the legislature say. They express the opinion that none of the measures now pending will be able to get through the two houses and be signed by the governor.

The senate, composed largely of city men, voted to kill a gasoline tax bill largely on the ground that it provided an unfair distribution of revenue by turning the tax back to counties to be used on rural roads. Success is seen by some members in the upper house for the Polakowski bill imposed by the league of municipalities on the county highway association. This measure raises \$10,000,000 through a combined gasoline tax, a moderate weight tax and a privilege tax.

Assembly leaders are of the opinion that due to the large number of farmer members the Polakowski bill will be largely on the ground that it provided an unfair distribution of revenue by turning the tax back to counties to be used on rural roads. Success is seen by some members in the upper house for the Polakowski bill imposed by the league of municipalities on the county highway association. This measure raises \$10,000,000 through a combined gasoline tax, a moderate weight tax and a privilege tax.

Should the Polakowski bill be killed the Caldwell bill providing for a gasoline tax, a 2 per cent highway privilege tax and the present \$10 license fee, will remain for consideration. This is now spoken of as a compromise proposal. Whether this bill can pass will depend upon the assembly attitude, members say.

FREEHOFF LAW FORBIDS
FAKE CREAMERY LABELS

Madison—The use of dairy names in connection with imitation dairy products is prohibited from now on in Wisconsin as the result of Governor Pinney's signature of the Freehoff bill aimed at firms selling imitation butter in the state.

Under provisions of the new law, sponsored by Assemblyman William A. Freehoff, Waukesha county, "no firm or corporation shall use in any way in connection with the sale or distribution of any dairy product, the name of any dairy, or any other words or symbols or combinations thereof commonly used in the sale of butter."

TWO SHILOH COLONISTS
LANGUISHING IN JAIL

St. Joseph, Mich.—The grand jury investigating charges of immorality in the house of David cult, was in a recess over the weekend Saturday, the fourth week of its endeavor closing with two members of the cult in jail for refusal to answer questions propounded by Judge Harry Dingsman, the one man grand jury, regarding the mysterious disappearance of Eldridge Smith Moore, wanted as a grand jury witness. The two in confinement are James Moore, 45-year-old stone-mason-husband of the young girl, and Mrs. Elizabeth Julia Stroupe Kowe, another sect member.

Lone Clerk Escapes After Robbing Bank And Leading Him Along Track

SAFE COMBINATION FAILS

Crime Similar To One Committed Six Months Ago When Schmidt Was Agent

The ticket office of the Northwestern passenger station on North-st is a vulnerable spot for holdups. It was proven again early Saturday morning in a robbery which occurred there almost precisely in the manner of the robbery on Nov. 29 of last year, when Elmer Schmidt, night ticket agent, was held up and more than \$500 stolen from the safe.

This time, however, the ticket agent was the loser, and the safe of the Chicago and Northwestern Railway company remained unopened, thanks to the nervous fingers of J. C. Zeller, agent, who could not open the safe door for the masked bandit. At 2:45 in the morning, practically the same time as the robbery last Thanksgiving day, Agent Zeller was startled by the shattering of the ticket window. As he looked in that direction he saw a hand holding a piece of iron which broke the window.

FORCED ENTRANCE
A blue steel revolver was thrust through the service window and a voice commanded Zeller, as another voice had once commanded Schmidt, to open the door, according to information gathered by the police. After the agent had admitted the bandit, he was directed to open the safe.

The murderous looking blue revolver was like a sharp sword suspended over his head by a thread. Under these circumstances, the ticket agent succeeded in failing to open the inner door of the safe. Although the agent had admitted the bandit, he worked for at least 15 minutes at the combination, it refused to respond to his efforts. The safe contained about \$600.

Convinced perhaps of the futility of attempting to open the safe door, or fearing the peril of delay, the masked bandit ordered the agent to part with his own valuables, which consisted of a pocketbook containing about \$10.

IN FORCED MARCH

Zeller was then marched out of the station and along the railroad track so hurried about by the man that the robber to escape before Zeller had a chance to telephone. When the agent saw that the man had disappeared, he went into a nearby restaurant and notified the police.

Detective John Duval and Officer Albin Degen were sent to the scene of the robbery by Sergeant James Moore to gather the description of the bandit. Later Detective Matthew McGinnis also was placed at work on the case.

The description, as gathered by the police, is that the man was of a slender build, about 5 feet 11 inches tall, wearing a dark suit and probably a dark hat. The blue handkerchief masked concealed the man's entire features and his shirt and neckwear. The man spoke in a low, disguised tone. The robber, as far as is known, at present, was unobserved by others. Whether he is the man that committed Schmidt six months ago is difficult to state. If it is the same man, he has escaped detection twice.

Zeller, has only recently been employed at the station. His home is at Oshkosh.

MOTOR COP OPENS
DRIVE ON SPEEDERS

Sixty-one miles an hour is too fast driving for the safety of human life and property, in the opinion of Wilbur Bogan, county motorcycle officer, who on Friday opened his campaign against fast and reckless driving.

A. E. Austin is the name given by the man who is charged with driving at the rate of a mile a minute. He fell into the meshes of the county "Speedcop" on the Hortenville-rd, Friday. Joseph Ullman was apprehended the same day for driving at 40 miles an hour in Greenville. Neither of the men has as yet appeared in court.

ONE LONELY DOLLAR WORTH
MORE THAN 50,000 MARKS

New York—German marks fell to a new low figure in the foreign exchange market here Saturday, being quoted at .0019575 cent a piece or more than 50,000 for \$1. Today's figure was a new low for all time, the lowest figure previously quoted being .002025 cent early this year.

SEND 20,000 MORE TROOPS
TO RUHR AS RAILWAY GUARD

Paris—The army of occupation in the Ruhr is to be reinforced by another 15,000 or 20,000 men says Le Matin. It has been decided, the newspaper asserts, to proceed to a still more complete exploitation of the occupied territory and consequently the railroads must be closely guarded to prevent the escape of coke and coal.

AD MEN WILL GO TO SHEBOYGAN FOR MEETING TUESDAY

F. C. Moyle To Speak at Session Of Northwestern Association

A large delegation of members of Appleton Advertising club will attend the meeting of the Northwestern Wisconsin Advertising Association at Sheboygan on Tuesday. It is expected that 15 members will make the trip from here by automobile. Sessions of the association, a luncheon and a banquet will be held in the association of commerce rooms on the sixth and seventh floors of the National Security building.

Ray Arnold of Critchfield and Company Advertising and Merchandising agency of Chicago, A. J. Lutterbach, controller of the Pacific company in Milwaukee and Norton J. Williams of the Democrat Printing company of Madison will be the principal speakers. F. J. Moyle of Appleton will make the response to C. F. Pratt's address of welcome at the banquet in the evening.

The directors meeting will take place at 11 o'clock Tuesday morning and will be followed by the luncheon. Mr. Williams' address on "Successful Direct Mail" will open the afternoon session at 1:30. Round table discussions of retail, direct mail, newspaper and outdoor advertising and selling problems will take the remainder of the afternoon.

C. F. Pratt, secretary of the Sheboygan Association of Commerce will preside at the banquet in the evening. Mr. Lutterbach's subject will be "Budgeting Sales and Advertising," while Mr. Arnold's will be "What Makes a Successful Advertiser?"

ON THE SCREEN

FAMOUS YUKON TALE NEW JONES PICTURE

The latest William Fox production starring Charles Jones is "Snowdrift," shown at the Elite theatre Sunday only. This story by James B. Hendryx, is an adventurous tale of the great Northwest and is filled with exciting action along the Mackenzie River.

The author is well known for his romantic tales of the land of the strong cold, including "The Promise," "The Gold Girl," "The Green Brand," and "Comie Morgan in Alaska." The supporting cast includes Irene Rich, Dorothy Manners, G. Raymond Nye, Colin Chase, Evelyn Selbie, Lolo Encinos and Lee Shumway.

RURAL CLASSIC IS NOW PHOTO-PLAY

One of the most widely heralded of this season's photoplays is announced as coming on Monday, Tuesday and Wednesday to the Elite theatre. It is "Quincy Adams Sawyer," a Metro-SL picture based on the famous story of New England life which was a phenomenal "best seller" when it appeared a decade or so ago. So great was the popularity of the printed narrative by Charles Felton Pidgin that it was dramatized, and in this form it won more favor. The elaborate photoplay version is even more interesting than the book or the play.

Everybody knows the story of "Quincy Adams Sawyer." Everybody knows and loves its quaint rustic characters. The story of the young lawyer from Boston, Quincy Adams Sawyer, his coming to the small town of Mason's Corner, his experiences in running down a dishonest scoundrel, his great love affair—all this is part of the attractive story which is now a screen play. The delightful rural characters are fun-provoking to the extreme, and the fresh, clean, humor will appeal to all lovers of better photoplays.

A lavish production has been given this famous story. To enact the roles in the picture, the entire motion picture industry was searched for its best material. As a result, one of the highest priced assemblages of talent is seen, and in the list are players who have been starred in their own right. Among the more important are Blanche Sweet, Lon Chaney, Barbara La Marr, John Bowers, Elmo Lincoln, Louise Fazenda, June Elvidge, Hank Mann, Zazu Pitts and many others.

"Quincy Adams Sawyer," was adapted from the novel by Bernard McConville. It was directed by Clarence B. Butler. The production was made by S.L. (Arthur Sawyer-Herbert Lubin) and is released by Metro.

Mills More Willing To Accept Lumber Orders

The wholesale lumber trade continues to be comparatively slow, though the volume of retail sales remains heavy and activity in most lumber consuming industries is great, says the American Lumberman, Chicago. The reason is that retailers and factories bought very heavily during the early part of the year and, having received their lumber, are as fully stocked as they care to be at this time. The lumber market consequently is a trifle easier, but shows no signs of weakness anywhere. The easiness is shown largely in the willingness of mills to accept new orders more freely than they have done for some time. These orders are taken on as previously established prices, concessions being offered only on items in surplus, and such are few. Nor are the mills exerting any pressure for business, as their order files are still bulky, their stocks unimproved and prospects reassuring. Supplies in consumers' hands are being used up so rapidly that it is only a matter of a short time before they must be replenished.

GRAVES FUND TOTAL HAS REACHED \$261

Legion Expresses Its Gratitude To Public For Its Contributions

Appleton virtually is leading all Wisconsin cities in the amount of its contributions to the graves decoration fund of the American legion. Late gifts have raised the total to \$261 to be used for overseas decoration on Memorial day and for local purposes. Contributors whose gifts were not acknowledged previously are E. A. Peterson and the Palace candy store.

Local veterans of the World War are grateful to the public for its response to the Post-Crescent's campaign. Appreciation is expressed in the statement of Henry J. Petugrew, commander of Oney Johnston post of the legion. He says:

"Oney Johnston post of the American legion, through its officers, desires to express its sincere thanks to all those who as contributors to the legion endowment fund for decoration of overseas soldiers' graves have placed their undying loyalty to the memory of the 32,000 American heroes who rest forever overseas. The donations have helped make it possible to decorate these graves when we, their comrades, and you, the donors, have passed away."

The fund will be held open at the Post-Crescent office until Monday morning for gifts of any who desire to increase the total.

DIGGERS FIND CISTERN BUILT 50 YEARS AGO

While excavating for the addition to be built to the rear of the former Lohman building on Appleton-st. now owned by Bretschneider Furnishing company, workmen Friday came upon an old wooden cistern that had been buried for more than fifty years. It was built of white pine and with the exception of the upper part was in a good state of preservation. It was partially filled with water.

It Looked Like Bad Blaze But Was Harmless

What from a distance appeared to be a great fire that was consuming the Interlake Paper company plant Friday at midnight, turned out to be only a chimney fire on a somewhat larger scale than persons are accustomed to see.

Wild flames escaping from the top of the Interlake plant's huge chimney and from below prompted the night watchman to sound an alarm for the fire department. The force of a strong draft, however, caused gathering soot to burn violently. No damage was caused.

ROGERS RETAINED BY STATE CHURCH EDUCATION BODY

State Sunday School Secretary Becomes Executive Of. New Association

Wisconsin Christian Education Council, organized recently at Ripon, will have as its executive secretary J. B. Rogers, formerly secretary of Wisconsin International Sunday School association. At a meeting at Oshkosh Thursday, attended by the Rev. E. W. Wright, state recording secretary, organization of the council was completed with engagement of Mr. Rogers. The executive resigned as secretary of the old organization in order to have the opportunity to engage any person of their choice. General satisfaction with the work of Mr. Rogers caused his engagement by unanimous choice.

The need of weekday religious instruction was a prominent consideration at the meeting of the executive committee. The members feel that the time has come for a general movement all over the state, to follow the lead of Appleton, Ripon, Waupun, Janesville and other places which have adopted weekday religious program. A committee to be known as the educational committee was appointed to take up the problem. According to the council the committee probably will recommend the employment of another field officer who will devote entire time to adding communities in starting weekday religious schools. As urgent requests for aid along such lines are continually reaching the council definite action in the matter must be taken, the committee decided. However, action depends on financial backing for such a worker it is said. The council is hoping for increased contributions in case the new work begins.

Mrs. Mary Bryner, for years connected with the national organizations as a convention leader has been engaged for the next two months to assist in county conferences of Sunday school workers. Owing to the success of the older boys' and girls' state conferences a committee was appointed to study the whole matter with a view of extending the activities of this department.

Sermon Topics

The Rev. D. L. McBride, state superintendent of the Anti-Saloon league, and Attorney H. B. Hicks and the Rev. J. P. Koeller, also of the Anti-Saloon league, will occupy four of the pulpits of local churches Sunday. The sermons to be delivered to boys and girls by the Rev. C. W. Cross at the Congregational church promises to be of special interest.

Sermon subjects:
Memorial Presbyterian—Morning worship, 11 o'clock, speaker, Attorney H. B. Hicks of the Anti-Saloon league. Evening worship, 7:30, sermon by the pastor, "The Enemies of Christ."
Trinity English Evangelical Lutheran—Morning worship 10:30, sermon subject, "Conserving the Child."

Police Want Arterial Street System As Safeguard To Public

WHILE others may see a great value in arterial highways because of the time saved in through traffic on a right of way, Chief George T. Prim has been an ardent supporter of the system on the ground that it reduces accidents and protects human life.

"While in Milwaukee this week to attend a federal court case," he began in answer to an inquiry as to his views on an arterial highway system, "I could not help noticing what a fine thing it was to drive along on one of the main thoroughfares without fear of accident. Milwaukee people are, as a whole, educated to the value of arterial streets and live up to it.

"One might think that this feeling of security would encourage every driver to break the speed laws on arterial roads. This is not the case, however. It is the present impractical system that induces speeding. Because the driver loses time at every street intersection he is encouraged to speed within the block between crossings in order to make it up. But

NORTHERN LOBBY TO BE REMODELED

Hotel Will Provide New Entrance And Enlarge Public Quarters

Improvements costing several thousand dollars are to be made to Hotel Northern by its owner, John A. Brill. The most important change will be that of the main entrance which hereafter will be on Washington instead of Appleton-st. A vestibule will be added.

The Appleton-st entrance is to be replaced with a plate glass window above which will be prism glass. This glass is to be extended the entire width of the present windows, or the width of the lobby. The lavatory is to be moved to the basement, the partition of the present room taken out and the office moved back even with the north wall of the lobby.

The writing room will occupy part of the lobby and the present room used as such will be made into a ladies' parlor. The entrance to the dining room is to be widened by the removal of partitions, and swinging doors are to be added.

Practically the entire first floor is to be covered with linoleum. The walls redecorated, and new fixtures, furniture and pictures added. The general contract for making the improvements has been awarded to Earl F. Miller.

CLASS WILL OMIT FORMER CUSTOMS

Alumni Of College Object To Extreme Policy Of 1923 Seniors

Alumni of Lawrence college who live in Appleton have become somewhat aroused by the disregard which the present graduating class is showing for the traditions of commencement which have enriched the memories of commencement time for hundreds of graduates. The fact that the class of 1923 voted at a recent meeting to discontinue the custom of "senior chapel" at which the members of the class appear in their caps and gowns for the first time is causing much comment by the alumni.

There will probably be no action on the part of the alumni to make the present class carry on traditions which are dear to the "old grads," but members of former classes are considerably worked up over the seniors' attitude. The alumni also disapprove of the fact that the class is leaving no memorial gift.

"Senior chapel has meant so much to us all," said one comparatively recent graduate. "I had no idea the class decided whether to have it. When we were in school it was a part of the procedure and it came around just like Sunday. Western colleges have so few traditions to hand down from year to year that it is a shame to rob the future classes of the few that have been established for years."

BUILDING AHEAD OF 1922 RECORD

April building contracts in Wisconsin amounted to \$9,344,000, according to F. W. Dodge corporation. This was an increase of 9 per cent over the March figure, although it was 4 per cent less than the amount for April of last year. On construction started from Jan. 1 to May 1, Wisconsin has been running 11 per cent ahead of last year's record.

Last month's figures included: \$3,506,400, or 37 per cent, for public works and utilities; \$2,165,200, or 23 per cent for residential buildings; \$1,333,600, or 14 per cent, for business buildings; and \$1,118,000, or 12 per cent for educational buildings.

KIDS HAVE NIGHT OF LAUGHS AT 'Y' 'WEDDING' PARTY

Mayor Harold Finger Is Principal In Burlesque Ceremony In "Gym"

The Y. M. C. A. gymnasium was the scene of a pretty wedding Friday evening when "Miss Amelia Polymorpha" and Mayor Harold A. Finger solemnly agreed to "love, honor and obey." The Rev. E. Tysum Tye tied the knot amid the suppressed snickers and giggles of about 150 guests. The affair was capably handled by members of the Reliable party working under the inspiration of their campaign slogan, "Make every boy in Appleton know, like, and love Y."

The bride was dressed in blue and wore a small picture hat. She carried a large bouquet of dandelions. The bridesmaid was gowned in dark blue silk and wore a feather bow about her neck. She also wore a daintily trimmed hat. The mayor and the bridegroom wore the conventional attire.

AFFAIR DELAYED

The wedding was delayed for a few minutes by the non-appearance of the principal characters and during the interim an exhibition of camp life at Camp Manitowish was put on by former campers. Leonard Hendrickson, who is to head the Appleton cherry pickers at Camp Goff this year, gave a short talk on the camp at Sturgeon Bay.

Shortly after 8 o'clock the coming of the bride was announced and the strains of the strains of the wedding march led by the minister slowly marched into the "gym." The pianist almost caused a catastrophe when he drifted off into "Just Before the Battle, Mother," but after a few bars of that sorrowful melody he resumed the measured step of the march and the break was scarcely noticed.

Slowly and solemnly, his voice sounding distinct in the awed and breathless silence of the guests, the minister read the ceremony. Many expected a delay when it came time for the ring ceremony but with graceful dignity the mayor abstracted from the recesses of his trouser pocket a huge doughnut which he gravely slipped on the bride's dainty finger.

"FATHER" PROTESTS

Just at this point a sudden commotion at the door interrupted the service. An elderly man, carrying an umbrella and a big suitcase, rushed into the open door and through the startled crowd to the altar. He seized the bride and attempted to drag her away but was restrained by the minister who informed him that he was too late: the knot was tied. The old gentleman fainted and fell to the floor. He recovered in a short while and decided to make the best of it, giving the couple his blessing.

Immediately following the ceremony the bride began showering the guests with kisses—candy ones—from a safe distance high up on the balcony. A merry scramble for the kisses, candy lars and peanuts then ensued. Telegrams of congratulations and congratulations were read from Ex-mayor William Hale Thompson of Chicago, Senator R. M. La Follette, President Harding, Kaiser Bill and his Frau and several from the mayors of surrounding villages.

The costumes of the bride and bridesmaid were so cleverly gotten up that only a very few guests noticed that the ladies were not honest-to-goodness "flappers." Robert Matz took the part of the bride and Harry Vaughn that of bridesmaid.

CLUB MEETINGS

Tau Kappa Alpha, honorary forensic fraternity, will initiate several Lawrence college men in the French room of Conway hotel at 5:30 Saturday afternoon. The initiation will be followed by election of officers and the alumni banquet.

The new officers of the C. C. club were entertained at a backward party Friday evening at the homes of five members of the club. An initiation service took place at each home. The next meeting will be held on Tuesday evening at the home of Miss Alma Sievert, 1014 Atlantic-st.

WEDDINGS

The wedding of Miss Selma Luebke and Arthur H. Kollath, both of Appleton took place at Mount Olive church at 2:30 Saturday afternoon. The Rev. E. B. Ziesemer performed the ceremony. The attendants were the Misses Selma Wollphel and Esther Luebke of Appleton and William Kollath and Irving Kollath, brothers of the bridegroom.

After the ceremony the bridal party went to Freedom where a wedding supper was served to 100 guests at the home of the bride's parents.

Mr. and Mrs. Kollath will make their home at 810 North Division-st.

WHAT IS GOING ON TODAY?

Junior recital, 2:30, Peabody hall, pupils from Marian Waterman and Irma Sherman studios.

Tau Kappa Alpha, 5:30. French room of Conway hotel, initiation and banquet.

Appleton high school senior play, 8:20, Appleton theatre, "A Pair of Sixes."

Epworth League, 9 o'clock and 1:30. Methodist church, annual district convention.

Mr. and Mrs. James Trunty of Shiocton were among the guests at the dinner dance given by the Knights of Columbus at Conway hotel on Thursday evening.

Pianist Is Praised By City Press

Miss Gladys Yves Brainard Draws Admiration In Chicago Concert

The Chicago critics without exception heralded Gladys Yves Brainard as a pianist with great possibilities after her program at the Playhouse in Chicago Sunday. Miss Brainard returned to Appleton on Friday evening after spending the week with friends in Chicago and Milwaukee.

Every Chicago paper carried a critic's note on Miss Brainard's appearance. Carleton Hackett of the Evening Post commented on her fine sense of proportion for broad outlines and decorative details, while Hermann DeVries of the American said it was evident that Miss Brainard's mental qualities matched her technical equipment. He said "Miss Brainard's style is noble, her tone is beautiful, she has personality and is altogether an interesting musician." Both Edward Moore of the Chicago Tribune and Rosenfeld of Chicago Daily News remarked about the great interpretive powers of the pianist. Stinson of the Journal, the youngest critic in Chicago, who is noted for being somewhat wordy, commented on her mellow and flowing tone, which he said was produced with great intelligence.

The program which Miss Brainard played in Chicago was the same as the one she played for a few of her friends at Peabody hall on the Friday preceding her Chicago concert. Appleton music lovers received it enthusiastically and predicted Miss Brainard's success in Chicago. Her programs have always received much favor here.

While in Milwaukee, Miss Brainard heard much of the ability of Miss Mildred Bunnell, one of her pupils, who was awarded the Arthur Schnelbuck prize recently. Miss Bunnell played with 18 Milwaukee teachers and students and was one of three chosen for the final competition. She was then given first place. The young artists were known to the judges by number only. Georgia Hall Quick, Ralph Tillema and Adams Buchi were the judges. Miss Bunnell played the Liszt Fantasia and Fugue in G minor.

PARTIES

The dance which the Lawrence College Glee club gave for its friends at Elk hall on Friday evening was attended by more than 40 couples. The hall was decorated with Lawrence colors, blue and white. The small feature programs gave the literary of the club as the order of dances.

Columbian club has made arrangements for another party to be given at Columbia hall on Friday, May 25. Orville Sevenaders will furnish the music. The party has been planned especially for high school and college students since it is in the high school field day and the college May day.

Mrs. Otto Zuehlke entertained 30 friends at her home at the county building on Friday afternoon at cards. Prizes went to Mrs. Clarence Latham, Mrs. A. Van Ooyen and Mrs. Otto Tilly.

Mr. and Mrs. Seymour Gmeiner entertained friends at their home, 427 Pacific on Friday evening. Five tables of bridge were in play. Prizes went to Mrs. Eric Lindberg, Mrs. L. J. Lazar, and Mrs. W. Meyer and Henry Schell, Roy Benkart and Arthur Schell.

Mrs. A. N. Trossen will be hostess to the Ladies auxiliary of the United Travelers at her home, 853 Spring-st. at 3 o'clock Monday afternoon. She will be assisted by Mrs. F. A. Clausen and Mrs. C. J. Rockstroh. Bridge will be played.

Mr. and Mrs. Louis Selig entertained friends at a dinner at their home, 855 Harrison-st., at 6 o'clock Friday evening in honor of Mr. and Mrs. Arthur Nickels, who were married two weeks ago. Mrs. Nickels was formerly Miss Ina Peotter of Appleton. Covers were laid for 14 at the dinner. The out-of-town guests included Mrs. George Frohman, Miss Elsie Nickels and Miss Ariene DeGuitre, all of Racine.

LODGE NEWS

The regular meeting of the Royal Neighbors will take place at 7:45 Monday evening in South Masonic hall. Routine business will be followed by a social hour.

AUDIENCE LIKES GLUE CLUB CANTATA

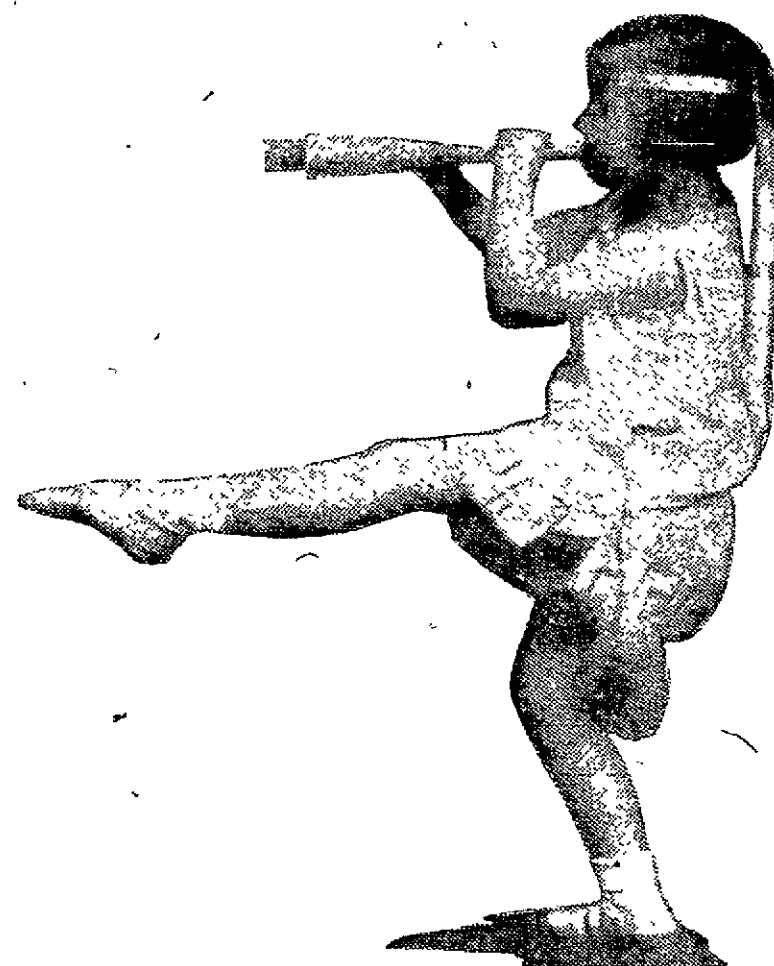

An appreciative audience witnessed the production of "In a Flower Garden" by Appleton Womens club glee club at Appleton high school on Friday evening. The singing and acting of the girls was well done and the stage settings and costumes afforded pretty effects.

The glee club has been working on this cantata practically all of the club year. The program was the biggest thing which the club has attempted.

60 GO TO MEETING OF KAUKAUNA EASTERN STAR

Sixty members of Fidelity chapter, Order of the Eastern Star, attended the meeting of the Kaukauna chapter at Kaukauna Friday evening. The Appleton officers conferred the degree on one candidate. Supper was served in the newly arranged lodge room in honor of the Appleton delegation's visit.

Interpretive Dance

CARRIE MORGAN IS REGENT OF D. A. R.

Mrs. Challoner Is Hostess To Chapter At Annual Election

Miss Carrie E. Morgan was elected regent of the Daughters of the American Revolution at the regular meeting of that organization at the home of Mrs. Ray Challoner, 824 Pearl-st., on Friday afternoon. Mrs. John Lonsdorf assisted Mrs. Challoner as hostess.

Other officers include: Mrs. B. D. Russell, first vice regent; Miss Myrtle Hart, second vice regent; Mrs. John Lonsdorf, recording secretary; Mrs. H. D. McChesney, corresponding secretary; Mrs. William Mason, treasurer; Mrs. George Ashman, registrar; Mrs. Alice Waters Jones, historian; Mrs. R. F. Shepherd, chaplain.

The board of directors will include Mrs. A. H. Krugmeier and Mrs. Howard Russell.

Dancers And Musicians To Be In Recital

Appleton theatre has been engaged for May 23 by Miss Mildred Hagerty, Green Bay, and Prof. F. H. Jebb, Appleton, for a joint recital of Miss Hagerty's classes interpretive dancing and Mr. Jebb's musical classes. Miss Hagerty has a class of about 20 young people in Appleton, all of whom will have a part in the program. In addition she will bring a number of her young people from Green Bay.

Miss Hagerty has conducted several interpretive dance programs in Green Bay before large crowds. There is considerable interest in that type of dancing here. It is said.

Matters concerning the state convention of the Wisconsin federation here June 16 will be discussed by branch No. 1, Aid Association for Lutherans, at its monthly meeting in the accounting room of the Insurance building at 7:30 Sunday evening. An attendance prize of \$5 is to be presented. About 1,000 persons are expected here both for the convention and to inspect the new office building of the association. The branch is arranging for their entertainment and for the program.

Members of the Lutheran Aid Bowling club plan to submit their names and those of their families to William C. Belling, custodian of the clubroom. Each then will be presented with a button which will identify him as a member of the club and entitle him to clubroom privileges.

All but 200 shares in the bowling association have been sold and a campaign is to be conducted to dispose of these.

Attorney J. L. Johns has returned from a several days trip to Milwaukee and Janesville. At Janesville he attended the annual convention of the Wisconsin Parent-Teachers association as delegate of the Parent-Teachers association of the First district.

George F. Fiedler of Seymour, chairman of the county board was a visitor at the court house Friday.

The Name "Restaurant"

Reminds some people of just a smoky place filled with the mingled odors of cooking and where cheap food is served and everything tastes alike.

Others imagine such a business as just a showy expensive place, where one spends a lot of money without getting much to eat in return.

THE YEAR-OLD BABY NEEDS A STROLLER

BABIES outgrow their carriages, just as they do their first baby dresses. A Lloyd Loom Stroller will make your baby more comfortable as he grows older. And you will find it much more convenient, because of its lighter weight.

Lloyd Loom Strollers are as finely made as are the famous Lloyd Loom Carriages. They, too, are woven of one strong, smooth strand of fine wicker. This unusual weaving process, used only on Lloyd Products, gives not only greater beauty of weaving, but additional strength.

Pat. Process
Lloyd Products
Baby Carriages & Furniture

Because of the speed at which the Lloyd Strollers are produced by the remarkable Lloyd Loom, they are priced at a surprisingly low figure. We are showing a number of new styles in these desirable conveyances. You can have a wide choice of design and finish.

LIONS WILL RELATE CONVENTION EVENTS

Reports of the Lions district convention and the trip to Madison through the mud will form the program at the Lions club meeting at Conway hotel

Monday noon. A delegation of more than 30 members and their wives attended the convention last week and they will give reports of what happened.

Rare Values In Baby Carriages

THE Lloyd Loom Carriages which we are now showing offer exceptional values in fine baby carriages. They are flawlessly woven of finest wicker. The remarkable loom which weaves them, around and around, in a graceful bowl shape, is so swift in its operation that the work is done in one-thirtieth of the time a man would require for the same work.

Naturally, this economy of labor cuts the cost of the carriage materially, and enables us to offer a carriage with every desirable feature, for a very modest price.

Pat. Process Lloyd Products Baby Carriages and Furniture

The Lloyd Loom Carriages in our stock have a number of unusual refinements, such as resilient, oil-tempered springs, fifth-wheel reversible gear, automatic hood adjustment, special wheels and continuous pusher. They are handsomely finished in one- or two-tone enamel, with harmonizing upholstery of corduroy. The price range, as well as the style range, is very considerable.

SHIOCTON H. S. TO STAGE CLASS PLAY MONDAY EVENING

"Kicked Out Of College" Will Be Presented At Black Creek Also

Shiocton—The seniors of the high school will present their class play "Kicked Out of College" at the auditorium on Monday evening, May 21, and at the auditorium at Black Creek on Tuesday, May 22.

Following is the cast of characters:

Bootsie Benbow, a popular senior, Ben Williams; Ed Chesedine, the college cutup, Wayne Williams; Leviticus, the ace of spades, Carlos Grandy; Scotch McAllister, a hard student, Edwin Wagner; Shoshie Long, the Glee club, Lyle McCully; Slivers Magee, a happy junior, Milo Singler; Benjamin Benbow, Bootsie's father, Gordon Richardson; Sandy McCann, coach of the dramatic club, Raphael Herman; Officer Riley, from the Emerald Isle, Carl Wickman; Mr. Geary of the Speed Motor Car Co., Bernard White; Jonquil Gray, the little chauffeur, Josephine Town; Betty Benbow, Bootsie's sister, Lucille Wilcox; Mrs. B. J. Benbow, her mother, a suffragette, Doris Leeman; Mrs. McMillan, aged 15, Mary Bell Carpenter; Miss Juliet Shobbs, college steno-grapher, Mildred Lund; Miss Mimi Fleuret, a French costume designer, Helen Peters; Salamance Spivins, a black wash lady, Clarinda Meier.

The story takes place in a college town; the scene is a college boarding house. Bootsie Benbow, the most popular boy in college, is busy inventing a patent air brake and with the best of his activities finds it impossible to go to class. Accordingly he is dropped from the role and "kicked out" of college. Bootsie's father arrives and threatens to disinherit him unless he marries and settles down. The first scene introduces Bootsie's first wife, the second scene, Bootsie's second wife and the third scene his third wife.

WOODWARD LEAVES TO OPEN SUMMER SPEAKING SEASON

Appleton Minister Will Preach From Congregational Pulpit

Kaukauna—The Rev. J. P. Koeller of Appleton, will occupy the pulpit in First Congregational church of Kaukauna Sunday morning in the absence of the pastor, the Rev. Daniel Woodward who has gone to Jackson, Tenn., to open his Chattanooga season. It is expected that pastors will be supplied by the pulpit supply committee of the church until June 10, when the church will be closed for the summer. During the warm months the church will be repaired and a new furnace will be installed. The pulpit supply committee consists of Mrs. William Babbler, Mrs. Frank Luce and Mrs. Frank Krahn.

All evening services have been discontinued during the summer. Sunday school will be held, however, every Sunday morning at 10 o'clock. The Rev. John W. Wilson, district congregational superintendent, will have charge of the services on May 27. Children's day will be observed on Sunday, June 10, and a special program will be presented.

Regular services will be held Sunday in Methodist church. The Rev. W. P. Hulien, pastor, will deliver a sermon on "The Winsome Invitation" during morning services at 10:30. Evening worship will begin at 7:30. The pastor's theme will be "Side-tracked."

The sacrament of holy communion will be administered in Reformed church Sunday. Morning worship at 10:15 will be in the German language. The Rev. E. L. Wortman, pastor, will deliver a sermon entitled "The Living Christian." English services will be held Sunday evening at 7:30 at which time communion also will be administered. The pastor's subject will be "The Coming of God in Power."

NO REGISTERED SHOOT IN KAUKAUNA SUNDAY

Kaukauna—There will be no registered trapshooting tournament at Kaukauna on Sunday, as was stated in this paper Friday evening. When questioned regarding the shoot, officials of the Kaukauna club expressed surprise and said that no arrangements have been considered for a shoot to be held Sunday. It is not likely that this city will have a registered tournament this season, unless the local club again joins the American Trapshooting association. No steps in that direction are being contemplated at present.

Plans are under way, however, for a big trap shoot to be held on the golf grounds on Memorial day, May 30.

JUNIOR SCHOOLS MEET CITY'S EDUCATIONAL NEEDS

ROOM FOR 600 PUPILS IN EACH NEW BUILDING

Adequate But Not Elaborate Equipment Will Be Used In Fine New Structures

For the last two years Appleton residents have heard a great deal about junior high schools. Overcrowded conditions at the present high school building have convinced them that new buildings are imperative. School authorities and city officials have acted upon the advice of the state survey committee, which had been asked to investigate school conditions here. The committee concluded that the junior high school program "offers an economical means of solving the school housing problem as well as an opportunity for increasing the educational efficiency of the school system."

Now that bonds are about to be issued, contracts be let and the schools soon to become a reality, Appleton taxpayers, and particularly parents of children of junior high school age are interested in the nature of the architecture and the school arrangement.

SOMEWHAT ALIKE

The accompanying drawings give the reader an idea of how the buildings will look. Both illustrations show the buildings complete with all units that may be added in the future. The exterior shown is that of the west side school, the ground floor plan is that of the east side school. The general plan is practically the same in both buildings, the only material difference is in the facing.

Both buildings will be erected on the unit plan. Had the city council not declared for an additional bond issue with which to finance the construction of an auditorium and a gymnasium in each school, the board of education would have proceeded without these features. The units could have been added at any time without marring the architectural beauty of the buildings.

BUILT IN UNITS

The accompanying cut of the exterior of the west side school shows three units which are not included in the present plan of construction. The lightly shaded one-story units on each end, which were intended for home economics and manual training section, will not be built at present. Room will be made for these departments in the rear left wing of the building. A section of six classrooms in the right rear unit also will not be built at this time. This section can be identified in the illustration as the narrow unit directly back of the flag pole and adjoining the auditorium unit.

Four classrooms on the right side of the inner court, a classroom on the left side of the court and the home economics unit in the upper right of the first floor plan of the east side school also are future units. Future extension depends upon the increase of enrollment in years to come. The east side school will face Durkeest instead of Oneida, as stated in the drawing.

COST ABOUT \$650,000

Each school will cost approximately \$250,000, not including the cost of sites and equipment. Between \$20,000 and \$25,000 will be needed for equipment in each school, and an additional \$20,000 will be used to remodel and equip a part of the Fourth district school for junior high school purposes. The sites will cost a little less than \$35,000. The total cost of \$650,000 is to be raised through a bond issue.

Buildings each will include 20 classrooms, an auditorium, a gymnasium, manual training section consisting of metal work, woodwork and drawing rooms, home economics section consisting of cooking, sewing and laundry rooms, a principal's office, a small library which will be a branch of the city public library, a boiler room located outside and partly underground. Toilet rooms will be installed on every floor. The superintendent of schools' office will be in one of the buildings.

Both school buildings will be two stories in height. There will be no basement, as underground classrooms are not considered conducive to the best of health. The only excavations will be for heat flues, ventilation pipes and the like. The exterior of the schools will be either of white stone or ornamental brick.

600 PUPILS CAPACITY

Between 450 and 500 pupils will be in attendance at each school, but the buildings will be able to accommodate 600 pupils. Dimensions of the average classroom will be about 22 by 27 feet, with accommodations for about 30 pupils.

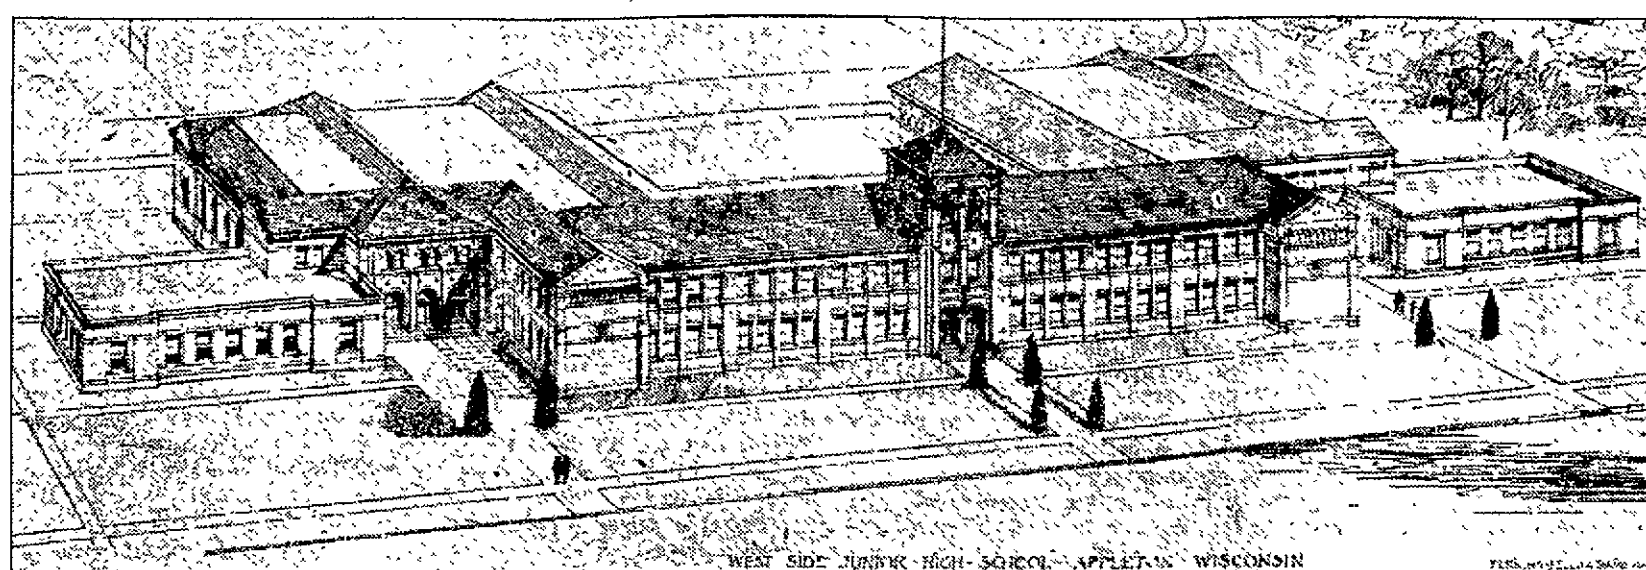

Two desirable features which will be made possible through the additional bond issue of \$250,000, are the auditorium and gymnasium in each school. Outside entrances will be provided so that they can be used for community purposes. The gymnasium will measure about 50 by 74 feet, but will be a perfect spectators' gallery. The auditorium will have a seating capacity of 700. It will be so built that a gallery seating 300 more can be added.

EQUIP FOURTH WARD SCHOOL

Twenty thousand dollars of the bond issue will be used to remodel and equip the Fourth district school so that it will serve a double purpose, an elementary and a junior high school. Some teachers of the other two junior high schools probably will teach certain periods in the Fourth district school. The school already has a partial junior high school equipment. Arrangements may be made to admit children from parochial schools to the several junior high schools for periods in manual training and home economics.

The schools will be serviceable for much community use, inasmuch as

APPLETON'S NEW JUNIOR HIGH SCHOOLS

WEST SIDE JUNIOR HIGH SCHOOL, APPLETON, WISCONSIN

any room of the two junior high schools can be heated without heating the whole building, as is necessary in the senior high school.

NO MORE TEACHERS

No more teachers will be needed in the schools than are now engaged in teaching the three junior high school grades, the seventh, eighth and ninth grades. One-third of the senior high school teachers as well as all of the seventh and eighth grade teachers in elementary schools will be transferred. There will be about 20 teachers in each school.

By the time the new schools are opened, which will be the fall of 1924, the union system of schools probably will be in effect, which will permit of a greater economy in operation.

The west end junior high school will be a notable improvement to State st. and will add greatly to the beauty and prestige of the west end. State st. is a macadam street. Street cars run to within a block of the school. The building will be located in block 82 which is a triangle bounded on the west by Mason st. and on the east by State st. On the south it will be bounded by Virginia st. which the city council will extend through the block to shut it off from the railroad property.

The school will face State st. At the rear of the school will be the athletic field which is discernible in the cut illustrating this article. This field will be used by both junior high schools and the senior high school for games. The triangle contains about 12 acres. The northwest part will be converted into a public park for the city. The who lesite will be a chief beauty spot of the west end.

BUILT FOR FUTURE

The school has been thus located to serve the best interests of this part of the city. Built for the future, it will take care of the growing population which is westward and northward. Hundreds of children now live within a half-mile radius of the school. This radius extends to the city limits on the west, to a point within two blocks of Second ave on the north, to Richmond st on the east and within a block of Secor ave on the south. About 500 pupils will attend the school, and two-thirds of them live within the half-mile radius. The mile radius extends to the senior high school and to Alicia park. No pupil, therefore, will have more than a mile's walk to school.

There was unanimity in the choice of the west end school site but selection of the site for the east end school has been fraught with more difficulty. Sixth ward residents disliked having the school located in the City park or other First ward sites, and First ward residents disliked having the school at almost the outskirts of the city.

The trend of the growth of the city and density of school population influenced the board of education in choosing blocks 7 and 12 of Herman Erb's Sixth ward addition. A survey revealed that there are more children of junior high school age living on Oneida st north of Second ave than south of College ave and east of Lawrence college. Location of the school, therefore, at a few blocks closer to the First ward would mean greater walking distance for many children from the Fifth and Sixth wards than for children of the extreme east end of the First ward.

ADJOINS ERB PARK

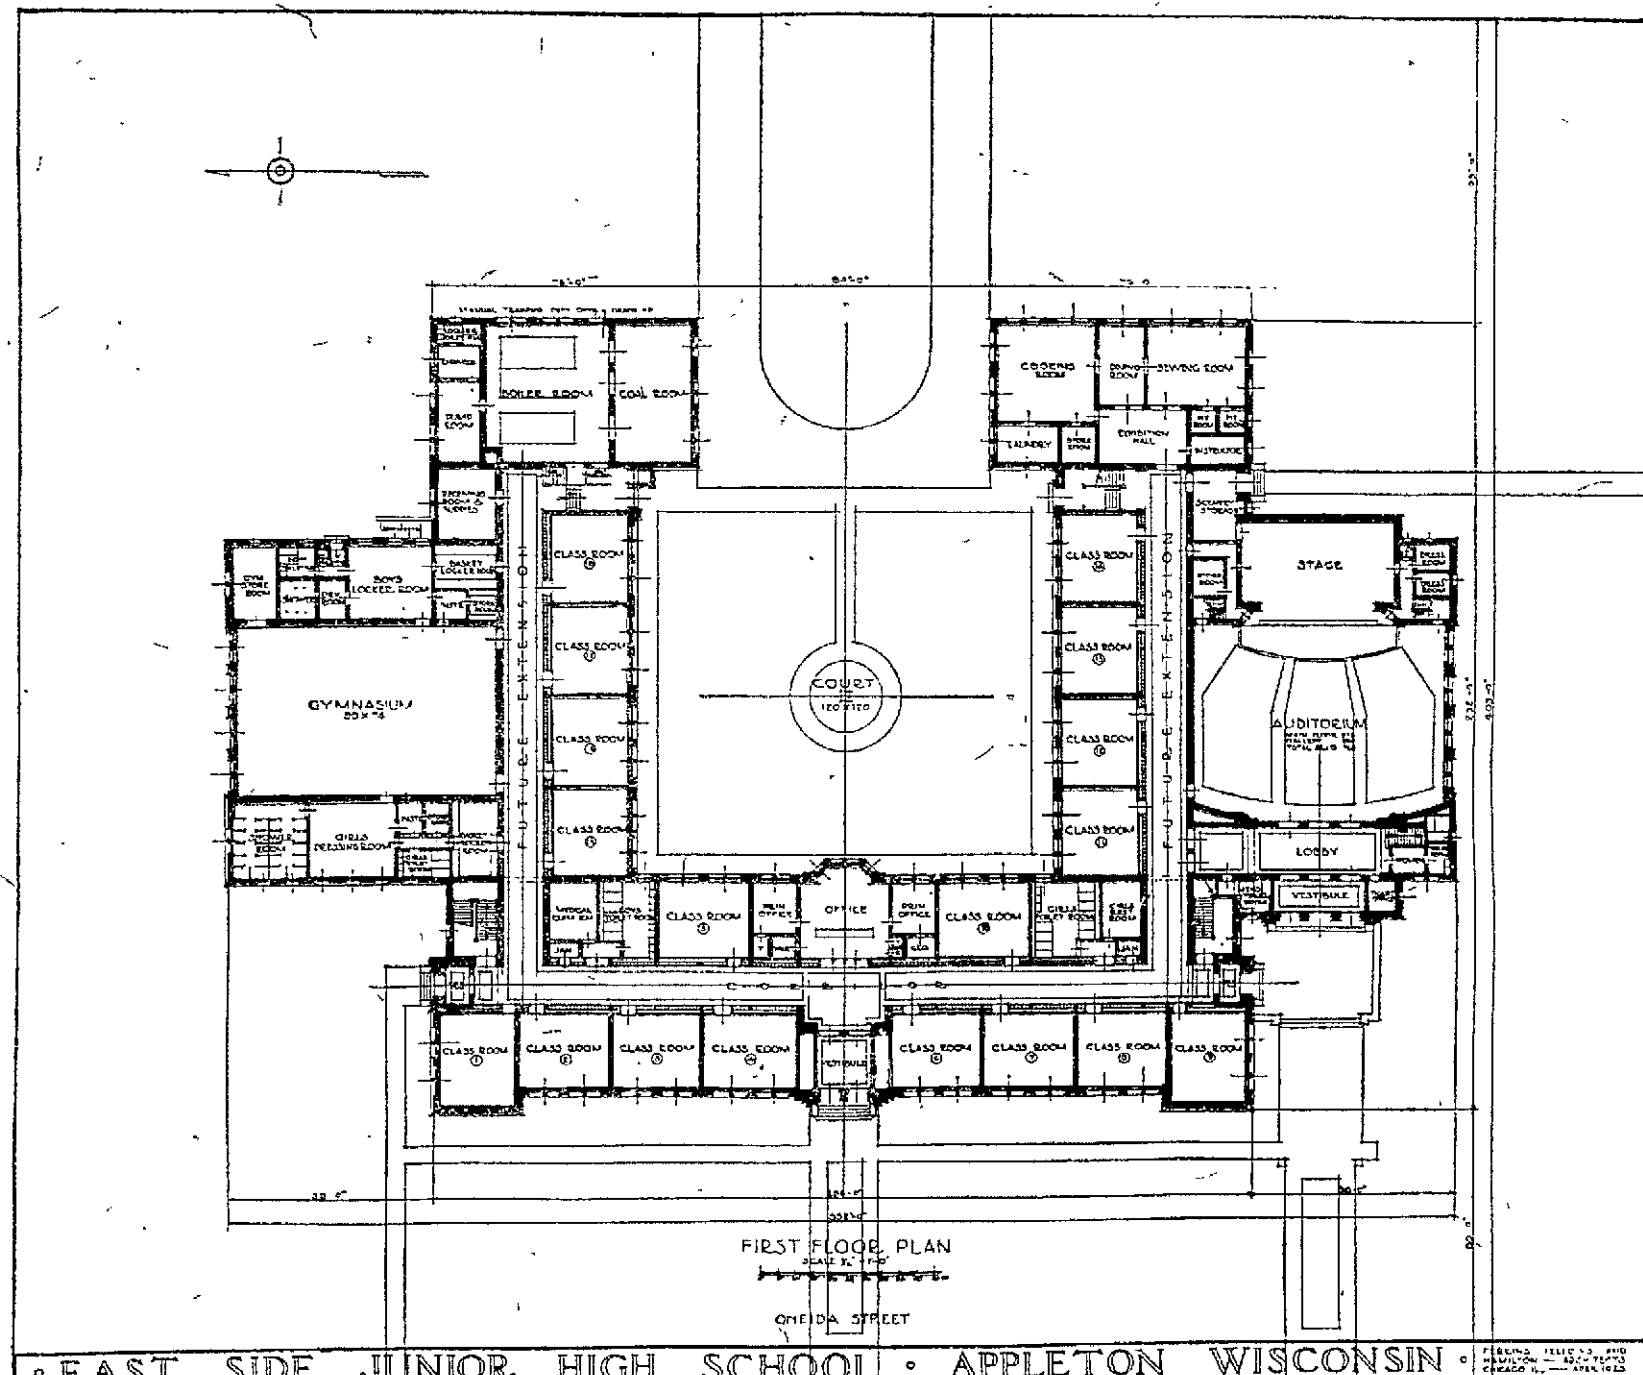

The school site will be bounded by Durkeest, Drew, Brewster and Levis st. It will adjoin Erb park and thus have the advantage of playground and athletic facilities in that park. The two blocks contain about five acres of land, not including the park, and no street will be cut through the blocks. The school will face Durkeest. The spaces that will be occupied by the east end school will be about one-fourth of the school site, while the west end school will occupy about one-fourth. The dimensions of each building will be about 300 by 150 feet.

By paying for the schools from the proceeds of a bond issue, the cost will be felt by the taxpayers very mildly. Until the waterworks bonds have matured, the school bonds, not considering the interest, will not add more than 40 to 50 cents of taxes on every \$1,000 of assessed property.

Although the payments will increase after the waterworks bonds mature in 1932, the removal of this indebtedness will in turn lighten the total indebtedness.

TWO BOND ISSUES

There will be two separate bond issues, an issue of \$425,000 as first recommended upon a tentative estimate, and another issue of \$250,000 to make possible the addition of an auditorium and a gymnasium in each building. It is planned to have the payment of the smaller bond issue begin not earlier than the time the first school bonds have matured, which will be 15 years hence. The extra bond issue will therefore not be felt until 15 or 16

years from now except for the interest which will amount in the tax bill to about 40 cents on each \$1,000 of taxable property.

The schools will be adequately but not elaborately equipped; the expenditure estimated for this purpose will

be from \$20,000 to \$25,000 for each school. The usual shop equipment for the manual training department, and the kitchen tables, stoves, sewing machines and laundry tubs for the home economics department, besides desks, blackboards and other teaching apparatus will be included. Individual

steel lockers will be built in walls. Erection of the junior high schools will not only relieve serious congestion in the senior high school but is intended to increase the educational efficiency of the school system. It closes the gap between the senior high school and the elementary school, al-

lows more adaption to individual needs of pupils, provides more vocational guidance, gives better supervision of social and recreational activities and brings about a decrease in the number of pupils who drop out in the seventh, eighth and ninth grades.

GILBERT ESTATE WILLED TO WIDOW

Papermill Man's Worth Is Estimated At Quarter Of Million Dollars

The entire estate of the late Theodore M. Gilbert, Neenah, is bequeathed to his wife, Mrs. Mary Jane Gilbert, according to his will which has been filed for probate at Oshkosh. The date of hearing has been set for June 5.

It is estimated that the estate is valued at something over a quarter

million dollars, although no mention of the value of the estate is made in the will other than the valuation of Mr. Gilbert's personal property at \$200,000.

Mrs. Gilbert was made executrix of the will without bonds. It is mentioned in the document that if Mrs. Gilbert does not survive her husband long enough to dispose of the homestead and other property mentioned in the will that these shall be inherited by Theodore M. Gilbert, Jr. Further mention is made in the will of the fact that a home and furnishings have already been provided for Mr. Gilbert's other son, George McDaniel Gilbert. The date of the will is July 29, 1918.

TUTTRUP ELECTED HEAD OF BELOIT STUDENT SOCIETY

Appleton Youth Is Honored At College In Elections This Week

Beloit—Roger Tuttrup of Appleton was elected president of the Associated Students of Beloit college at the annual spring balloting this week. The officers for 1923-24 go into power next week.

Miss Dorothy Kohn, Lake Geneva girl, was chosen secretary of the student body. Mary Wheeler of Chicago is vice president and Clayton Addie, track captain from Oak Park, Ill., was the successful candidate for treasurer. Tuttrup is prominent in journalistic and debating circles having made the

debating trip to California this year for Beloit. He is a member of Beta Theta Pi, social, and Delta Sigma Theta, forensic fraternities.

Miss Kohn is a member of Pi Beta Phi, and has done considerable work on campus activities, particularly journalistic. Miss Wheeler is a leader in coed athletics and has been student assistant to the girls' athletic director this year. She is a member of Delta Psi Delta.

Addie, besides being track captain this year and a star halfback in football, has been a class leader, and was

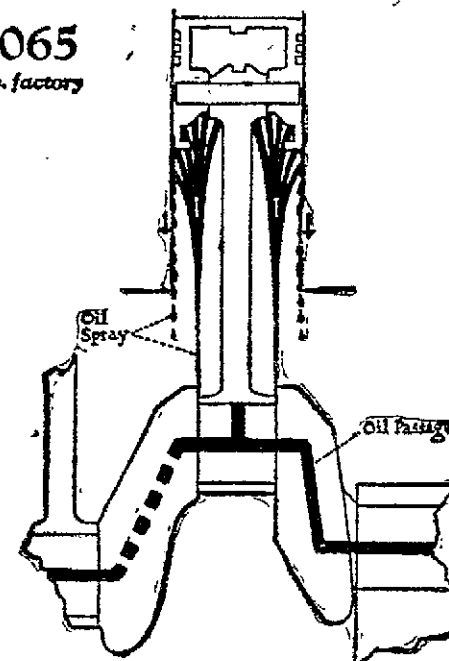

sophomore class president last year. He is a member of Sigma Alpha Epsilon.

High-Pressure Oiling—2 Gallons a Minute!

LUBRICATION is life—in motors. Because it defeats wear and vibration. Jewett has a hollow crankshaft, high-pressure system, forcing 2 gallons of oil per minute to all main and connecting rod bearings, and spraying the entire internal mechanism. Metal never rubs metal in a Jewett motor—a thin film of oil safeguards bearings.

The results of such ideal lubrication are real smoothness and decided silence. Further, the continuous oil-stream tends to keep bearings cool, and Jewett takes long distances at high speeds, climbs continued grades, or trudges soft roads, without overheating. You know what happens to cars equipped with circulating and splash lubrication, under like conditions. Let us show you the Jewett! You try to overheat it.

BUICK IS BUILT ON OWNER CONFIDENCE

Buick Motto Is Maximum Of Service At A Minimum Of Cost

BY E. T. STRONG
General Sales Manager for Buicks
Aside from the fact that the Buick Motor Company is the only manufacturer of fine motor cars to have produced one million automobiles, nothing has a stronger bearing on this achievement than the response of the owner to Buick offerings season after season. Because of his judgment, to the owner should go the major part of the credit for this accomplishment.

After all, as pretentious as a manufacturer's plans may be, they cannot be bought to a successful realization unless the owner finds unusual merit and value in what the manufacturer has to sell.

That Buick has been able to keep in advance of the general trend of motor car design and to anticipate the demands of the owner, is true. But that of itself would be of little concern had it not won the owner's approval.

And so as we look back over the production of a million Buicks, we are indeed thankful that Buick has held to the same policies and principles for twenty years and we are doubly thankful for the support which the public has given us in our effort to produce the best cars of which we are capable.

That is our feeling as we leave the million mark behind. We think of that part of the Buick Creed which says, "Buick reputation, so pre-eminently firm and fair, was not won by chance, but is due to the policy established with the production of the first Buick car—that of giving the owner the maximum of service for the minimum of cost."

Our thought is taken back to the first Buick and the determination to give every Buick so that it would give the maximum of that service for which it was intended. And then our reflection leads us on through the different cars that have followed. As we see the improvements made year after year and the increasing number manufactured and sold each season, we realize that Buick has gained and maintained the confidence of the motoring public through the production of a million cars.

To us, at Buick, that is of great significance. It indicates the things that have been done in the past, but more especially it tells us what must be done in the future in order that Buick prestige be continued high and worthy.

METALS BAKED IN OVENS LIKE FOOD

Big Stoves in Nash Plant Have Interest For Women Visitors

Women visitors at the Nash plant frequently marvel at the similarity of the heat-treating department to their own kitchens at home. Metals for use in automobiles are, as a matter of fact, heat-treated in electric ovens, much the same as bread or biscuits are baked.

The housewife knows for instance that her dough mixture being perfectly blended only half the job of making bread is done. So the dough is put in containers and placed in an oven. There the heat must be uniform so that the baking is thorough. In the heat-treating department of the Nash Motors company is a big battery of electric furnaces, manned by experts in the art of "baking" metals so that each part will attain the exact degree of hardness necessary for its proper functioning in its subsequent use as part of the finished automobile.

Each furnace is equipped with a pyrometer, a heat gauge, capable of registering degrees of heat far in excess of that which is possible by use of mercury. Parts that are sent into this department for heat-treating are scrutinized carefully at frequent intervals by the metal "cooks" in charge of the ovens. The factory metallurgical department acting as a sort of master chef provides the formula and makes microscopic tests constantly to determine the uniformity of the grain structure of the metal under treatment.

DORT 'SIX' SHOWS CLASS AT TRIALS HELD IN MISSOURI

The Dort Six has just established some remarkable records for speed, power and gasoline consumption in tests held at St. Joseph, Missouri. These tests were conducted by Leonard Hapfikan and H. C. Reichard of the Standard Oil Company, E. W. Selfert of the St. Joseph Gazette and R. L. Lindley of the Wolfley Automobile Company, Dort distributor. In the speed test the Dort Six traveled over a measured mile in 41.5 seconds. In the power test three exceptionally steep hills were pulled in high gear from a standing start in high gear. Twenty-six miles over average roads at the average speed were made on a gallon of Red Crown gasoline.

MAXWELL BUSINESS SHOWING BIG GAIN

Reach Maximum Production Months Ahead Of Usual Peak Period

Detroit—With a shipment of five hundred and forty-eight Maxwell cars Saturday, April 21, all records of the Maxwell Motor corporation for a single day's shipment were smashed, indicating that Maxwell has apparently reached a maximum production several months in advance of what is generally considered peak season.

Maxwell's history throughout the winter and spring has been one of continuous activity and it is reported that orders have constantly remained well ahead of production. As production gradually mounted toward peak season requirements, demand likewise increased at an ever growing rate and even with the fulfillment of the present high schedules Maxwell's facilities to produce are not able to cope with public demand, though it is believed that shipments of the size made on April 21 will be a common occurrence for Maxwell from now on.

Maxwell's increasing business of past months is well reflected in the quarterly statement of the company, that shows a net profit of over one million dollars for the period. Cash balances since the first of the year have been increased more than two million dollars, and despite the heavy buying necessitated by the tremendous production attained, no bank loans are carried. It must also be remembered that Maxwell manufactures its product almost entirely in its large plants in Detroit, Dayton, Ohio, and Newcastle, Ind., and that the absence of bank loans is all the more remarkable because of the enormous capital needed for the building of a "manufactured" car.

WILLARD INVENTED RUBBER SEPARATORS

Veteran Battery Maker First To Substitute Rubber For Wood

As with every other product in daily use and demand, engineers are continually experimenting in attempts to develop newer and better features in storage batteries.

Seven years ago all battery manufacturers were using wood for insulating and separating the plates of storage batteries. But the wood insulator comprised a weak link in the battery because it could not be made to last the life of the plates. Frequent and costly repairs were the common result.

All the engineering and experimental departments of the large battery companies were continually wrestling with this problem, namely to find a separator that would last at least as long as the plates, and that would have uniform porous qualities.

Rubber is the best insulating material known and it is acid resisting as well. But the great problem was to make it porous. Every method conceivable was tried to pierce rubber with a large number of tiny holes, but it seemed impossible to pierce a sufficient number of them small enough to obtain porosity and still keep the insulation quality.

It remained for T. A. Willard, president of the Willard Storage Battery Company of Cleveland to solve the problem. He hit upon a way to vulcanize into rubber blocks thousands of cotton threads running horizontally the length of the block. The block was cut into slices so that each slice was pierced from face to face with 195,000 threads.

It was Willard's first supposition that these threads when immersed in the acid of the battery would dissolve out and leave the thousands of tiny holes he wanted.

FORD TRUCK SALE SETS NEW RECORD

More Than 41,000 Machines Delivered In First Quarter Of 1923

Detroit, Mich.—Sales of 41,551 Ford trucks during the first quarter setting a new high record, bear out predictions made earlier that the use of the one-ton truck in hauling and delivery systems will be greater this year than ever before. Not only is the Ford truck rapidly coming into more general use in the commercial field, where its dependability, ease of operation and adaptability to all requirements make it the most popular, but throughout the agricultural sections of the country it is fast being adopted by the farmer as the best means of solving his problem for quicker and cheaper transportation of his products from the farm to the city. March sales of Ford trucks, which reached the new mark of 13,717, exceeded by more than 1,000 the sales of the first three months of 1922, totalling 12,586, and were 50 per cent higher than the sales in February of this year.

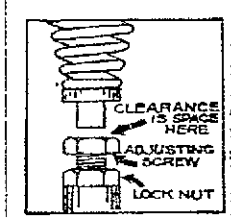

THE
"TROUBLE SHOOTER"
Shows How to Locate and Correct
any Automobile Engine Trouble
By E. H. SCOTT

This is the tenth of a series of specially prepared and illustrated articles showing the ordinary automobile driver how to locate any engine trouble

What To Do When the Engine Runs Regularly but Has No Power

1. Turn off the Ignition Switch and open Throttle wide, and then test the compression by pulling each cylinder over SLOWLY with the hand crank. There should be considerable resistance in each cylinder when you pull it over. If it appears weak in one or more cylinders then—

2. Test the Valve clearance between the bottom of the Valve Stem and the top of the Valve Tappet, or if it is an Overhead Valve, test between the top of the Push Rod and the Rocker Arm. If there is insufficient clearance, that is, there is NO space between the Valve Stem and the Tappet, the Valve will not close properly, and the engine will have no power. When it is WELL WARMED UP, and the Valve is seated, the Tappet should just be free to turn around, with a clearance between the bottom of the Valve Stem and the top of the Tappet of about the thickness of a piece of book paper. It varies on different engines, Overhead Valves generally have more clearance allowed than Poppet Valves. Find out from the Instruction Book you got with your car what the EXACT clearance should be, and see that the Valves are kept to that clearance. If the clearances check up all right then—

3. Examine the Valve faces. If they are black and pitted, they will require to be ground in before the cylinders will hold compression. If the Spark Plugs are fouling up quickly and the porcelain is covered with an OILY, GUMMY deposit, and the cylinder heads are covered with a deposit of carbon, you may need to fit new Piston Rings as well as grind in the Valves before the engine will deliver its maximum power. If, however, the compression is GOOD then—

4. Take out and examine all Spark Plug gaps. They should be just a trifle LESS than the thickness of a WORN dime. The gaps at the Spark Plug points should be inspected at regular intervals, as the correctness with which they are set has a lot to do with the efficient running of the engine. If the points are set too close, the engine will misfire at low speeds or when accelerating from low speeds, the spark being too weak around the points of the Plug to fire the charge quickly. If the gap is too wide, the engine will be hard to start, and will misfire especially on a hard pull. The throttle is wide open when the engine is pulling hard, and allows a full charge of gas to be taken into each cylinder, so increasing the compression in the cylinder. This makes it harder for the spark to jump the gap at the Plug, and the resistance is so great that now and again, the spark will not jump the gap at all, causing the engine to misfire. If the Plugs are all right then—

5. Make sure the Brakes are not dragging. After running at a fair speed for some time, stop the car and feel the brake drums. If they are HOT, the brakes are binding or dragging. Jack up the rear wheels, and with the brake lever off, the wheels should turn freely. Slack off the adjusting screw until the wheel turns freely. After adjusting the brakes, test them by running the car along the road, seeing that they act promptly in braking the car. If the brakes are all right then—

6. Test to see that the Clutch is not slipping. To do this: 1st. Pull on the brakes. 2nd. Push in the Clutch. 3rd. Speed up the engine to about the same speed it would be running on the road at 15 miles an hour. 4th. GRADUALLY let in the clutch. If the engine WILL STILL KEEP RUNNING, the clutch is slipping and will require adjusting. If the engine STOPS when you let the clutch in then—

7. Remove the Muffler, then take it apart and clean it, or tap it all round with a wooden mallet, then FULLY RETARD spark lever and race the engine up a few times when most of the loose carbon will be blown out.

8. Check up the Ignition Timing to see that it is not too far retarded. See article four No. 8 if you do not know how to do this.

9. Examine the Breaker Points and the gap at the points as shown in the second article at B. If they check up all right then—

10. Test the High Speed, Carburetor adjustment, or have an expert mechanic do it for you if you do not know how.

11. Examine to make sure that when the throttle lever is fully advanced, that the Butterfly Valve in the Carburetor throttle is straight across the opening to the Intake Manifold. When the throttle lever is advanced, the Butterfly Valve may only be PARTLY open, thus preventing the full amount of mixture from entering the cylinders.

12. If you have not changed your oil in the crankcase within the last 700 or 800 miles, do so, and you will probably be surprised at the difference in the running of your engine.

13. See that you have enough pressure in all tires. If they are low, the large tire area on the road creates friction, which takes power to overcome, and slows up speed considerably.

PAIGE BEHAVIOR INDICATES QUALITY

Accurate Construction Eliminates All Body Squeaks From Car

Paige behavior speaks the engineering experience behind the car. Never will you find a car more delightful in handling ease than the Paige.

Paige 70 H. P. motor takes you smoothly over the open road at 70 miles an hour or through the traffic crush at 2. Gear shifting is rarely necessary. Then a bare 3-inch movement does it, and the docile Paige clutch engages without stalling or jerking. No clash or missing mar the driving of the veriest novice.

Paige bodies are substantial. Body squeaks and rattles are prevented by double strips of patent leather that keep metal from touching metal or wood. Richness of finish throughout—not a piece of imitation leather in the car. Ample foot room—and deep cushioned seats, set comfortably low, make restful riding. Rear springs more than 5 feet long, turn bad roads to good. Easy travel is further assured by 131-inch wheelbase. Completely equipped—two extra cord tires, rims, tubes, covers, mounted

forward on the tuning boards; stop light; front and rear bumpers; automatic windshield wiper; rearview mirror; clear lighter—are a few of the usual extras, that are standard equipment on the Paige. It is possible to offer this enduring Paige value because the tremendous volume on the Paige-built Jewett has reduced overhead on Paige by hundreds of dollars a car. And it is a value unexcelled. Test it for yourself by seeing and driving this car of fine workmanship.

CHEVROLET TURNS OUT TRUCK MODEL

Makers Claim It Is Lowest Price Car Capable Of Heavy Service

Another new addition to the popular Chevrolet line recently announced through Chevrolet dealers, is the TRUCKY Express Truck, which is being extensively advertised as the world's lowest priced truck capable of fast heavy duty service.

It is of one-ton capacity, of the speed type, with three speed transmission, heavy duty spiral bevel gear rear axle, with heavy 5-inch channel frame, designed to take standard truck bodies. Correct gear ratios, together with an oversize radiator and forced water circulation enables the truck to negotiate long grades and heavy pulls in mud or sand without danger of overheating. Ample power is provided through a positive cone clutch.

Among the important specifications are full electrical equipment, including self starter, 34 x 4 straight side cord tires in rear, 31 x 4 clincher in front, extra rim for each, 120 inch wheel base, water pump, splash and pressure lubrication.

Inasmuch as it enters a new price class for a truck of this type, and is backed by the rapidly growing and aggressive Chevrolet organization, it will undoubtedly prove to be a valuable addition to the line.

FLAT RATE PRICE SYSTEM EXCELLENT

Hudson And Essex Dealer Estimates Job When It Comes In

"Our new 'flat rate' system of service charges," says Mr. McCann, Hudson and Essex dealer, is "worth many dollars to every owner of one of these cars."

"From now on, all service and repair work will be done on a one-price system. An owner who wishes some adjustment or repair of his car can come in and find out in advance of the work just what the charge will be."

"There will be no possibility of the price being larger than he had contemplated. We'll tell him what the total cost is to be, and then he can decide whether he wants the work done."

"Service charges will be generally lower too. The flat rate has enabled us to systematize our work better, and because of the large volume of jobs which will be offered us our costs will be somewhat lower."

"The charges we make are based on a series of experiments by the Hudson and Essex factory. The factory studied the most direct and economical methods of performing every ordinary service operation on the car, and these charges have been forwarded to us."

REO PHAETON IS THING OF BEAUTY

True Proportioning Has Resulted In a Graceful, Symmetrical Body

The New Phaeton Reo decisively expresses open car modishness. It most significantly marks the successful alliance of body beauty, riding comfort and mechanical reliability—with a degree of economy that can only follow a moderate initial investment and remarkably low maintenance costs.

Beauty in the New Phaeton Reo is constituted by dignified elegance as to lines and inbred richness as to materials. It radiates good taste.

From the rounded hood to the rear body panels the entire body line effect is one of clean-cut simplicity. True proportioning has resulted in a body of graceful symmetry, free from any semblance of angularity and which, by reason of sheer correctness, will never grow tiresome.

While comfortably accommodating five passengers, the body appears somewhat narrower than on previous models; this effect, however, is more a result of clever designing than a sacrifice of seating capacity. A lowered body rail, flattened body panels and a graceful merging of hood with cowl and body instinctively suggest a long, slender contour.

HUPMOBILE SALES SHOW BIG INCREASE

12,000 Cars Of The 40,000 To Be Built This Year Have Been Sold

Sales of Hupmobiles the country over for the first three months of 1923 were nearly double those for the best previous first quarter; materially exceeded those for the record three months' business of April, May and June, 1922; and March sales were the greatest of any single month in the 15 years of the Hupp Motor Car Corporation's history.

This announcement, made by Mr. Marks, head of the Marks Auto Co., local Hupmobile dealers, is indicative of the tremendous demand over the entire United States for motor cars manufactured by the older and more firmly established motor car companies.

Hupmobile sales for the first quarter of 1923 totaled 12,024 cars of the 40,000 scheduled to be produced in 1923, compared with 6,399 for the first three months of 1922, and 11,230 for April, May and June 1922. March sales were 6,024, eclipsing the former record of June 1922, by more than 1,000 cars. Export sales for the first quarter were the greatest since the latter part of 1920, the best export period in Hupp's history.

March sales were actually above the production limits of the corporation, and exceeded 5,000 cars only because orders which should have been shipped in February had to be held over into March, due to the inability of the railroads to furnish sufficient cars for shipment.

EUROPE NEEDS AID FROM OUTSIDE TO ADJUST TURMOIL

Dr. R. P. Lane Gives His Views
Before Club At Law-
rence College

The United States has both a selfish reason for going into some world league for the clearing up of conditions in Europe in the opinion of Dr. R. P. Lane, speaker for the Institute of International Relations clubs. Dr. Lane spoke at the meeting of the Lawrence college club of the institute on Thursday evening. He formerly was a professor in politics and law at the University of Michigan and has only recently returned to this country after three years as director of the European Junior Red Cross with offices in Paris.

The speaker first showed the basic hatred and fear of each other which European nations have fostered. He then said he felt that these countries were incapable of solving their own problems without the help of outsiders. He said participation in some sort of a world league was necessary for the United States if there is any hope of the European situation being settled by any other means than those of a rat and dog fight. Dr. Lane feels that the United States' selfish reason for entering into world affairs at this time is that stability must come to Europe before there can be any great prosperity in America. He feels that the selfish reason is the genuine desire of a large portion of the people of the United States to avoid further conflicts by warring methods.

Following up further his idea of settlement by a world league, Dr. Lane feels that no settlement can be made until a commission made up of statesmen, financiers and sociologists can thoroughly investigate the conditions in Europe and the possibility which each nation has to pay its war debts. A settlement must be based on facts.

The speaker talked to a small group of college faculty members and students and towns people for nearly an hour and a half on the European situation from all possible angles. He was detained for a considerable time after his formal presentation by persons who asked numberless questions. Dr. Lane is a pleasant speaker with a broad knowledge of politics, law and people. This gave him unusual opportunities to study conditions while he was in Europe. His connection with the Red Cross was discontinued in February, 1923 and he has been traveling about the country making speeches in colleges for several months. When his tour is finished in June, he will have talked at more than 150 American colleges.

Few Histories Used In Schools Will Rob Pupil Of Patriotic Teaching

Some of Texts Are Placed In
"Propaganda" List But In-
structors Disagree That They
Omit Essential Americanisms

That American history books to be truly American and the proper text books for American schools must contain nothing which might be termed un-American is the recent decision of the state legislature. This body has lately passed a law requiring the use of history books which are free from the so-called propaganda. The local post of the American Legion, which was active in securing passage of the new law, feels strongly about many of the textbooks which are being used in Wisconsin schools.

Very few of the condemned books are used in the Appleton public schools, however, which is rather gratifying from the legion standpoint. The books which have been the subject of much discussion over the state and whole country are attacked for the lack of information which they possess on certain subjects and the detailed accounts of other events which, from the American standpoint, are more English than American and considered of minor importance. The schools which contain the facts of early American history and do not neglect the great early Americans whose ideals and character should mean much to American children.

SHOULD TEACH IDEALS

James M. Graham, former United States congressman from Illinois, declares it is wicked to deprive American youths of the fine ideals they have in the national heroes—Samuel Adams, Prescott, Warren, Patrick Henry, Richard Henry Lee and Paul Jones not to mention such men as Hancock, Franklin, Jefferson and Washington. These men and others, according to Mr. Graham, who points out histories where they are either mentioned or where slanderous remarks are made about them, are among those who practically sacrificed their lives for the American independence and should therefore be honored by American youth. Mr. Graham calls the history books omitting accurate reports of these esteemed Americans, "de-Americanized school histories" and feels it a national crime to allow boys and girls to get their impressions in such a manner of the men who won our independence and framed our government.

A few of the books of which Mr. Graham disapproves are "History of the American People" by Willis Mason West, "American History of Grades" by Everett Barnes, published in 1920. Our United States history by Charles Gillette, "School History of the United States" by John O'Hara, "The Book of American Wars" by Helen Nicholas, "American History" by Muzzey, "School History of the United States" by Gilbert Bushnell, "A History of the United States for Schools" by McLaughlin and Van Tyne and "The American Revolution in our School Texts" by Charles Ait-schul.

TWO IN DOUBT
"Elementary American History" and an "Introduction to American History," both by Woodburn and Mor-an are the history books used as texts in the grade schools of Apple-ton. The histories by Muzzey and by West mentioned by Mr. Graham are the ones used for texts in the local high school. Both books, however,

are highly commended by history instructors who say Muzzey's book is one of the most widely used history texts in the United States.

In a recent survey of histories used in the high schools, grade schools and junior colleges of California, the books by West and Muzzey were two of the books used in many of the schools and both were approved with a number of others by the committee, headed by E. D. Adams, professor of American history at Stanford university. The committee stated that in its opinion "the best patriotism of American tradition" when conveyed by history books should directly aid in establishing certain principles and ideals in the pupil's mind.

The important principles a history book should contain are listed by the committee as follows: Pride in America and a sense of nationality; a sense of individual liberty; a respect for private property; a belief in democratic self-government by majority rule; obedience to law; a desire for justice and will to defend these principles. They also stated the text should be strictly unbiased as regards both expression and content. It should narrate truthfully the important facts of American history in such a way as to make clear the principles and ideals which have been developed in America and for which she stands.

APPLETON DOING MORE BUILDING THAN MOST CITIES

Comparisons Show Huge Total
Of Operations Here Since
March 20

Comparisons may be considered odious, but building activities of Apple-ton compared with those of other cities cannot but attract attention.

While other cities in Wisconsin are priding themselves on the amount of building being done in their midst, Appleton has no reason for being ashamed of its own building operations. Sheboyan is said to be establishing a building record that will exceed that of any city of the same population in the country. Since Jan. 1 its building inspector has issued 51 permits for new homes, while the year's total in 1922 was 148.

In Appleton 54 permits for new

LEAVES GERMANY WHERE PAY IS 4 CENTS DAILY

Common labor in Germany receives approximately 4 cents an hour, according to Paul Holtz, who arrived in Appleton Thursday night direct from his native country. He is a brother of Fred Holtz who arrived here last fall and who has since been working for the city. Mr. Holtz was employed as a motorman before coming to the United States.

Homes were issued between March 20 and May 1. Of a total of 242 building permits issued in the first two months of the enforcement of the zoning ordinance, nearly 100 are for the erection of homes. The value of the work involved is \$828,000.

Racine, a city three times the size of Appleton, had issued permits for little more than half as much building in the same period. Building operations authorized in Green Bay from Jan. 1 to May 1 were approximately \$350,000, while those in Appleton from March 20 to May 1 reached \$300,000.

Here Is Something To Think About

Mother's Day, a most beautiful day to observe, is gone, but did you notice how the price of cut flowers and other plants soared sky high in honor of the occasion. Now it is very much the opposite, in the grocery line. Whenever we have had Raisin day, Prune week, Canned Foods week or Fruit week we have had prices lower if anything. Right now our prices are very reasonable on all our groceries, vegetables and fruit considering the quality goods we sell. ILLINOIS GRID CAPTAIN NEW HIGH SCHOOL COACH

Noted Football Star
Will Succeed Denney
As Athletic Director

Earl Wilson Picked From Big Field Of Candidates—Has Made Envious Record With Sucker State School

Earl Wilson, captain of the 1922 football team of the University of Illinois and one of the greatest ends developed in the Big Ten conference last season, will be physical director of Appleton high school and coach of its athletic teams next year. Principal Lee C. Rasey announced on Friday. Mr. Wilson will take up his duties here with the beginning of the next school year. He will succeed A. C. Denney, who resigned to become director of physical education at Lawrence college.

Wilson was selected from twenty or twenty-five candidates, several of them with athletic records. He was chosen because of his very apparent ability as an instructor, his own success in the field of athletics and his high athletic ideals. Wilson was one of the very few letter men of the Illinois university who were not involved in the Taylorville professional scandal of a few years ago. He is a staunch believer in amateur athletics and it is believed his influence will keep up Appleton's high standard in that respect.

Wilson not only is an accomplished football player but he also has made his mark in basketball and in track and in addition he has been pursuing a course in athletic directing at the Illinois university coaching school. This school, headed by several of the best known athletic directors and coaches in the middle west, has trained many high class men for coaching positions.

Football followers of the middle west are quite agreed that Wilson was one of the best ends developed last season. His election as captain of the Illinois squad testifies to the esteem in which he was held at Urbana. Wilson will graduate from the University of Illinois in June and will spend most of the summer in further preparation for his work here.

NIKOL-CONLEY SCRAP MAY BE STAGED IN GREEN BAY

If the plans of the Green Bay boxing club materialize, the night fans of Green Bay will be given another chance to see Roy Conley, the fighting parson from Wichita, Kan., in action in the near future.

Matchmaker Harry Levitas is now attempting to get Conley's name on the dotted line for a scrap at Green Bay with Johnny Nick of Chicago, who beat Jack Zwick twice, or some other crack writer.

Conley, who is now the boxing sensation in Milwaukee, following his fight against Joe Gans, is being flooded with offers from local magazines throughout the state. However, the Green Bay boxing club officials feel certain that he won't turn down his old home town, considering that this was where he got his start on his Wisconsin ring invasion.

Windsor, Ont.—Johnny Dundee was awarded the decision over Jimmy Brady of Detroit in their 12 round bout.

RUTH CLOUTS SIXTH
HOMER IN 9-4 WIN

St. Louis—The New York Americans made it three straight over the local Americans by taking Friday's game here, 9 to 4. Babe Ruth made his sixth home run of the season in the seventh, when he drove the ball into the bleachers with Dugan on base. Wright, pitching for St. Louis, was the victim of the heavy slugger. The Yankees took the lead in the first inning by scoring their first run, added three more in the third, two each in the fifth and seventh innings and one in the eighth. Lee Fohl sent in three pitchers in an effort to stop the American league champions. The score:

New York 1 0 3 0 2 0 2 1—9
St. Louis 0 0 2 0 1 0 0 1—4
Batteries: Shawkey and Benneigh; Danforth, Wright, Root, and Severeid.

TRIBE GETS 2 HITS
Cleveland—Philadelphia made it three straight from Cleveland on Friday, winning, 4 to 1. The first eight innings constituted a pitching duel between Harris and Shaute. The first two Indians to face Harris singled, producing one run, after which another hit was made by Cleveland. Galloway stole home in the second after he had walked, stolen second and gone to third on Myatt's throw to centerfield. Score:

Philadelphia 0 1 2 0 0 0 0 1—4
Cleveland 1 0 0 0 0 0 0 0—1
Batteries: Harris and Perkins; Shaute, Morton and Myatt.

HIT FIVE PITCHERS
Chicago—Chicago went on a batting rampage on Friday, driving out 19 hits for a total of 29 bases and defeated Washington, 14 to 8. The visitors used seventeen players, five of them pitchers. Cveengros pitched well but was wild toward the finish and was replaced by Ted Blankenship, who also was wild, but sharp fielding behind him cut down the visitors' scoring.

Every player on the local club made one or more hits. Collins and Elish and Cveengros leading the attack. Score: Washington 0 0 0 1 0 0 2 5—8
Chicago 0 0 0 7 2 0 3 2—14
Batteries: Zahniser, Holashvahn, Brillheart, Mogridge, Russell and Garrity and Ruel; Cveengros, Blankenship and Schalk.

EHMKE STOPS DAUSS
Detroit—Howard Ehmke, former Tiger, came back to Detroit, tamed his former team mates, 6 to 2, in ten innings, stopped George Dauss' run of six consecutive victories and wound up a busy afternoon with an argument with Manager Cobb of Detroit under the grandstand. Dauss, after pitching shutout ball for eight innings, weakened in the ninth, when Boston tied the count, and permitted four hits in the tenth for four more runs. The Ehmke-Cobb argument is said to have been the result of a pitched ball by Ehmke that hit Cobb. Score:

Boston 0 0 0 0 0 0 0 2—5
Detroit 0 1 0 0 0 0 1 0—2
Batteries: Ehmke and Pichini; Dauss and Bassler.

Do you know Baseball?
by Billy Evans

Questions
ONE—Can the pitcher, if not on the rubber, point to deliver the ball to the batter?
TWO—If with a runner or runners on the bases the pitcher drops the ball while in the act of delivering it, what is the ruling?
THREE—What is the ruling if the pitcher drops the ball while in the act of delivering it to the batter if the bases are unoccupied?
FOUR—What is the required distance from the home plate to a stand or fence to constitute a legal home run?
FIVE—What happens, if while attempting a third strike, the ball touches the person of the batsman?

Answers
ONE—It is a balk if the pitcher makes such a move.
TWO—It is a balk whether accidental or intentional.
THREE—No penalty is imposed if the bases are empty.
FOUR—The required distance for a legal home run is 350 feet from plate to stand or fence.
FIVE—The batsman is out, whether the ball is caught.

TRAPSHOOTERS GOING TO WAUPACA TOURNAMENT

Several Appleton trapshooters are planning to go to Waupaca Sunday to attend the registered shooting tournament Sunday morning and afternoon. It was previously announced on Friday that the shoot would be held at Kaukauna.

There will be no practice shoot at Appleton Angling and Shooting park on Sunday but shooters are working out Saturday afternoon. The first of four registered shoots this season will be held at the shooting park on Sunday, May 27.

Windsor, Ont.—Johnny Dundee was awarded the decision over Jimmy Brady of Detroit in their 12 round bout.

PAPER MAKERS IN
FINE FETTLE FOR
MARINETTE GAME

Higgins, Old Side Kick Of Brautigan, Will Pitch Sunday

Encouraged by last Sunday's victory over Kaukauna, the Appleton team of the State League is aching to go and do likewise or worse to the Marinette gang Sunday. With Higgins the new twirler, eager to establish a rep for himself among the Appleton fans, and every other member eager to keep what he has and improve it if possible, Brautigan is confident that his outfit will do its stuff with pep and abandon. Brautigan and Higgins, by the way, are old buddies. The Milwaukee Brewers loaned Higgins to Brautigan last season for three games. One of these, at Sheboygan, Higgins lost through no fault of his own, but in the next one he whipped Fond du Lac 4 to 3. All of which goes to show that Appleton did not buy a cat in a bag by signing the southpaw. The team will leave for Marinette Sunday at 7:30 A. M. They will make the trip by automobile, and will be picked up at their homes along the way.

The Twin City performers do not as yet know of the change made in the Papermakers pitching force, and will be surprised to see the former Brewer take the mound. Their own force of twirlers is admittedly weak, and the big right hander, Schulz, will have to do a whole lot better next Sunday than he did in last week's Fond du Lac game, if he wants to avoid being punished by the Appletonians. Five hits in two games is not much of a record for a ball team, but that's what the Marinette team is credited with, so their batting ability ought not to throw a great scare into Higgins. They've been practicing steadily, though, under the eye of Manager "Pepe" Bresnahan, and may have a surprise up their sleeves. They have also acquired two new additions to their force, Reinhardt and Arndt of Racine, who were due to arrive in Marinette Friday.

RIVAL BOSSES PICK

Cleveland Gets Smith While Pittsburg Grabs Off Bagby

Pittsburg—Baseball produces many unusual situations. The cases of the veteran pitchers, Sherrod Smith and Jim Bagby, present peculiar parallels. Last year Sherrod Smith was with Brooklyn. In the 1920 world series against Cleveland his pitching was the outstanding feature from a National League standpoint.

In 1920 Jim Bagby was the big noise of the American League, leading all pitchers with 31 games won. Last season neither Bagby nor Smith were of much use to their respective clubs. In two short years they had faded from stars to ordinary performers. Brooklyn asked for waivers on Smith. Cleveland alone claimed him. Cleveland asked for waivers on Bagby. Pittsburg was the only club willing to take a chance.

Thus the two stars of 1920 shift to rival leagues. National League players think Smith is done, American Leagueurs feel the same way about Bagby. Despite this Manager Speaker of Cleveland is depending on Smith, while Bill McKenchie of Pittsburg says Bagby should prove a most valuable man.

Sometimes a change of scenery works wonders for a ball player.

Kinks o' the Links

A high wind is blowing directly into a player's line of putt. Has the player the right to send his caddie to the hole while he plays his stroke in order that his presence there may in a way break the force of the wind, thereby lessening the chance of having it change the course of the putt?

A player is always entitled to have his own caddie stand at the hole while he plays his stroke. Such action may possibly keep the wind from affecting the course of the ball. In so standing, however, the caddie must in no way move or otherwise try to influence the action of the wind on the ball. A player is liable to the loss of the hole for such action on the part of his caddie.

In a match played in the early spring a player on reaching his tee and shot first the same way on the fairway seriously interferes with his stance. Must he play the ball from such a lie?

Lee is regarded as casual water and if same interfere with the stance of the player it is permissible for him to lift the ball and drop it without penalty.

Louisville—Rube Mitchell of Milwaukee knocked out Tim Droney of Lancaster Pa. in the final round of a scheduled 12 round contest.

St. Louis Has Phenom In Friegau

BY BILLY EVANS
From "Willie Kamm" to Howard Friegau is a difference of \$100,000.

Both are junior big leaguers and judging by the reports of the critics, fans and players who have seen these rookies this spring they are destined to become league stars.

The White Sox paid \$10,000 to the San Francisco club for Kamm.

The St. Louis Cardinals did not pay a plugged cent for Friegau.

Friegau is already a sensation in the National League. His career reads like a fairy story but it is the truth—nothing but the truth.

The kid was covering shortstop for the Steele High nine at Dayton, O., during the summer of 1913 when Man-

ager Branch Rickey of the Cardinals was visiting relatives in Dayton. He accepted the invitation to see the home boys play for the high school championship. That night Rickey was in communication with Friegau's parents.

RICKEY DEVELOPS FRIEGAU
Two years later Friegau served as the clubhouse boy for the Cardinals and worked out with the team as if a regular. There was a reason—Rickey wanted the youngster to familiarize himself with the ways of the big leaguers, feeling that eventually he would have a phenom for shortstop.

Last summer Rickey was convinced as to the youngster's remarkable ability and Friegau was turned

over to the Syracuse club of the International League for development. A year's experience made him big league caliber.

This spring Friegau, together with Roscoe "Holm" of the University of Iowa, the veteran John Lavan and George Toporek were entered in the race for shortstop.

When the Cardinals opened the season against the Reds Friegau was at shortstop.

Branch Rickey loves to talk about Rogers Hornsby's success, yet he makes this statement:

Friegau is a better ball player today than when Hornsby broke in with the Cardinals in September, 1915.

1ST WARD LEADS IN GRADE SCHOOL RACE
First Warders Defeat Fourth While Third Trims Columbus

Supported by a fairly large attendance, the First Ward grade school ball team put it over the Fourth Ward 10 to 1, which places them at the head of the Grade School league with a perfect record. The game was more exciting than the score would indicate. Tezzel of the Fourth struck out three of the First's best sluggers in one inning. The game was lost chiefly through fielding errors. It was played on the First ward grounds. Batteries: Strutz and Eggert; Tezzel and Seldeha.

The score run up by the Third Ward team against the Columbus school players at Pierce Park was 26 to 5.

Batteries: Columbus—Engor and Kraufchup; Third Ward—A. Newman and G. Reiter.

Standing of the Grade School League:

W. L. Pct.
First Ward 4 2 .667
Lincoln 4 2 .667
Fourth Ward 0 1 .000
Third Ward 2 1 .668
Columbus 0 3 .000

GREEN BAY BUILDING NEW BASEBALL PARK

Green Bay—The new home of the Green Bay baseball club will be on a plot of land owned by the Hageman Bros. company, facing on the Main street car line, at the end of the Main street car line.

The shift from the Onoda plant site was decided on at the last minute as it was deemed that the Hageman Bros. land could be made into a better baseball field.

The new field will be about 350x350. The land is located directly east of the existing house. Plans call for the building of the grandstand and bleachers on the west and south side of the park.

Tearing down of the grandstand, bleachers, and fence at the old W. I. grounds got under way today. The stands and bleachers will be cut into sections and moved directly to the new field.

ANGLO-AMERICAN GOLF BAGNO, FAMOUS BUSINESS

St. Andrews, Scotland—British amateur golfers were leading their American opponents in five of eight matches when the players had completed 18 holes in the 36 hole two-day match, which includes the Walker Cup, was at St. Andrews. Three matches were at St. Andrews. The British need to win only four matches to take the cup.

Lugue's Effective Pitching Soaks Giants In White-wash

New York—Cincinnati evened its series with New York here on Friday. Lugue, the Cuban, shutting out the world's champions, 7 to 0. It was the first shutout suffered by the Giants this season. Bentley, New York's \$83,000 pitcher, lost his third game in four starts. He pitched a fair game on Friday but his wildness helped bring about his defeat. Score:

Cincinnati 0 0 0 0 2 1 2 1—7
New York 0 0 0 0 0 0 0 0—0
Batteries: Lugue and Hargrave; Bentley, Jonnard and Snyder.

ADAMS CELEBRATES
Boston—Pitcher Charles Babe Adams of Pittsburgh celebrated his forty-first birthday by defeating Boston, 4 to 3, on Friday. With two out in the ninth, Goech singled. St. Adams ran for him and reached third on a single by Barnhart. President Christy Mathewson of the Boston club presented Babe Adams with a floral tribute and Adams' team mates gave him a box of his favorite cigars. Score:

Pittsburgh 0 0 0 0 1 0 0 1—4
Boston 0 1 0 0 2 0 0 0—3
Batteries: Adams, Kunz and Schmidt; Fillingim and O'Neill.

BREAK HOMER WINS
Brooklyn—Toporek's freak home run that bounced into an alleyway at the end of the right field stand in the sixth inning, after Flack had walked, clinched the game for St. Louis 3 to 1, and gave St. Louis two straight in the series. Brooklyn's one run off Sherrod was due to a pass to Sale and Toporek's fumble. Score:

CUBS BEAT PHILS
Philadelphia—A home run by Keller with two on bases broke a deadlock with the Phillies on Friday and gave Chicago the second victory of the series, 10 to 7. Hollocher and Hartnett also made circuit drives. Seven pitchers were used by the two teams. Miller made a sensational catch in the seventh, robbing Philadelphia of a home run. Score:

Chicago 2 0 1 0 4 0 0 3—10
Philadelphia 1 0 4 0 0 1 1 0—7
Batteries: Aldridge, Stueland, Keene and Hartnett; Winters, Welner, Hubbell and Henline.

FACTORY LEAGUERS ALL SET FOR GAME
Industrials Will Open Season With Bang Saturday

The four Interfactory league games scheduled for Saturday afternoon are expected to offer a bunch of surprises to fans who are building surmises on last season's records. The Tuttle Press, for instance, has acquired a new pitcher, Maloney, who is a whiz and promises to blot the hard luck of last year off the books. Moreover, the rest of the team have been putting in their time to good advantage, which has improved their work greatly. The two new teams of the league are unknown quantities. The Appleton Conted Paper Co. has also bettered itself, and it is expected that Crovo will make it extremely hard for any enemy batsman to connect with the pill. The Cellucotton aggregation is the dark horse of the outfit. Being entirely new in the league, and from faraway Neenah at that, nothing whatever is known regarding the abilities and tricks of its stars.

TY BACKS JOHNSON OF DETROIT TO WIN
Wins Only Three Games In Season But Has Cobb's Confidence

Detroit—The hopes of the Detroit Tigers for the coming season are going to rise or fall on the showing made by Pitcher Sylvester Johnson. "Who is Sylvester Johnson? You ask."

Well, he is the young man secured by Detroit from the Portland club of the Pacific Coast League for \$40,000. Herman Pilleto was thrown in the deal for good measure.

Last season Pilleto won 19 games for Detroit while Johnson turned in only three victories.

It seems rather strange that a club should be banking strongest for the coming season on a pitcher able to win only three games last year.

Such, however, is the case. Manager Cobb knows that Johnson has the stuff and should be a big winner. The Detroit catchers are of the same mind. Often it is another story to win, even if you have the stuff. Pitching records of the majors are filled with such cases.

Johnson is a fast-ball pitcher with a rather peculiar sidearm style, which at times is a bit like that of a screwball. He is of the same type as a screwball pitcher.

Without a doubt St. Johnson is the big question mark in Detroit's penman chances.

Lugue's Effective Pitching Soaks Giants In White-wash

New York—Cincinnati evened its series with New York here on Friday. Lugue, the Cuban, shutting out the world's champions, 7 to 0. It was the first shutout suffered by the Giants this season. Bentley, New York's \$83,000 pitcher, lost his third game in four starts. He pitched a fair game on Friday but his wildness helped bring about his defeat. Score:

Cincinnati 0 0 0 0 2 1 2 1—7
New York 0 0 0 0 0 0 0 0—0
Batteries: Lugue and Hargrave; Bentley, Jonnard and Snyder.

ADAMS CELEBRATES
Boston—Pitcher Charles Babe Adams of Pittsburgh celebrated his forty-first birthday by defeating Boston, 4 to 3, on Friday. With two out in the ninth, Goech singled. St. Adams ran for him and reached third on a single by Barnhart. President Christy Mathewson of the Boston club presented Babe Adams with a floral tribute and Adams' team mates gave him a box of his favorite cigars. Score:

Pittsburgh 0 0 0 0 1 0 0 1—4
Boston 0 1 0 0 2 0 0 0—3
Batteries: Adams, Kunz and Schmidt; Fillingim and O'Neill.

BREAK HOMER WINS
Brooklyn—Toporek's freak home run that bounced into an alleyway at the end of the right field stand in the sixth inning, after Flack had walked, clinched the game for St. Louis 3 to 1, and gave St. Louis two straight in the series. Brooklyn's one run off Sherrod was due to a pass to Sale and Toporek's fumble. Score:

St. Louis 0 0 0 0 2 0 0 1—3
Brooklyn 1 0 0 0 0 0 0 0—1
Batteries: Sherrod and Clemens; Vance and DeBerry.

Athletics Hand Cleveland Indians Their Third Straight Licking

By Associated Press
Chicago—Quaker Town's hitherto despised Athletics loomed Saturday as the New York Yankees' most formidable rivals for American league honors for 1923.

By trouncing the third place Cleveland Indians 4 to 1, Friday their third victory in a row, on the heels of the league leaders, Harris let the Indians down with two hits.

At the same time the formidable Detroit Tigers fell before the onslaught of the cellarite Boston, 6 to 2. The Yankees incidentally took their fifth straight western victory by defeating St. Louis Browns, 9 to 4.

The maxim that youth would be served was scamped in the National league. The ancient Adolfo Luque who adds color to the Cincinnati reds, handed the world's champion New York Giants their first shut out of the season 7 to 0. That costly pitching article Jack Bentley, who cost Manager McGraw \$65,000 was the victim.

To make it unanimous for the ancients, Babe Adams, veteran Pirate reared himself to a gift of his forty-first birthday by defeating Christy Mathewson's Bostonians, 4 to 3. Adams started his big league grind with the Pittsburgh team fourteen years ago.

The Washington Senators tacked on two more double plays to their string of double killings, making their total 38 for the season.

Eddie Collins of the White Sox demonstrated that he is not slowing up. He cracked out four hits and drew a pass, stole two bases and accepted four chances, two of which required some sprinting against the Senators.

Babe Ruth is creeping up on Ken Williams of the Browns for home run honors in the American league. The King of Swat cracked out his sixth with Wright of the Browns the victim. Williams now has only one two run edge.

Joe Dugan, third baseman for the New York Americans made his first error of the season when he fumbled a grounder in the ninth inning of yesterday's game with the St. Louis Americans. It was the first double Dugan was charged with in 27 games he has participated in this season.

Charles John Grimm, the elongated first sacker of the Pittsburgh Pirates, will probably be "off" official scorers for life as a result of a little incident which occurred in the first Detroit Braves tilt the other day. Grimm had hit safely in 25 contests. It was the ninth inning, his last swat at the ball. The Pirate hit one on the nose through the pitcher's box. Larry Kopf the Boston shortstop, knocked it down but Grimm beat the throw to first. Everybody thought it was a hit but the official scorer charged Kopf with an error.

SPORT VIEWS AND NEWS

Tomorrow, the Wisconsin State league teams will be up and at it again. Green Bay travels to Menasha; Appleton plays in Menominee; Fond du Lac, with Howard in the box, is billed for action in Sheboygan, while Fred Beebo will take his saddest City trip to Kaukauna. Green Bay is the only team yet to escape defeat, the Marquette-Menominee Twins have been upset twice while the other squads are each credited with a victory and defeat.

Charles John Grimm, the elongated first sacker of the Pittsburgh Pirates, will probably be "

Science Offers Means
Of Removing Obsolete
Stains From Your Linens

Stains are a bogey every woman
nies up against. Sometimes her
en, personal or household, comes
contact with rust-producing metal
stance; other times fruit juices or
spilled, perhaps on a pretty dress
coat, or on furniture covers, and
thing spoils the appearance of an
side more than an unsightly stain.
Prompt action should be taken to in-
re complete success in removing
ins, and science, nowadays, lends
helping hand. Every housewife
ould always have at hand the fol-
wing chemicals and solutions—tight-
corked, duly marked "poison," and
fely kept under lock and key:
Bleaching solution, vinegar, salts of
non, oxalic acid, ammonia, hydro-
n peroxide, borax, soda, benzoline,
ller's earth and a wooden spoon.
To make a bleaching solution put a
lf pound of chloride of lime in a
sin, break the lumps up with a
soden spoon, add two tablespoon-
fuls of soda, and finally two
arts of boiling water. Stir this
ixture well and let it stand two or
ree hours, then strain through a
ee of muslin and bottle it.

Household
Suggestions

THE EGGBEATER
Never let the eggbeater soak, as
that draws oil from the gears. It
should be washed at once and set
to dry.

SAVING BUTTER
The butter cut in small blocks or
made in shapes and served on the
bread and butter plates is to be ad-
vised. On the plate it is perfectly
clean, even if left, because the knife
is used only for that.

REMOVING INK
Fresh ink stains may be removed
by soaking in milk. Old ink stains
that have dried may be removed by
washing in hot lard. Wash as one
would with water, using again and
again, finally washing out the lard
in soapy water.

WRAPPED FOODS
It is sanitary to buy cakes, pies,
crackers and other foods which are
to be eaten immediately in wrapped
packages or cartons. Cereals, how-
ever, have to be cooked before eating
and hence should be purchased in
bulk as they are cheaper that way.

BAKED POTATOES
Baking potatoes uses up consid-
erable gas. You can lessen the time
by boiling the potatoes for 15 or 20
minutes and finishing them in a
hot oven.

THRIFT
An empty garbage pail is the cer-
tain indication of two things: that
one knows how to buy and how to
use what one has bought. Thrift
does not put slices of bread, halves
of stale loaves, bits of cheese, vege-
tables, bones and scraps of meat
into the garbage pail.

Adventures Of
The Twins

A Battle

The army of wooden soldiers in
Bing-Bang Land stood waiting. Gen-
eral Nick stood at their head.

Nurse Nancy sat quietly in her
ambulance.

Up in the air floated the army bal-
loon, tied to one end of a string. Pri-
vate Ram Rod was in it (or under
it) watching.

Bye and bye a little parachute
came fluttering down from the bal-
loon with a stone and a note tied
to it.

General Nick opened the note and
read:

"Tin soldiers getting ready for bat-
tle. Army of red tin soldiers on
right. Blue tin soldiers on left. Cav-
alry in middle. Big guns behind."

General Nick folded the note and
stuck it in his pocket.

"Captain Buttons," he called.
Captain Buttons stepped forward.

"Pass around the shooting crack-
ers and give each man a torpedo,"
said the commander.

"Yes, sir," said Captain Buttons
saluting.

"Major Starb Front!" called Gen-
eral Nick next.

"Yes, sir," said Major Starb
Front stepping out and saluting.

"Give each man a pop gun."
"Very good, sir," replied the ma-
jor.

Soon the army was ready for bat-
tle.

The flag bearer waved his flag and
the drummer beat his drum and
General Nick stood very straight
with his sword over his shoulder.
Suddenly he called out, "Forward
March!"

The army stepped out.

"Charge!" cried the general.

The army ran.

As soon as they saw the enemy,

General Nick gave the order to fire.

Torpedoes, fire crackers and pop

guns did the work.

Soon not a tin soldier or tin horse

was standing. The wooden soldiers

captured the cannon and dragged

them away, also they captured some

prisoners.

"Hooray! We've won," they cried.

INORGANIC STAINS

Iron mould belongs to this class and
must be removed before steeping, be-
cause this kind of a stain spreads
when wet. Melt a teaspoonful of

oxalic acid in hot water and dip the
stain in it for a few seconds. If pre-
ferred, salts of lemon can be used, but
does not invariably prove effective.

A fresh ink stain only needs steep-
ing in milk or buttermilk, if done at
once, and then it will easily blot out.

30 Numbers To Be Sung At Church

Congregational Choir Will Sing Hayden's "Creation" Sunday Night

"The Creation" by Hayden, which includes 30 spiritual numbers based on the Biblical story of the creation of the earth, will be presented by the Congregational choir at the Congregational church at 8 o'clock Sunday evening. The choir will be assisted by Marian Waterman, soprano; Carl McKee, baritone, and John Phillips, tenor. Carl Waterman will direct the program while Frank A. Taber, Jr., will be organist and Miss Irma Sherman, pianist. The public is invited.

The introduction of the presentation represents chaos before creation. The program is divided into two parts, the first dealing with the creation of the firmament and the waters under the heavens. The second part deals with the creation of the earth, its inhabitants and man.

This is to be the last big musical service of the church before the summer season. The choir has put forth every effort to make it one of the biggest programs of the year and members of the church and their friends are urged to be present.

3 ALLEGED MOONMAKERS STILL ARE SOUGHT BY SHERIFF

Owners Of Properties Raided By Sponge Squad Have Not Been Arrested

The trio of alleged moonshiners of Buchanan, William Powers, Elmer and Charles Clune, whose premises were raided by local and federal authorities Wednesday, are still at large. Warrants issued for their arrest had not yet been returned by Saturday noon. Inasmuch as the municipal court is not in session on Saturday afternoon, the men will not be arraigned until next week.

John Powers, whose farm also was raided at the same time and who has already pleaded guilty to the charge of manufacturing illegal liquor, is in the county jail awaiting sentence which has been postponed until the other three men have been brought to court.

Among the collection of moonshiners' paraphernalia, including the 100-gallon and 30-gallon still which the officers seized last week, is a rifle which was stationed at one of the moonshine ambushes.

LITTLE CHANGE IN ROAD CONDITIONS

Bad Detour On Highway 18 Near Weyauwega Makes Going Difficult

By Associated Press
Milwaukee, Wis. — Road conditions throughout the state have remained practically unchanged this last week, the rain of the early part of the week having interfered but little with traffic, according to Milwaukee Journal tour department.

There is still a short detour on 57 just outside of the city, the detour being about a mile long and over a good gravel road.

Highway 17 is in fairly good shape to Manitowoc, there is two detours on the route but both are well marked and passable.

Highway 15 north is open and the bridge at Peshtigo has been repaired.

Highway 35 is closed between Kewaskum and Eden with a good detour over county trunk V between these two points.

For St. Paul would advise 15, 47, 16, 11, 12 combination.

Highway 18 around Weyauwega has a rather bad detour.

Highway 20 west of Hartford is under construction and detour is provided but same is rather poor.

WILL CONFIRM 6 AT JEWISH EVENT

Six children are to be confirmed at the special services at Temple Zion Tuesday at which the Jewish feast of the first fruits will be observed. Dr. Samuel Hirschberg of Milwaukee, noted rabbi, will conduct the examination of the children and also will give the address in honor of the festival. The ceremonies will begin at 10 o'clock in the morning.

Preparation of the children for confirmation, has been done by members of the congregation. The public is welcome to attend and witness the service.

Badger School Wins Post-Crescent - Cup In County Field Meet

George Krickeberg Takes Individual Silver Cup For Winning Highest Number Of Points In Various Contests

The Winners
Post-Crescent Silver cup — Badger School, Grand Chute.

Small Post-Crescent cup—George Krickeberg, Badger school.

These were the school and the pupil winning the greatest number of points at the first county rural school field day Friday at the court house and Lawrence athletic field.

Winners of the medals awarded by the county for the individual events were as follows: Dorothy Zepnick, Idlewild school, Seymour—spelling; Marie Loos, Grand View school, Ellington—arithmetic; Herbert Hansen, county Line school, Seymour—declamatory contest; Orville Tiedt, Sunnyside school, Center—100-yard dash; George Krickeberg, Badger school, Grand Chute—220-yard dash and half-mile run; Harvey Baerwald, Golden Hill school, Maple Creek—440-yard dash; Alvin Dohberstein, Oakhurst school, Hortonla — standing broad jump; Gerald Prentice, Cloverleaf school, Dale—running broad jump.

To George Krickeberg, belong the chief honors of the day. He won four events for his school, and at the close of the day's events Badger school gave him a cheer that betokened its appreciation. He was the only contestant to win first place in two events, receiving therefore 5 points on each count. He won the medals in the 220-yard dash and the half-mile run. As his 10 points were the highest received by any pupil, he received the silver cup on individual points. Badger school benefited by the same score rolled up by him and thus received the large silver cup, which it will hold for one year. The school winning it three times retains the cup.

The winner of the small cup had a formidable rival in Gerald Prentice, Cloverleaf school, Dale. It was just a fraction of an inch in a broad jump that prevented young Prentice from taking the prize away from Krickeberg.

Prentice not only proved himself a fleetfooted youngster, but was the champion jumper of the day and won points in more events than any other contestant. His record of 15 feet 4 inches in the running broad jump was 1 foot 3 inches more than the mark of his closest rival. He seemed to lack impetus in the standing broad jump for he lost by a half-inch, being beaten by Alvin Dohberstein of Oakhurst school, Hortonla, with a record of 7 feet 6 1/2 inches. Had the lad bettered his first mark by a half-inch, he would have won 11 points during the day and obtained for himself and his school both the cups.

BEST RUNNER
But this is not to detract in any way from the glory of George Krickeberg. A half mile run is something unusual for country boys, and winning it shortly after he had won the 220-yard dash was certainly an effort.

Many of the races, sprints and other events were close and keen competition was manifested throughout. A large crowd numbering more than 1,000 persons witnessed the contests in the courthouse and at Lawrence field, and cheered the winners of each event.

The spelling, arithmetic and declamatory contests were held in the morning. They were decided by W. P. Hagman, M. H. Small, Miss Janet Prock, Miss Florence Jenkins, A. L. Collier and Miss Nellie McDermott. Coach A. C. Denney of Appleton high school directed the athletic events at Lawrence field in the afternoon. Miss Jenkins, Miss McDermott and R. A. Amundsen were judges; W. P. Hagman and Henry Krickeberg were line men; A. L. Collier was starter and L. A. Fischer was scorer.

In the winning of points schools ranked as follows: Badger, Grand Chute, 10; Idlewild, Seymour, 9; Cloverleaf, Dale, 9; Hortonla, 1; Sunnyside, Center, 5; Raymond Blosser, Idlewild, Seymour, 3; Gerald Prentice, Cloverleaf, Dale, 1. No time kept.

220-yard dash—George Krickeberg, Badger, Grand Chute, 5; Harvey Baerwald, Golden Hill, Maple Creek, 3; Gilbert Luck, Oakhurst, Hortonla, 1.

440-yard dash—Harvey Baerwald, Golden Hill, Maple Creek, 5; Alvin Dohberstein, Oakhurst, Hortonla, 3; Edward Nussbaum, LaFollette, Ellington, 1.

Half-mile run—George Krickeberg, Badger, Grand Chute, 5; Edward Nussbaum, LaFollette, Ellington, 3; John Nienhaus, County Line, Seymour, 1.

Standing broad jump—Alvin Dohberstein, Oakhurst, Hortonla, 7 feet 6 1/2 inches, 5 points; Gerald Prentice, Cloverleaf, Dale, 7 feet 6 inches, 3 points; Ira Culbertson, Green Valley, Osborn, 7 feet 5 inches, 1 point.

Running broad jump—Gerald Prentice, Cloverleaf, Dale, 15 feet 4 inches, 5 points; Leslie Plamann, Sunnyside, Center, 14 feet 1 inch, 3 points; Ira Culbertson, Green Valley, Osborn, 12 feet 11 inches, 3/4 point; Raymond Moser, Idlewild, Seymour, 12 feet 11 inches, 3/4 point.

COMMITTEE OF WHOLE MAY MEET ON MONDAY

A meeting of the common council as a committee of the whole will be called by Chairman J. A. Wood probably to take place Monday evening. The committee is now recessing since the council meeting last Wednesday evening. The committee will call applicants for the office of city engineer for a personal interview.

GIRLS TO COOK SUPPER AT ALICIA AFTER HIKE

There will be a special hike from Appleton Woman's clubroom to Alicia park on Sunday afternoon for any girls who wish to cook their supper out of doors. The girls will leave the clubroom at 3 o'clock and hike out to the park. Each girl who wishes to be a member of the party is instructed to bring along her picnic lunch with some sort of meat to cook over a fire. Each will join the group at the clubroom. The usual Sunday afternoon excizes have been discontinued for the season.

Alice Johanna Hoffman was among the Appleton people who went to Green Bay on Friday evening to hear the concert given by Mme Ernestine Schumann-Heink.

(Continued From Our Last Issue.)

Kildare saw the play; the girl at the door, her gun raised. Shorty's pistol leaping into action; the frantic child struggling to throw off the iron hand on his arm. But more poignant than anything else was the glimmer in Shorty's eyes. Blaze knew he was the man's target, not the girl. His gun was in his hand. A tightening of the lips and his automatic spat forth its deadly message.

He saw Mercedes' gun flash. The report of it smothered his own. Only a split-second of time, that words fail to express, had intervened between the two shots. So close had been their death that neither the girl nor Bodine in the next room realized two guns had spoken.

Buck rushed to where the girl stood staring open-mouthed at the man on the bed. For a second, it seemed, Shorty hung poised in the air. His face was set, an unearthly light in his eyes. And then, with a thud, he crashed to the floor dead.

Kildare had not waited for a second look. He drew away from the window and picked up the empty shell from his gun. He threw it into the creek. Why he did this was not plain to him at the time. In some way, he knew, Shorty's death might be turned to his advantage. But how? How? He tried to whip his mind into helping him. He felt no regret over killing the man. It was part of the debt he had come to square. Acklin would be here in a few minutes. It was almost dawn, how could he resist this thing so that it would halt the Big Boss?

Blaze caught sight of a man approaching on horseback. He had been there only a second or two. Kildare drew back into the shadows lurking about the house.

Bodine was looking up at Mercedes from where he knelt beside the body.

"You killed my right," Blaze heard him say. "He's plumb dead. What you got to do now?" "Who's going to the pen? This state's no place for you. Say, I guess you'll glad to heat it with me. You wait, I'll get a couple of fresh horses and well hit it for Oregon on the jump."

"Throw up your hands!"

Bodine looked around. In the doorway stood the Big Boss.

CHAPTER XXXIII
GATHERING OF THE CLANS

Bodine stared speechlessly at Acklin. Shorty's sudden death and Mercedes' maddening influence had destroyed Buck's boastful pose. He had been prepared earlier in the evening for the advent of Morrow or some lesser light in the Double A constellation. But at no time had he dreamed that Acklin himself would come unbidden to bear him in his own den.

The Big Boss walked across the kitchen to the doorway of the room in which Shorty lay. As Buck recovered from the daze he was in, he finally managed to articulate:

"I ain't armed!"

"Take your hands down then," Acklin snapped. "Back into the center of that room."

Bodine retreated as he was ordered, facing the other man as he stepped backward. The big cattle man kept pace with him. A movement near the window to which Mercedes had stepped with Basilio stopped him in his tracks. His gun was in position as he wheeled, but he dropped it in consternation as he recognized the girl and child.

Hatred flamed in Acklin's eyes. Finding her here with Bodine was a staggering blow to his vanity. He had overheard Buck's words urging flight to Oregon. They were going together!

Mercedes bit her finger nails nervously under the searching scrutiny of Acklin's eyes. Her very excitement made her seem guilty to him. The crying child brought back to the man a recollection of Esteban's words. Bodine had taken care of the child then. She had come, too. In some way she had got rid of him. Melody.

His voice rose to a roar as he opened his mouth to speak.

"So you're ready to skip with Bodine, eh? That's your little plan, is it? You forget it! He's done all the traveling he's going to do. You'll go with me when I leave here. Aw-wah! Who did that?"

He pointed to Shorty.

"She did!" Bodine cried, wiping the blood from his scratched face. "Put her gun out and get him from the door, then!"

"Is that right?" Acklin bellowed.

Mercedes covered her face with her hands. He could hear her sob as she turned away. It was answer enough for him.

"They'll take you to jail for this," he crumbled. He stopped to mutter to himself. Then, "No, they won't either! I'll fix that!"

He came close to Mercedes. His nerve had returned in a measure.

"You won't take her away from me, Acklin, not that way," he cut in before the Big Boss could speak. But Acklin laughed in his face for his pains.

"You have your little joke, Bodine," he warned. "Your time's short enough."

Buck's face paled a trifle at the studied ease with which the man before him uttered this statement.

"What you hintin' at now?" he demanded.

"When my men get here you'll find out. You didn't think you could get away with what you pulled on me tonight, did you? You bossed this den!"

Bodine's lips twitched uneasily. Had the fool kid given him away? His poker eyes searched Acklin's face for some sign of bluffing, but he found nothing to reassure him.

"You haven't time to have me arrested on that bosco's word, are you?" he asked.

"No. We ain't going to arrest you, Bodine."

The directness of this statement blanched the big fellow's face. They were going to do without the law, that was what Acklin was saying! The blood along Buck's spine grew cold for a brief second. But his concern passed. He had been in dire straits before and lived through them. He summoned a grin to his mouth now and laughed derisively, pretending not to understand the innuendo.

"You're all cut up about your dam, ain't yuh?" The laugh died out of Bodine's voice. "You'll never rebuild that little toy, either; not if you jug me!"

It was Acklin's turn to smile.

"We clean forgot about your injunction when we built it, didn't we?" he asked sarcastically.

"No," Buck shook his head. "You forget how the water was tricked out of the Rebel so that you could build your dam! When I tell my story to the jury, you'll go into eclipse!"

"The jury that's going to hear your case will use a rope! You get that, Bodine. By the time the coroner comes to get this thing on the floor, the buzzards will be picking your bones. There won't be any body but me to say how this man got shot. And if I say that you did it the matter will be ended. You are going to swing!"

Buck cast an anxious, calculating eye at the window. The one at his back was open. It was near enough to a flying leap, and he could make it. In the murky grayness of early dawn he could steal away. Acklin was looking at his watch. It was an opportunity, a chance!

Mercedes was watching Bodine. She saw his fingers clench, his muscles knot. She divined his amazement.

Bodine crouched then for the spring that was to take him to safety; but the patter of horses outside the window at which he was aiming stopped him short. Acklin smiled at him pityingly. He had heard, also.

Kildare had watched Acklin and Bodine. He blessed every minute that passed without bringing the rank and file of the Double A to thwart him. That the Big Boss had come there single-handed revealed Acklin in a new light. Blaze had always found him cautious, tactful, unemotional. His coming here was mad. He could not have known that Bodine was alone. Or had he figured that the man was in hiding; that the house on Webster Creek would be deserted?

He had heard the bustle of approaching men a long minute before Buck or Acklin became aware of their noise. There were five or six in the party. He recognized Brother Jones' cackling voice. A second later the old man and his companions were tramping into the kitchen.

Blaze recognized Chet and Patter son hanging up the rain. They were all heavily armed. Brother Jones was already at the door of the room in which Acklin had cornered Bodine. The others were at his heels.

Kildare sprang into action. He vaulted his hands on the sill and placed himself in the kitchen. When the Big Boss caught sight of him he believed the man had come in with the others.

"Here he is!" the owner of the Double A called out, pointing at Bodine.

"My Gawd! Who done that?" Brother Jones exclaimed, catching sight of the lady in the corner.

The coming of these men turned Buck's face a sickly hue. He actually staggered when he said, "She did-did it!"

RULE X
The several standing committees on accounts shall file with the clerk their reports on claims referred to them before two o'clock in the afternoon of the 2nd day before adjournment; and all claims not examined and audited by them at that time shall go over to the next session of the Board.

RULE XI
All motions to reconsider any previous motion or resolution shall be made within twenty-four hours after the adoption of such motion or resolution, or notice be given that a motion to reconsider will be made the next day, in which case the motion to reconsider may be made on the next day.

RULE XII
Whenever poor persons in the county shall receive aid through the proper authorities, due notice thereof shall be immediately filed with the County Clerk. The chairman of the county poor committee shall then be notified to locate the legal address of said poor person. Within fifteen days after the poor committee has established the legal residence of said poor person or persons, the county clerk shall, by writing, duly notifying the proper authorities of the place where said poor person has legal residence that such aid has been rendered.

RULE XIII
All claims and demands against the county shall be filed with the County Clerk on or before the second day of each session of the Board, provided, that by two-thirds consent of all members present any bill filed after that time may be presented to the Board.

RULE XIV
A County-State Road and Bridge, consisting of five members to represent the towns, cities and villages.

RULE XV
The Committee on Equalization shall consist of nine members to be represented as follows:—City of Appleton, 2; City of Seymour, 1; Villages 1, and City of Kaukauna 1 and the towns 4. Said committee shall meet during the first week of the annual meeting of the County Board to perform such duties as are imposed by law on said committee.

RULE XVI
All resolutions and claims to the County Board shall be over one day, excepting when by a two-third vote of said board, any resolution may be voted on the same day, it being introduced, and, excepting a resolution read on the last day of any session of the Board.

RULE XVII
All officers, namely the County Clerk, County Treasurer, County Clerk, County Auditor, County Clerk, Municipal Officers, County Judge, Sheriff and Registrar of Deeds shall report to the County Board at its annual meeting in November showing the receipts and disbursements of their offices and any other matter which may be of public concern to this Board.

No. 9. Resolution in regard to appropriating \$20,000 for road work.

To the Honorable Board of Supervisors of Outagamie County, Wisconsin:

Gentlemen:—
Whereas, your honorable body has annexed and made a part of the County Trunk System of Highways, the following described road:

"Commencing at the intersection of State Trunk Highway Number 15 and 18 in the Village of Little Chute, on Grand Avenue, running thence in a southerly direction thru Sections 28 and 33 to the Calumet County line," and due to the fact that this road is in bad shape for public travel on account of the heavy traffic that is carried over this piece of highway, we therefore pray that your honorable body set aside or appropriate out of the general fund of the County, for the purpose of improving the stretch of this highway running thru Sections 28 and 33, the sum of Twenty Thousand Dollars (\$20,000).

Now Therefore Be It Resolved, That there be and is hereby appropriated out of the general fund of the County the sum of Twenty Thousand Dollars (\$20,000) to aid in the construction of a concrete pavement on the above described road.

No. 10-11. Petitions and resolutions in regard to appropriating \$10,000 for the City of Kaukauna read.
To the County Board of Outagamie County:

We, the undersigned citizens and business men of the City of Kaukauna, do hereby petition your Honorable Board to recommend an extension of Trunk Highway No. 15 from its present terminus on Black Street to Wisconsin Avenue.

Signed by Sixty-nine Citizens.
Resolution No. —
Resolution Appropriating Ten Thousand (\$10,000) Dollars for the Extension of the State Trunk Highway No. 15 from the Terminal South on Black Street and East on Wisconsin Avenue.

Whereas, the State Highway Commission and the County Highway Commission have laid out the State Trunk Highway No. 15 South on Black Street and East on Wisconsin Avenue, and

Whereas, the citizens of Kaukauna and the business men of said city have petitioned the Honorable County Board of Outagamie County for the extension of said State Trunk Highway as laid out by the State Highway Commission and the County Highway Commission, and

Whereas, it is deemed expedient and necessary to improve said highway at the present time, and

Whereas, said highway is now in poor condition and the citizens from Outagamie County have complained of its condition.

Now Therefore, be It Resolved by the County Board of Outagamie County that the sum of Ten thousand (\$10,000) dollars be appropriated from the general fund to construct an eighteen (18) foot concrete highway from the terminal on the present State Trunk Highway South on Black Street and East on Wisconsin Avenue to the extent of said appropriation.

No. 12. Petition of Town of Ellington read. (Bridge.)
To H. J. Kamps, Jr., County Clerk and D. J. Ryan, Chairman of the County Board of Outagamie County, Wisconsin:

Gentlemen: The petition of the Town Board of Supervisors of the Town of Ellington, County of Outagamie, Wisconsin, respectfully represents:

First—That there has been in said town of Ellington a bridge maintained in and as a part of the public highway and known as the Dorn bridge across the Dorn Creek in the public highway between Sections 11-14 of said town of Ellington in the said County of Outagamie.

Second—That on the 3rd day of April, 1922, said bridge was completely wrecked and washed out by a flood or freshet; and that the public interests demands said bridge be replaced with as little delay as possible. It is necessary that the work of re-construction or repairing be taken up at once as the proper case of emergency under Sub-Section 4-1319 of the laws of Wisconsin.

Third—That the estimated cost of building said bridge is \$2500.00 Dollars, which sum exceeds the amount of \$500.00 Dollars, and therefore brings the expense of constructing said bridge within the statutes of Wisconsin, in such case made and provided.

Fourth—That the said town has provided and this time holds available for its part of the expense of constructing said bridge, the sum of \$1250.00 Dollars, as such sum in excess thereof as the case may be necessary to bear the expenses of one-half of the entire expense of building said bridge.

Fifth—Wherefore, your petitioner asks the chairman of the County Board to appoint two of its members of the body to co-operate with the authorities of the Town of Ellington, in the work of prosecuting the rebuilding and construction of said bridge, according to Sub-Section 4 of Section 1319 of the Laws of Wisconsin as amended.

Dated this 14th day of April, A. D. 1922.
I. J. Werner,

No. 13. Petition of the Town of Ellington and Center read. (County Patrol System.)
To the Honorable Board of Supervisors of Outagamie County:

Gentlemen:—
We, the undersigned residents and freeholders of the Towns of Ellington and Center, respectfully petition your honorable body that the following described highway be made a part of the County Highway Patrol System, beginning at the intersection of the highway running through Section No. 16, Town of Ellington, and County Trunk Line B, thence extending east and northeast to the section line between Section No. 9 and Section No. 18, thence east on the section line between Section No. 9 and Section No. 12 and 13, Town of Ellington, thence continuing east on the section line between Section No. 7 and 18, Section No. 8 and 17, Section No. 9 and 16, and Section No. 10 and 15, Town of Center, until it intersects State Trunk Line No. 47.

And that the following described highway be discontinued as a part of the County Highway Patrol System: Beginning at the intersection of the highway running through Section No. 16, Town of Ellington, and County Trunk Line B, thence extending east and southeast through Sections No. 16, 15, 14 and on the section line between Section No. 13 and 24, Town of Ellington, thence continuing east, on the section line between Section No. 18 and 19, thence extending north one-half mile between Section No. 18 and 17, thence east through Sections No. 17, 16 and 15, Town of Center, until it intersects State Trunk Line No. 47.

No. 33. Petition of the Town of Kaukauna read.

(Roads.)

To the Honorable Board of Supervisors of Outagamie County, Wisconsin.

Gentlemen:—

We, the undersigned, petition your Honorable Body to add and make a part of the County Trunk Line System State Trunk Highway No. 15 on the Section Line between 32 and 33, running thence north on said Section Line through 28, 29, 20 and 21, 16 and 17 to the intersection of County Patrol Section 22 in the northwest corner of

Section 16 and the northeast corner of Section 17, terminating there, and to be known as the County Secondary Highway in the Town of Kaukauna.

In explanation of your petitions we wish to inform that the above described highway is a very heavy traveled road and due to that fact, is at some times of the year impassable because of lack of the right type of surface and because of these existing conditions, we, the undersigned, pray your Honorable Body to annex and make this above described road as part of the Outagamie County Secondary Road System, and if so added will produce considerable convenience to the freeholders residing tributary to the above described highway.

Now Therefore, Be it Resolved that the above described Highway be and is hereby made a part of the County Secondary Highway.

Dated April 19th, 1922.

James Farrell,
James Nelson,
Albert Van Vreede.

Town Board of the Town of Kaukauna.

Same was referred to highway committee.

No. 34. Petition of the Town of Kaukauna read. (Bridge.)

To the Honorable Board of Supervisors of Outagamie County, Wisconsin.

Gentlemen:—

Whereas, at an annual town meeting in the Town of Kaukauna in said County, on the 4th day of April, 1922, a special tax of One Thousand Dollars (\$1,000.00) was voted under Sub-Section (2) of Section 1317M-4 of Chapter 337, Laws of 1911 and amended thereof for the grading and surfacing of a highway on the secondary road, beginning at a point at the intersection of State Trunk Highway No. 15 on the Section Line between 32 and 33, running thence north on said Section Line as far as the money available will improve.

Therefore, we, the undersigned, Supervisors of said Town of Kaukauna do hereby petition your Honorable Body to appropriate 60% of the amount to cover the County's share of the cost of the improvement, to be expended for the purpose in accordance with the resolution passed by the County Board at its previous session.

Whereas, that pursuant to Section 1317M-15 of the Statutes of Wisconsin as amended, and especially 1317M-4, Paragraph 9, and sub-section (a) and (b) thereof, said Town has heretofore borrowed, secured and provided, as provided by said Law the sum of Twenty-five Hundred Dollars (\$2500.00) with which to carry on and pay for the improvements, and the whole thereof to be done on that portion as soon as said Highways are completed.

Therefore, you, and especially the said County Highway Commissioner and the County State Road and Bridge Committee will therefore please take notice to obtain, and provide in depositing said fund in the County Treasury for the purpose of the aforesaid, and that we hereby request and demand that the said work of improvement of the above Highway in said Town be commenced under the said direction of the County Highway Commissioner, pursuant to the said Highway Law forthwith, that the sum of Twenty-five Hundred Dollars (\$2500.00) be expended by the said County Highway Commissioner for that purpose.

Dated this 19th day of April, 1922.

James Farrell,
Town Board of Supervisors.

Same was referred to highway committee.

On motion of Supervisor Tracy the board adjourned until 9:30 tomorrow morning.

To the Honorable Board of Supervisors of Outagamie County, Wisconsin.

Gentlemen:—

Your committee to whom was referred Petition No. 9, carrying with it a Resolution of an appropriation of Twenty Thousand Dollars (\$20,000) for the improvement of concrete pavement of a highway commencing at the intersection of State Trunk Highway 15 and 18 in the village of Little Chute on Grand Avenue, running thence in a southerly direction to Section 28 and 33 to the Calumet County Line.

Your committee having had this under advisement with the District Attorney and after considerable discussion on the part of appropriating Twenty Thousand Dollars (\$20,000) out of the General Fund of the County for this improvement, we were informed that under the State Aid Highway Laws of the State of Wisconsin, we are not allowed to make any appropriation for Highway Improvement at this time. Due to this information, your committee respectfully recommends that the resolution carrying with it the above mentioned appropriation be laid over at such time when your Honorable Body sees fit to grant said Resolution.

All of which is respectfully submitted.

Dated this 19th day of April, 1922.

Geo. F. Fiedler,
I. J. Werner,
P. H. Ryan,
A. M. McClone.

County State Road and Bridge Committee.

All members present.

Supervisor Spoehr moved to adopt. Motion prevailed.

No. 36. Report of the highway committee in regard to appropriating \$10,000 read.

To the Honorable Board of Supervisors of Outagamie County, Wisconsin.

Gentlemen:—

Your Committee wishes to report to your Honorable Body that we have investigated and had under consideration with Mr. Werner relative to the Ten Thousand Dollars (\$10,000) supposed to have been voted by the Town of Ellington to aid in the construction of a concrete pavement in the year 1915 on the Shioron-Stephensville road to be widened from a 9 ft. to a 16 ft. width, and after considerable deliberation with Mr. Werner in paying this money into the County Treasury at this time, Mr. Werner informed us that the Town of Ellington would not be in a position to pay any, but that he would take it up with the voters of said Town and report at a later meeting of the Highway Committee.

On the 10th day of April, your Committee met in the office of the Highway Commissioner and again took up the matter relative to this appropriation and Mr. Werner reported that all the Town could possibly do at this time was to pay Two Thousand Five Hundred Dollars (\$2500.00) as soon as the contract covering application No. 326 and Job No. 3721 is complete.

Therefore, your Committee recommends that your Honorable Body accept the amount of Two Thousand Five Hundred Dollars (\$2500.00) at this time.

Dated this 19th day of April, 1922.

No. 37. Report of the highway committee in regard to future appropriations read.

To the Honorable Board of Supervisors of Outagamie County, Wisconsin.

Gentlemen:—

Your committee to whom was referred Petition No. 25 requesting an improvement in the City of Appleton, commencing at the intersection of Bruce and Lemnaw Streets, your Committee having also investigated this with the District Attorney and after considerable discussion, finally were advised by the District Attorney that under the Highway Laws we could not appropriate any more money at this time, and therefore, your Committee recommend that the same be laid over until such time when money can easily be provided for Highway improvement.

All of which is respectfully submitted.

Dated this 19th day of April, 1922.

No. 38. Report of the highway committee in regard to stone crusher read.

To the Honorable Board of Supervisors of Outagamie County, Wisconsin.

Gentlemen:—

Your Committee, to whom was referred Resolution and Agreement No. 27 by the Town Board of Greenville and the County-State Road and Bridge Committee, your committee with the Town Board of Greenville have investigated the agreement relative to the renting of a stone crusher belonging to the Town of Greenville and after considerable discussion agreed to deliver the crusher and bins complete and make such repairs as will bring the crusher in as good a condition as it was when received by the County, weather conditions excepted.

Your Committee therefore recommends to your honorable body to accept the agreement as above stated.

All of which is respectfully submitted.

No. 43. Report of the finance committee read.

To the Honorable Board of Supervisors of Outagamie County, Wisconsin.

Gentlemen:—

Your Finance committee wish to call the board's attention to several matters which we consider would be of vast interest to all concerned, and therefore recommend the following:

We recommend that the Highway Department engage the service of Reilly-Penner & Benton, auditors, who are now employed by the county on a regular basis from month to month, to inaugurate a system of book-keeping in the office of the highway commissioner.

We further recommend that the auditors be instructed to open a proper separate account of highway funds in the county depository to conform with the system of book-keeping installed by them, and provide a form of vouchers without which no funds shall be drawn from this account, and which voucher shall bear the signature of the highway commissioner, chairman of the highway committee and countersigned by the county treasurer.

We further recommend that the county clerk be authorized to secure competent help to install a general index system of all records contained in the clerk's office, and that the cost of such help be paid out of the general funds.

Dated this 20th day of April, 1922.

No. 52. Report of committee on Poor. (Providing for care of poor.)
REPORT OF COMMITTEE ON POOR
From examination of poor claims presented to this Board for allowance and from the examination and investigation of the various cases your committee has come to the following conclusions:
1. That Outagamie County has outgrown the Town, village and city of conducting the care of indigents; that the care of indigents has increased and is constantly before us to deny liability and attempt to force paupers upon the county and thereby relieve the municipalities who ought according to law to care for their own paupers.
2. That by reason of this, certain of our municipalities are shifting the burden in part on other municipalities who are already burdened with their own poor and that such discrimination is unfair to the taxpayers of the respective communities.
3. That the present system should be done away with and the County System of Poor Relief be substituted and that in our opinion the establishment of this system would solve our pauper problems by furnishing relief more comfortable and adequate at much less expense to the county at large.
We therefore recommend that the chairman appoint a special committee to study the system as applied to the problems of Outagamie County and to report their recommendations at the November Session of this Board.

No. 56. Resolution of Charles Wendt read. (Joint Sanitarium.)
RESOLUTION
Whereas, it seems advisable from information reaching this Board that the question of maintaining a joint Tubercular Sanitarium should receive serious consideration.
Therefore be it Resolved, That the Trustees of the Sanitarium County Committee on Sanitarium and Building and Grounds Committee be and are hereby authorized to take any action that would result in the constituting a joint Sanitarium with some neighboring county and to take the necessary steps provided by law for that purpose.
Respectfully submitted,
Chas. Wendt.

No. 57. Report of P. H. Ryan in regard to highway department read. (County garage site.)
STATEMENT
To the Honorable Board of Supervisors of Outagamie County, Wisconsin.
Gentlemen:—
Your County-State Road and Bridge Committee met on the 20th day of March, 1922, and at that time appointed Mr. Pat Ryan, a member of the committee, and A. Brucewitz, highway commissioner, to investigate and locate a site for the erection of a County garage and tool house.

On the 5th day of April, Mr. Pat Ryan and Mr. Brucewitz reported that they had viewed several sites of which one is the Smith property, located on State Trunk Line No. 15, on the east end of said trunk highway, and approximate distance of a quarter of a mile north of Second Avenue, containing less than two acres, at an approximate cost of \$1600.00.
On the same day they viewed several sites along State Trunk Highway No. 15 and found that the prices were so high that they believe the people did not want to sell any of their property.
They then viewed a site on the State Road in the City of Appleton known as the Slater property, containing twenty-three acres, out of which Mr. Slater will sell four acres in a square block fronting the State Road, at a total cost of \$1600.00 or \$400.00 per acre.

We have also view a site on the Asylum Farm near the side-track which makes an ideal spot, but due to the inconvenience of taking care of labor and conveying them back and forth, it makes this almost prohibitive. Aside from that, it would be an ideal spot and can be acquired at no cost.
Same was received and placed on file.
Supervisor moved that the district attorney be instructed to make inquiries relative to the cost to gain title to the court house site and report at the November session. Motion prevailed.

No. 1. Call of special meeting read.
CALL OF SPECIAL MEETING
To the Honorable Chairman and County Clerk of the Outagamie County Board.
Gentlemen:—
We, the undersigned, request you to call a special meeting of the County Board on the 28th day of June, at 2:00 P. M., for the purpose of determining who shall build and construct a road known as the Bear Creek-Shoerton Road, located near the Tamarack Bridge, a distance of approximately one-half (1/2) mile, in Section Eleven (11), Towns of Liberty and Maple Creek, in said County, and further known as the County Trunk Highway R and Patrol Section No. 7.
The above described road is entirely washed out, and is, therefore, in immediate need of construction.
Further, that road known as the Bear Creek-Leeman Road is also badly washed out at Embarras fill near Coffey Bridge which spans said river. This fill is so badly washed that it requires immediate need of construction in order to make said road passable.
Further, to raise sufficient funds to take care of the damages caused by the recent floods on bridges and highways.
Also such other business as may be legally brought before this body.
Dated this 17th day of June, 1922.

No. 2. Petition of the Freeholders of the Town of Deer Creek, Maple Creek and Liberty, hereby petition your honorable body to lay out a highway commencing at a point near or at the quarter post on the Section line between Sections 20 (2) and Thirty-five (35), running thence east on said Section Line to the intersection of a Highway just across the Embarras river, which Highway runs north and south or parallel with said river, and intersects County Trunk Highway F on the north and County Trunk Highway now known as R on the south.
The reason for petitioning your honorable body to lay out the above described highway is due to the fact that the Towns of Deer Creek and Maple Creek have refused to lay out said Highway, and further, that a portion of a highway running parallel with the Embarras River on County Trunk Line R is so badly damaged by washout, due to the overflow of the Embarras River, that the expense of repairing same would be much greater than that of laying out the above described highway, and after such repairs have been made said Highway would always in the future be subject to washouts due to the highwater, which causes great damage to the freeholders and taxpayers residing on either side of the river, due to the fact that it cuts them off from hauling their produce to either market or cheese factory.
Whereas, by laying out and constructing the above described highway will add material benefit to the taxpayers generally and of great convenience to the school district. Whereas, on the other hand, it produces very material inconvenience due to the overflow of the Embarras River which causes great damages annually to that portion of the highway running parallel with the Embarras River on County Trunk Line R near the Tamarack Bridge.
Dated this 18th day of May, A. D. 1922.

Supervisor Schwammer moved that the same be referred to a committee of three to investigate the matter and report at the November session. The chair appointed Supervisors Tracy, Sievert and Mack as such committee.
Supervisor Tracy moved that the committee on sanitarium be authorized to construct and repair the culvert on the road leading to the sanitarium. Motion prevailed.
No. 3. Report of the highway committee read. (\$53.986 approved.)
REPORT OF THE HIGHWAY COMMITTEE
To the Honorable Members of the Outagamie County Board.
Gentlemen:—
Your committee, with the assistance of the County Highway Commissioner, have investigated the damages incurred by the recent flood to the Highways and Bridges, including the damages caused by the high water of last spring, and all such bridges in which the County owns the Towns and pays one-half of the total cost of construction.
The estimated quantities are as follows:
Kantz Bridge on County Trunk Line J, or sometimes known as the Town Line Road—240 ft. span bridge, and a fill of 13 ft. high is required in order to complete the damages at a cost of approximately \$12,000.
Foster Bridge on County Trunk Line E, or sometimes known as the Little Chute-Freedom Road—240 ft. spans are required here, and a fill of 10 ft. of approximately 300 ft. long, at a cost of \$10,000, approximately.
The above bridges are in question as to who shall construct and pay for them as an improvement has been made by the County by surfacing with concrete pavement over these bridges, and therefore, should be determined by your Honorable Body as to whether the Town shall become a part in the payment of these bridges.
Following are the County Aid Bridges in which the Town has heretofore paid one-half of the total cost:
Ryan Bridge—24 ft. span.
De Bruin Bridge—16 ft. span.
Kerkhoff Bridge—20 ft. span.
Approximately 364 cubic yards—at an estimate cost \$8,736.
The above bridges are located in the Town of Buchanan.
The damage caused by highwater on the Embarras River on County Trunk Line S, in the Towns of Liberty and Maple Creek, your Committee feels that according to all the information that could be obtained from the County Highway Commissioner that in order to make the improvements caused by said overflow to avoid future washouts, it would be necessary to erect two 24 ft. concrete bridges and to acquire the necessary land to make the fills required, as were caused by the overflow of the Embarras River, at an approximate cost of \$12,000.00.
There are other washouts caused by the recent flood along on County Trunk Highways which all have to be replaced by filling dirt at an estimated cost of about \$5000.00, at this time there are lanterns and guards placed to protect the public from danger, and are awaiting the action of your body, to take care of these damages.
There is also a bridge on County Trunk Line C, in the Town of Freedom, in which there is a question raised as to who shall build and pay for the cost of erecting said structure which should be determined at this session of your Board, so as to avoid all future arguments, when such improvements or replacement of bridges become necessary when the damage is caused by flood. The estimated cost of said bridge is \$2,400.00.
The Coffey Bridge on the Bear Creek-Leeman Road or County Trunk Line F, in the Town of Deer Creek, a 24 ft. span concrete bridge at an estimate cost of \$3200.00. This bridge is also in question, due to the fact that it is on the County Trunk Line system.
The damage caused by the recent flood on County Trunk Line H in the Town of Oneida by the overflow of Duck Creek washed out a fill of approximately 150 feet and 10 feet deep, at an approximate cost of \$350.00, which is also a question as to who shall pay the cost of replacing the fill.
The damage caused by the overflow of Mud Creek on the Road known as the Brickyard Road is estimated at \$300.00 to replace the fill, which is also a question as to who is held for the damages.
Dated at Appleton, Wisconsin, this 28th day of June, 1922.

RESOLUTION
Resolved, that the County Judge of Outagamie County, be and hereby is authorized to employ one clerk in addition to the help in his office to assist in the clerical work incident to the administration of the County's Pension Law, Farm Drainage Law, and such other work as the said Judge shall direct, beginning the first of December, 1922.

That the compensation or salary of such clerk shall be of such sum or amount as the said Judge shall determine, not exceeding, however, the sum of \$50.00 per month, payable as herein provided, and

That the said County Judge shall file with the County Clerk, a certificate of the appointment of such clerk and the amount of wages or salary such clerk is to receive, and

That the wages or salary of the clerk so appointed and certified by the County Judge shall be paid monthly at the same time and in the same manner as the salaries of the other officers and employees are paid, and

That the said clerk shall hold his or her position subject to the discretion of the County Judge, who, in case of vacancy, may appoint some other person at the same compensation herein provided.

Nov. 14, 1922.

The County Board of Outagamie County.

Gentlemen:—
The work in the County Judge's office has been increased to such an extent that I find myself unable to do the necessary of asking for additional help. Within the last two years, the State of Wisconsin has added very materially to the work of the County Judge's office, and especially so in counties that do not maintain a juvenile court, as this county does not. Some of the additional work so imposed upon the County Judge's office is as follows:

First: In 1917, the legislature enacted a law, now commonly known as the "Mother's Pension Law," more specifically, however, the "Mother's Aid to Dependent Children Law," which law I may say that this office has attempted to carry out its spirit and purpose as far as facilities for doing so have been provided. Your committee on poor accounts has met with me regularly once a month for the past year, and passed on all applications for such aid. Their counsel and advice have been of great assistance to me in the administration of that law. Our meetings and proceedings have always been pleasant and harmonious. I must say that after the experience of more than one year, which it has had, the members can advise you very thoroughly as to the present situation in that department of my work. Several members of your board have been sufficiently interested to be present at our meetings, and they can speak for themselves. I have also asked the members of the legislature for this county to be present at one or two of such meetings, in order that they might be able to give the legislature the benefit of their legislative duties. One member has been present. It is hoped that the other member will meet with us at our December meeting, which will take place, probably, on the second Wednesday of December, 1922, at ten o'clock in the forenoon. It certainly would be very desirable for every member to attend one or two meetings with the County Judge.

Second: In 1919, the legislature enacted what is known as the Farm Drainage Law, which is to be administered in the County Court and under the general direction of the County Judge by a Farm Drainage Board, to be appointed by him. The present drainage board consists of Herman Wiekert, Fred Petersen, and David Hodgins. One drainage district under that law was organized for the Town of Cicero, in 1919, but nearly all the work done in that district has been done under my administration. There are now before the County Court, petitions for additional Farm Drainage Districts: one from the Town of Oneida which involves 1.1 acres, and a third from the Town of Ellington, which probably is a smaller district. When they are fully organized, it will be necessary for the County Judge to have the County Judge's office. Under law, all orders must be recorded in books appropriate therefore. The records and orders of the Court, making assessments of benefits, damages, and costs for and against each separate tract of land, must be recorded. Those of you who are familiar with the work in making assessments and tax rolls, are in a position to appreciate more the work involved in recording such assessments in books kept for that purpose. The minutes of the Court and all hearings, must also be recorded.

Third: Outagamie County maintains a Tuberculosis Sanatorium at Little Chute, known as Riverview Sanatorium. Under the law under which that institution is maintained, all applications for admission to that institution by persons who are unable to defray the expense incident to treatment there, must be made to the County Judge. He must hear their application and ascertain whether their financial state is such that the county ought to bear the expense of their treatment. Proper records of all such cases should be made, and the files, orders, and petitions kept in the County Court. The practice in that respect has not been strictly in accordance with the statutes. The duties involved in the administration of that law requires considerable additional work. I am now in communication with the administrator of the Sanatorium with reference to more satisfactory system to file the records. The State of Wisconsin also maintains a State Sanatorium at Wales, Waukesha County, Wisconsin. Application for admission to that institution should be made to the County Court whenever the applicant is unable to bear the expense himself. The State also maintains at Tomahawk Lake, a camp for tubercular patients who have so far improved as to make it desirable that they should go to that camp for final treatment. Cases for that institution also come under the jurisdiction of the County Court, and in all these cases proper records and files should be kept in the County Judge's office.

Fourth: The State maintains at Madison, a hospital, originally known as the Bradley Memorial Hospital, now more generally known as State of Wisconsin General Hospital. The purpose of that hospital is, in part, to furnish medical aid for crippled children. When the patients are unable to bear the expense of such treatment, they may make application to the County Judge for the admission of such children to this hospital. This involves an examination of the financial condition of the parents, and examination by a local physician to determine the probable benefits the child might receive at that institution. Five or six cases have been sent there during the last two years. There are now pending before me, four or five cases, and all of these require considerable correspondence with the hospital authorities and the State Board of Control.

Fifth: There is also the work incident to the administration of feeble-minded persons to the homes maintained by the State; one at Union Grove, and the other at Chippewa Falls. All applications for admission to this institution must come before the County Judge, who must appoint a physician to make an examination of the alleged feeble-minded person and orders for commitment to the home.

The State Industrial Commission has also authorized the County Judge to act as Permit Officer to grant permits to children of certain ages to work in certain employments. I am supposed to have all such cases outside of the cities of Appleton, Kaukauna, Seymour, New London, and Hortonville. This also involves considerable correspondence with the Industrial Commission, as well as with the persons directly concerned.

All the work above referred to is in addition to that involved in the administration of estates of deceased persons and guardianships. The foregoing is but a brief outline of the work required to be done. I have prepared a resolution which, it appears to me under the circumstances, the County Board will be warranted in adopting. I ask that this communication and accompanying resolution be referred to the appropriate committee to examine into the merits of the request and report to the Board. I will be more than pleased to meet them whenever convenient for them.

Respectfully yours,

John Botteneck.

No. 12. Claim of Louise Smith read. (Damage case.)

To Outagamie County, Wisconsin, and to the County Clerk Thereof.

I, the undersigned, Louise Smith, widow of Anderson Smith, of the Town of Franklin, Manitowish County, have present a claim against said County for the sum of Five Thousand Dollars (\$5,000), which claim arises on account of the death of Anderson Smith, whose death was caused by a defective highway and bridge in said county on the 11th day of June, A. D., 1922, which said defect existed on the highway at the nearest bridge on said highway, one-half mile in a southerly direction from Oneida railway station, and thence westerly to said first bridge. The said highway and bridge, and the approach to each side of the approach to said bridge were from six to eight feet below the road bed thereof, and that no guard, railing or other protection had been erected by said county, nor had any other means been taken by said county to protect the lives and safety of persons traveling thereon.

That by reason of the death of said Anderson Smith this amount makes claim against said County of Outagamie for the sum of Five Thousand Dollars (\$5,000).

Dated this 10th day of July, 1922.

Timothy Burke,

Atty. and Agent for Louise Smith.

To Outagamie County, Wisconsin, to its Board of Supervisors and to the County Clerk Thereof.

I, Louise Smith, of the Town of Franklin, Manitowish County, Wisconsin, hereby make claim against the said County of Outagamie, Wisconsin, for the sum of Five Thousand Dollars (\$5,000), which claim arises on account of the death of my husband, Anderson Smith, which occurred on the 11th day of June, A. D., 1922, while he was traveling on the highway about one mile south of Oneida Station, and about one-half mile west from said Town; which death occurred by reason of failure of said county to properly maintain a guard rail and other safety guards approaching to and over the bridge at said place where said death occurred by drowning; for which death I claim the sum of Five Thousand Dollars (\$5,000) damages.

Signed (Louise Smith),

Claimant.

Dated July 20th, 1922.

State of Wisconsin, County of Outagamie.—ss.

Louise Smith, being first duly sworn on oath says that she is the claimant in the above matter; that she has heard read the above and foregoing statement of claim and knows the contents thereof, and that the same is true to her own knowledge except as to matters therein stated on information and belief, and as to those matters she believes it to be true.

Subscribed and sworn to before me this 15th day of July, 1922.

No. 13. Claim of John VanSchindel read. (Damage case.)

To County Clerk, Outagamie County and State of Wisconsin:

I, Mrs. John Van Schindel, residing at Depot Street, in the City of Little Chute, Wisconsin, by my attorneys, Martin, Martin & Martin, hereby make claim against the said County of Outagamie, in the sum of Five Thousand (\$5,000) Dollars, for the fatal injury to Joseph Van Schindel, my son, which said son was unmarried at the time of his death, leaving me the said Mrs. John Van Schindel as his sole heir, and which injuries were received under the following circumstances:

On the morning of the 24th day of July, 1922, at a point on said highway No. 35 between Kimberly and Little Chute, and more particularly at a point east of where the intersection of the said highway and highway, and which said point is west of Perrinboon's Creek, so-called, the said Joseph Van Schindel was riding in a Ford Sedan owned by himself, and at the time being driven by an Arnold Hietpas, when by reason of an oncoming car crowding the Ford Sedan in which claimant's intestate was riding from the concrete portion of the road, and it was necessary for the driver of the Ford Sedan to run along the edge of the concrete for some distance, because of being unable to steer the said car, he ran onto the concrete portion of the road, owing to the difference in the height of the shoulder of dirt and the top of the concrete, and while the Ford Sedan was so being driven along the shoulder of dirt the front wheels thereof were thrown into an excavation of such depth and width as to throw the car out of the control of the driver and caused same to strike a pole near the highway, fatally injuring the said Joseph Van Schindel, and of which said injury the said Joseph Van Schindel died on the 24th day of July, 1922; that the defect in the highway occasioned the injury, and that the said defect had remained there for a great length of time before the accident.

Wherefore the said Mrs. John Van Schindel claims from the said County of Outagamie the sum of Five Thousand (\$5,000) Dollars damages.

Dated August 21st, 1922.

Martin, Martin & Martin.

State of Wisconsin, County of Brown.—ss.

John McHale, being first duly sworn, on oath, deposes and says that he is the attorney with the firm of Martin, Martin & Martin, and that he is the said firm of attorneys, acting as attorneys and agents for Mrs. John Van Schindel, and makes this verification for and in her behalf; that he is so authorized so to do because the said Mrs. John Van Schindel does not reside in the county of Brown, and that he has read the matter stated in the foregoing notice of claim against the county of Outagamie, and knows that the same is true of his own knowledge, except as to such matters stated therein on information and belief, and as to such matters he believes it to be true.

No. 21. Communication of the highway commission. (Snow removal.)

Madison, November 8, 1922.

To the County Board:

Subject: Snow Removal.

Gentlemen:

We are writing at this time to again call your attention to Section 1317, 6, of the statutes, which refers to snow removal.

Each year when trouble with snow commences the Commission receives numerous petitions (filed in accordance with the above section) from groups of people customarily using a certain road, asking that the county be forced to keep the road open for travel. In the majority of cases the county has made no provision for funds or equipment to keep such road open, and it is useless to grant the petition under these conditions, as the county road commission has no legal right to expend money for such purposes unless authorized to do so by the county board.

We trust that, if there are any particular road or roads in your county which your board feels should be kept open, the board will make the necessary arrangements during the present session.

The law provides that not to exceed fifty per cent of the cost of snow removal may be charged to the unit of government in which said removal is performed. It is possible that in some instances motor bus operators and others customarily using the road would be willing to pay at least the local unit's share of the cost of such work. We believe this matter should be thoroughly threshed out by the boards in November and not after the snow has thoroughly blocked the roads. If any relief is to be granted, it must be granted by the boards, which must arrange for and finance the program of snow removal agreed upon. Under the present statutes the state can pay no part of the cost of snow removal work.

Yours very truly,

Wisconsin Highway Commission.

No. 22. Communication of the Wisconsin Highway Commission read. (Federal Aid construction work.)

Madison, Nov. 1, 1922.

To the County Clerk:

To the Chairman, County State Road and Bridge Committee, Outagamie County:

Gentlemen:

Subject: Necessary Culvert and Bridge Construction Under Subsection 8 of Section 1317, Stats.

You are hereby notified, that, in the opinion of the State Highway Commission, the public safety requires the construction or reconstruction of the bridges and culverts on the State Trunk Highway System in your county, as hereafter described. Please cause this statement to be presented to the County Board, at its annual meeting beginning November 14, 1922, in order that proper provision for such construction or reconstruction may be made as required by law. We wish to state, for your information, that this construction may properly be performed with the first fifty per cent of State Aid and accompanying funds. If the state money thus available for the year 1923 is not sufficient to meet the state's share, the allotments of 1924 and succeeding years may be used, when available, to reimburse the county for any amounts appropriated and expended to pay for this construction in excess of fifty per cent of the cost.

The bridges and culverts referred to and estimates of their cost are as follows:

In mile 62.8 on S. T. H. No. 18, Sec. 20 and 29, T21, R15E in the Town of Dale. A 10 ft. reinforced concrete slab span, 24 ft. roadway. Estimated cost \$1100.00.
In mile 11.1 on S. T. H. No. 29, Sec. 14 and 15, T21, R16E in the Town of Greenville. A 10 ft. reinforced concrete slab span, 24 ft. roadway. Estimated cost \$1100.00.
In mile 11.9 on S. T. H. No. 29, Sec. 20 and 21, T24, R17E, in the Town of Cicero. A 24 ft. reinforced concrete slab span, 24 ft. roadway. Estimated cost \$3250.00.

Yours very truly,

Wisconsin Highway Commission.

No. 24. Report of the sanitarium committee read. (Bridge and culvert at sanitarium.)

Whereas, The bridge on the Sanatorium Road within the Village of Little Chute in Outagamie County has been recently washed out and is in need of reconstruction, and

Whereas, Outagamie County has power to aid in the construction of any bridges in the County, and

Whereas, Said bridge is mainly useful in giving ingress and egress to the County Sanatorium, and

Whereas, The Committee on Sanatorium of the Outagamie County Board at the special session held June 28th, 1922, having been duly authorized and empowered to arrange for the immediate reconstruction of said bridge and empowered them with authority to proceed with the same, and

Whereas, said bridge is within the Village of Little Chute and the necessity of maintaining the bridge and the responsibility rests in said village, and

Whereas, the Committee so duly empowered believes that it is for the best interests of the County and right for the County to aid in the reconstruction of same.

Therefore, resolved, by and between the Sanatorium Committee acting by authority and in behalf of Outagamie County and by the regularly constituted President and chairman of the Road Committee of said village, as follows:

1. That the Village of Little Chute will forthwith reconstruct said bridge and culvert being on said road, which road referred to is known as the Sanatorium road running north and south from the Sanatorium grounds to the Little Chute-Kaukauna highway also known as Federal State Trunk Highway Fifteen, in a good, substantial, permanent manner in accordance with the suggestions, approval, and acceptance of the Highway Commissioner, at the expense of the Village.

2. That the Committee in behalf of Outagamie County agrees that upon the completion and acceptance of the said bridge and culvert and as soon as the County Road can make such sum available to reimburse to and pay the Village Treasurer \$400.00 as the full contribution and aid for such project.

No. 25. Petition of the Town of Cicero read. (\$2,000 County and Town Aid.)

To the Honorable Board of Supervisors of Outagamie County, Wis.

Gentlemen:—

Whereas, at an annual town meeting held in the Town

of Cicero, said County, on the 4th day of April, 1922, a special tax of \$2000.00—Two Thousand Dollars—was voted under Sub-section 2 of Section 1317-4 of Chapter 337, Laws of 1911 and amended thereof, for grading and surfacing of a highway on the County Trunk Line Highway No. 47, in Section 9, running thence west on the road known as the Nichols-Leeman Road, or County Trunk Line F, or as far as the money available will improve.

Therefore, we, the undersigned supervisors of the said Town of Cicero, do hereby petition your honorable body to appropriate 60% of the amount to cover the County's share of the cost of the improvement, to be expended for the purpose of carrying out a resolution passed by the County Board at its previous session.

Therefore, you and especially the said County Highway Commissioner, and the County-State Road and Bridge Committee will, therefore, please take notice to obtain and provide in depositing said fund in the County Treasury for the purpose of the aforesaid. We hereby request and demand that the said work of improving of the highway on said road be commenced under the direction of the County Highway Commissioner pursuant to the said Highway Law forthwith, that the said sum of Five Thousand Dollars (\$5,000.00) be expended by the said County Highway Commissioner for that purpose.

No. 26. Petition of the Town of Freedom, Osborn and Oneida read. (County Patrol.)

To the Honorable Board of Supervisors of Outagamie County, Wisconsin.

Gentlemen:—

We, the undersigned, freeholders and taxpayers of the Towns of Freedom, Osborn, and Oneida petition your honorable body to annex and make a part of the County Trunk Lines and County Patrol system the following described highway, commencing at the intersection of the prospective State Highway and County Trunk Highway in the southeast corner of Section 10, and the southwest corner of Section 11, running thence north on said Section Line through Sections 2 and 3, 34 and 35, 26 and 27, to the southeast corner of Section 22 and the southwest corner of Section 23, running thence east on the Section line between 23 and 26, 24 and 25, to a point in the southwest corner of Section 19, and the northeast corner of Section 24, running thence north on the Section line between 19 and 24 to the intersection of County Trunk Highway H, picking up at the southeast corner of 22 and the northeast corner of 27, running thence west of said Section line between 22 and 27, 21 and 28, to the intersection of County Trunk Line G.

The above described highway when so added and made a part of the County Trunk Line and Patrol system adds materially to the welfare of the local people tributary to this road and for that reason we kindly pray your honorable body to annex the above described highway.

Nov. 15, 1922.
To the Hon. Chairman and Members of the County Board of Outagamie County.

We, the undersigned Trustees of Riverview Sanatorium, hereby submit our annual report covering the operation of the Sanatorium for the year ending June 30th, 1922.
Mr. P. E. Rohan who was elected Trustee at your November 1921 Session to succeed C. J. Jackson assumed the duties of his office in January, 1922.
Our Board has held twelve monthly meetings at the Sanatorium, and keep in close touch with the management and the care given to the patients.
We believe the operation costs are carefully considered and are kept as low as consistent in maintaining the upkeep of the institution, and giving to the patients the proper care.

During the year 77 patients have been cared for. The operating cost per capita has amounted to \$14.68 per week. The following are the receipts and disbursements for the year:

RECEIPTS	
State Aid	\$ 5285.12
Outside Counties	5709.46
Ex-servicemen	4671.00
Pay Patients	2338.00
Outagamie County	5503.33
Garden Produce	64.00
Total	\$23870.91
DISBURSEMENTS	
Food Supplies	\$ 6563.77
Gen. expense. Coal, Light, Ice, etc.	4928.16
Salaries	8722.57
Dormitory	2354.23
Kitchen and Diningroom	546.00
Medical	596.05
Equipment	160.15
Total	\$23870.91

The item of State Aid in the amount of \$2555.12 is about \$2000.00 less than we anticipated; owing to the fund set aside by the State not being sufficient to pay the usual one-half for the indigent patients.
The net-cost to Outagamie County for the operation of Riverview Sanatorium for the year was \$5803.33, whereas, it would have been the usual \$10,000.00 from the State, this item would have been higher over \$3000.00.

The movement to have two adjoining Counties unite with us and convert Riverview into a Tri-County Sanatorium, is well under way. At this November Session we have the assurance that Shawano and Oconto County Boards will appoint committees to confer with our committee for the purpose of working out the details, and some action may be expected before the end of 1923.

For particulars relative to the hospitalization of patients, we would call your attention to the report of the visiting Physician, which has been adopted and made supplementary to this report.
We wish to call your attention to the matter of appointing at this Session a member of the Board of Trustees to succeed F. J. Harwood, whose term expires January 1923.

Supervisor Bayer moved to adopt. Motion prevailed.
Report of Dr. C. D. Boyd, sanitarium physician, read.
Little Chute, Wis., Oct. 28, 1922.

To the Trustees of Riverview Sanatorium.
Gentlemen:—
As visiting Physician I am pleased to submit a report on the hospitalization of patients at Riverview Sanatorium for the year ending June 30th, 1922.

The Sanatorium has been filled to capacity all of the time. In general there appears to be a growing sentiment favorable to Sanatorium care for the Tuberculous. We have more applications than we can care for, and it is less difficult to persuade patients to enter the Sanatorium than formerly.

During the year we cared for 77 patients, for a total of 1624 weeks and 3 days, 45 were from Outagamie County, 25 from outside counties and 7 Ex-servicemen. They were classified as follows:
50 in the 3rd stage of the disease,
15 in the 2nd stage of the disease, and
12 in the 1st stage of the disease.

19 of those in the 3rd stage improved, and in 7 the disease was arrested, 31 failed and there was a fatality of 17.
Of the 15 in the 2nd stage, 12 improved, and in 8 the disease became arrested, one failed, and two remained stationary.

11 of the 12 in the 1st stage improved, in 12 the disease became arrested, one was stationary.
Disease Improved Arrested Failed Stationary
3rd stage 19 7 31 17
2nd stage 12 10 0 0
1st stage 10 0 0 1

Those patients in the 1st and 2nd stage rated as stationary remained in the Sanatorium less than 10 days. In comparison these results are about the same as those of other years. It would seem to indicate that Sanatorium treatment offers something substantial for those affected with Tuberculosis. Observing the quite constant improvement of those in the 1st and 2nd stage, makes it seem regrettable that we do not get our cases earlier.

Some effort is being made to carry out a programme of occupational work among the patients. The children are being taught the ordinary school grade work, and a variety of the lighter occupations are carried on by those patients who are able and who can be interested.

An attempt is being made by a Club, organized by the patients, to keep in touch with those who have been patients at the Sanatorium; the object of the follow-up work is to remind these ex-patients of the lessons learned at the Sanatorium regarding health measures, and to get some information relative to the final results of Sanatorium treatment.

The patients seem to be generally contented and cheerful. Nothing has occurred during the year to disturb our satisfaction and interest in the work.

Respectfully submitted,
C. D. Boyd, M. D.
Supervisor Appleton moved to adopt. Motion prevailed.

To the Trustees of Riverview Sanatorium.
Gentlemen:—
Another year has gone around and I have great pleasure in reporting that in our institution there has been great harmony. It does seem as if each patient was as much interested in the institution as any member of the staff. The spirit of helpfulness has always prevailed, and in a Sanatorium, like any other institution or business, its success depends upon the enthusiastic co-operation of all.

During the year we received various contributions of books, magazines, daily papers, victrola records, clothing, flowers, fruit and jellies.

We are indebted to Miss Karen Curtis for the gift of a moving picture machine which fills a long felt want for entertaining purposes. Through her own efforts Miss Curtis staged a concert at the Appleton Theatre for this purpose. The proceeds of the concert were sufficient to purchase not only a moving picture machine, but also a combination stereopticon and projectoscope.

Through the courtesy of the Rev. Tink of the Kaukauna N. E. Church, Miss Helm and Rev. Cross of the Congregational Church of Appleton and Mr. John Koehn of the Little Chute Theatre we have been able to obtain several splendid photo-plays during the year.

Everyone seemed to enjoy the Holiday season, some

twenty patients enjoyed a perfect Christmas at home, those remaining were like one big happy family. A number of young people of Kaukauna helped us enjoy the blessed season by singing Christmas Carols throughout the Sanatorium on Christmas Eve. Friends too numerous to mention sent in baskets of Christmas goodies. Special mention can be made of Mmes. Kofford, Sontag, Loos, Scheller, Johnson, Beach, Fox and Mr. Geo. Baldwin who sent toys, games, books, sleds and clothing to the children.

At Christmas time and during the year members of the Kaukauna and Appleton American Legion, Ladies' Auxiliary, Mr. and Mrs. W. M. Johnson, and I might add the public in general took a great interest in the ex-service men, needless to say, that through all their friends their comfort and pleasure was well looked after.

The social life is made attractive not only through the efforts of the staff, but, by the patients as well. Our club, which is known as the "Sunshine Club," has done much to promote acquaintance, friendship and contentment among the patients. This organization which plans the social life, and has managed it well, has always co-operated with the staff, and we feel that in the first year of its existence it has lived up to its name and proven its worth. The Halloween party was a great success, the dining-room was appropriately decorated for the occasion. Games, old and new, were indulged in, no suggestion was too idiotic to demand attention. The Valentine party was likewise a jolly affair. To the patients falls the credit.

Our friends have been very good in the matter of entertainment this year.

On Oct. 12th the patients were invited by Mr. Henry Gribler of the Appleton Theatre to see the wonderful picture "The Four Horsemen of the Apocalypse," and again on Jan. 10th to see "Over the Hill." They greatly enjoyed this rare treat.

On Jan. 10th a number of young ladies from Appleton, under the direction of Miss Constance Johnson, presented the play "Not a Man in the House." It was highly amusing and very much enjoyed.

On Mar. 9th we had an unusually pleasant program of music and songs given us by the Sunshine Club of Appleton.

On Mar. 14th the American Legion Post of Kaukauna gave us a very enjoyable evening's entertainment. Mr. Harold Pearson thoroughly delighted the audience with his character impersonations and comic songs. Mrs. Farwell played some excellent pieces on the piano in accompaniment to a victrola. Other members rendered a number of pleasing vocal selections.

On Mar. 30th about forty students of the Kaukauna High School presented an operetta entitled "Hawaiian Pirates." All deserve praise for their splendid acting and thanks for giving us such thoroughly enjoyable afternoon.

On May 11th the Kimberly Dramatic Club, under the direction of Rev. A. Brockman, presented the play "Dust of the Earth," which was greatly enjoyed by all.

I wish to acknowledge again my appreciation to the Catholic and Protestant clergymen who have attended to the religious needs of our patients throughout the year. The moral support given us by the Board of Supervisors and Sanatorium Committee is very much appreciated.

Dr. Boyd still continues his faithful and loyal service. He is keenly alive to the needs of the patients.

To my co-workers I wish to express my appreciation for the efficient manner in which they have performed their duties and the loyalty displayed.

In conclusion I wish to express my thanks to the Trustees for the constant and ever ready support in all things pertaining to the interest of the Sanatorium.

Respectfully submitted,
Bridget L. Boyle.

No. 36. Petition of the town of Liberty and Bovina for County Road read.

To the Honorable Board of Supervisors of Outagamie County, Wisconsin.
Gentlemen:—

Whereas, a petition has been presented to your honorable body to annex and make a part of the County Patrol System, the following described highway:

Commencing at the intersection of State Trunk Highway No. 54 in Section 3, Town 22, Range 15 East, thence running north through Section 34, Town 23, Range 15, and through Section 27, in a northerly direction to the corner of Sections 27, 24, 25, and 26, and thence in a northerly direction one (1) mile, thence east to the Shiocton-Bear Creek Road. Also, commencing at the intersection of Sections 23, 24, 25, and 26, thence running east to the village limits of the village of Shiocton.

This petition has been presented to your honorable body and upon action you referred it to the County State Road and Bridge Committee, which Committee reported it back to your honorable body with the request that it be laid over until sufficient money became available to properly patrol and maintain the described highway.

Therefore, the petitioners pray your honorable body to re-open this matter for consideration, and that you give it due justice in annexing the highway and making it a part of the County Patrol System.

Dated this 16th day of November, 1922.

E. P. Spoehr.

Same was referred to the highway committee.

No. 37. Resolution of Anton Jansen read. (LaPollette question.)

A RESOLUTION
Whereas, the county board of Outagamie County, at its annual session in the year 1917, passed a resolution condemning the Honorable Robert M. LaPollette, United States Senator for Wisconsin, for making alleged seditious speeches, and whereas thereafter, due and thorough investigation was made by the United States Senate of said speeches and the Senate found and determined that the charges were false and unfounded, and unanimously exonerated the Senator from said charges, and reimbursed him for his expenses incurred in establishing his innocence, and from said investigation it appeared that said charges had originated from propaganda, advanced by representatives of special interests and monopolies for the sole purpose of discrediting Senator LaPollette as a champion of the rights and interests of the common people.

Now Therefore Be It Resolved that said resolution passed at that session of the body be and is hereby rescinded and that the same be expunged from the records of the proceedings of the Outagamie County of said year, 1917. In words and figures as not endorsed by the people of Outagamie County or the vote of the people of the State of Wisconsin as registered at the primary and general election 1922.

Dated this 14th day of November, 1922.
Anton Jansen,
Supervisor.

Supervisor Drephal moved to adopt. Supervisor McClone moved to amend by laying on table.

Same was laid over until tomorrow morning.

No. 39. Resolution of the county board of Barron County read. (County Nurse.)

Adopted at the annual meeting of the County Board of Barron County, Wisconsin, at Barron on November 15th, A. D. 1922.

Whereas, the present economic conditions demand a material reduction in taxes; and,
Whereas, to bring about such a change requires curtailment of expenditures in various governmental activities; and,
Whereas, it is the opinion of the County Board of Barron County that the employment of a county nurse can be dispensed with as one of such governmental activities; and,
Whereas, the employment of a county nurse is at present compulsory under the law;
Now, Therefore, Be It Resolved by the County Board of Barron County in annual session assembled, that we request the Assemblyman of Barron County, and the

State Senator of the 29th District, at the next session of the Legislature, to work for and vote for, a change in the present law governing the employment of county nurses, to amend that law so as to make it optional with each county board in the State of Wisconsin, as to whether a county nurse shall longer be employed by each county.
Let a copy of this resolution upon passage be immediately mailed by the County Clerk of Barron County to the Assemblyman of Barron County, the State Senator from the 29th District, and the County Clerks of Wisconsin, with the request that this resolution be submitted by each County Clerk to their respective County Boards for their approval or disapproval.
Dated November 15th, 1922.

Geo. J. Holland,
Supervisor Tracy moved to adopt. Motion prevailed.
Supervisor Schulz moved that the election of officers be made of special order for Wednesday morning. Motion prevailed.

The Chair announced that an invitation had been extended to the board by the superintendent of asylum to visit the asylum. Supervisor Appleton moved that the invitation be accepted, and that the board visit the asylum Wednesday afternoon.

On motion of Supervisor Tracy the board adjourned until tomorrow morning at 9:30.

No. 40. Resolution appropriating \$20,000 for county patrol read.

RESOLUTION
To the Honorable Board of Supervisors of Outagamie County, Wisconsin.

Gentlemen:—
Whereas, your honorable body has annexed and made a part of the County Trunk system of highways, the following described roads:

"Commencing at the intersection of State Trunk Highway Number 15 and 18 in the Village of Little Chute, on Grand Avenue, running thence in a southerly direction thru sections 28 and 33 to the Calumet County Line."

And due to the fact that this road is in bad shape for public travel on account of the heavy traffic that is carried over this piece of highway, we therefore pray that your honorable body set aside or appropriate out of the general fund of the county, for the purpose of improving the stretch of this highway running thru sections 28 and 33, the sum of \$20,000.00.

Now Therefore Be It Resolved, That there be and is hereby appropriated and levied against all the taxable property of Outagamie County the sum of \$20,000.00 to be used in the construction of the roads above outlined.

Dated at Appleton, Wisconsin, this 15th day of Nov. 1922.

than usual and for that reason the overdraft against the school is now almost wiped out. It is hoped that during the present year the entire overdraft may be taken care of.

The school has not only been increasing in size, but the teachers have been doing all that they can to help carry the better things in teaching out to the country schools. There is a healthy co-operation between the Training School Board, the County Superintendent and the Training School Teachers and all are anxious that the country boy and girl shall get as good as the city boy and girl. The teachers of the Training School have assisted the County Superintendent and the Supervising Teachers at evening meetings, at teachers' institutes and in every way possible for the uplift of the rural schools.

The state inspector spent a day in the Training School and spoke very complimentary about the school and the work that is being done for the betterment of country schools.

A LOOK FORWARD

New standards are being set for teachers by the state and as that occurs we must re-adjust our school courses to meet these requirements. This we have done and must continue to do. A new law is going into effect soon that will make it necessary for students who wish to become teachers to graduate from a high school before beginning to teach or attend a training school. This we all agree is a good thing for it will make country schools equal to city schools in this respect, but it will tend to cut down our enrollment somewhat and to counter-act this tendency it would seem wise to induce the surrounding counties to join us and make our school larger. There are many good reasons why this should be done and we feel sure that it would be well worth while for the County Board to appoint a committee to work on this project and report back to the County Board at its next meeting.

We now have seventy-three students enrolled in the school and enough seniors so that we will not be short of teachers next year, but there will be none to spare.

During the past year about seventy-nine per cent of the teachers in the country schools of the County were training school graduates and of the others many attended a summer session or more.

The members of the Training School Board wish to take this occasion to express to the members of the County Board of Supervisors their sincere thanks and appreciation for the splendid support given to the rural schools in their efforts to do better for the country boy and girl. Assuring you that we are trying to be of service to you in helping a great part of the younger generation to become good American citizens, able to go into the work and meet the conditions and demands of life on the farm in the shop, in the factory or anywhere that they find employment.

No. 47. Annual report of committee on common schools read.

EIGHTH ANNUAL REPORT OF THE COMMITTEE ON COMMON SCHOOLS.

Members of the County Board of Supervisors, Outagamie County:

Gentlemen:

As required by Section 704-13 of the Wisconsin Statutes, we submit the following report to you.

The law permits this Committee to act on boundary questions only when an appeal from an action, or a refusal to act by the town board is filed. One appeal was approved of during the year.

The Committee has had nine meetings this year. Two were regular meetings as required by law, and seven were called for special business as provided by 704 of the Statutes.

We met in May and elected Supervising Teachers for the present year. According to law, applications had been made to the Superintendent Florence S. Jenkins, who presented a list of six names of applicants. From the list the Committee named the Miss Nellie McDermott and Mr. Arthur L. Collar as supervisors for the coming year, 1922-23. We set the salaries of each at \$1,500. You understand, of course, that the State refunds all the money paid these officers at the end of each year.

The salary and expenses of the Supervising Teachers for the year ending June 30, 1922, amounting to the following:

Salary Expense
Nellie McDermott..... \$1,250 \$ 635.42
Genevieve Collar Blindauer..... 1,250 665.83
Total..... \$2,500 \$1,301.25

This is a total of \$3,861.25.

The expenses of the members of the Committee since the last November meeting are \$213.60.

We will need a County Trust Officer at an early date. Too many children go through the year without the required 120 days of school. In some cases, it has been found they lack the necessary clothing which is charity work to be done at home. In other cases such absence is unnecessary, and due only to carelessness.

At our April meeting, the resignation of Mr. A. L. Collar who has been on the Committee a number of years, was received with expressions of regret on our part. Mr. Collar is now one of our Supervising Teachers.

We wish to submit the following recommendations:

1st. That the County Board repeat its appropriation of \$75.00 to defray the expense of an examining committee for Common School Diplomas as has been done for several years past.

2nd. That the County Board appropriate a sum of not less than \$75.00 to cover the local expense of a general County Graduation Day exercises of a nature of which plans are being made.

Respectfully submitted,

Bernard Schouten,

Douglas Hodgins,

Guy Daniels.

No. 49. Petition of the freeholders of Outagamie and Waupaca Counties. (Change in highway.)

To the Outagamie County Board of Supervisors, in Regular Session Assembled:

Gentlemen:

We, the undersigned residents and tax payers of Outagamie County, respectfully petition your honorable Board of Supervisors, to designate the below described road (or that part of it that is not already a County Highway) in Outagamie County as a County Trunk Highway, thereby assisting in making a nearly straight and continuous highway about 42 miles from Clintonville to Green Bay. This will greatly accommodate the public in making business and social calls between the rural and city folks; it will lower the cost of hauling produce and freight to and from markets; it will increase the values of rural properties in the north part of your county; it will enable farmers to compete with farmers living in good roads communities; and will give a broad agricultural and industrial territory to a direct highway to and from their nearest cities.

The part of this road requiring your action begins at the northwest corner of the town of Main, thence south to the northwest corner of section 7, thence east on the section line between sections 7, 8, 9, 10, 11, and 12 to the north line of F, thence east on county Trunk line R to State Trunk line number 47, thence south on State Trunk line 47 to the section line between sections 10 and 15 town of Cicero, on that line between sections 11 and 14, and 12 and 13 and continuing in a straight line across the town of Seymour between sections 7, 8, 9, 10, 11, and 12 on the north and sections 13, 14, 15, 16, 17, and 18 on the south side of said road to the west line of the town of Oneida, thence east through the town of Oneida between sections 7, 8, 9, 10, 11, and 12 on the north and 13, 14, 15, 16, 17, and 18 on the south side of said road to the west line of Brown County.

Signed by thirty-four citizens and tax payers.

Same was referred to highway committee to report at this session.

Supervisor Jansen moved that the highway committee be authorized to purchase a large county map.

REPORT OF SALARY COMMITTEE

To the Chairman and Members of the County Board:

Your committee on salaries beg leave to report as follows:

That we have ascertained what appointive offices of the county require the fixing of salaries at this session and after due consideration of the needs and requirements of the various offices do recommend that the salaries be fixed as follows:

1. We recommend that the salary of the Highway Commissioner be fixed in the sum of \$2400.00 per annum for the term for which he is about to be elected and recommend that as a condition attach thereto that he be required to devote his entire time to the duties of his office.

2. We recommend that the salary of the County Nurse be fixed for the ensuing year at the rate of \$1500.00 per annum and we recommend further that in addition to such salary the sum of \$500.00 be provided to defray expenses of the nurse in the performance of her duty and for traveling expenses.

3. We recommend that the salary of the county physician be fixed for the ensuing year at \$350.00 per annum.

4. We further recommend that a clerk be added to the office of the County Judge and that the County Judge be authorized and empowered to employ in his discretion a suitable clerk in and about his work in such time as he may deem her services necessary and that an appropriation be made sufficient to permit such judge to pay such help not to exceed \$50.00 per month to be paid to such clerk at the time and in the manner other county officers are paid.

5. We further recommend that the sum of \$300 be appropriated for the purpose of procuring extra clerk hire in the office of the Municipal Judge and that the Municipal Judge be authorized and empowered to employ a suitable person at such time or times as he may deem it necessary and to compensate in such amount as he deems proper from the appropriation and that any sums drawn therefrom be drawn on a certificate of the Municipal Judge.

Dated November 22, 1922.

REPORT OF THE COUNTY-STATE ROAD AND BRIDGE COMMITTEE AND THE SPECIAL HIGHWAY COMMITTEE
To the Honorable Board of Supervisors of Outagamie County, Wisconsin.

Gentlemen:
Whereas, Petition No. 9 of the Towns of Center, Freedom, and Grand Chute been referred to the Special Highway Committee and the County-State Road and Bridge Committee, in which the freeholders and signers of said petition, pray that that part of a highway as described therein be discontinued. Your committees have carefully considered the discontinuance prayed for, and after deliberating upon the matter, concluded that the same be not discontinued, and recommend that the same remain as a part of the present patrol system, and that that portion of the highway as described in said petition of which the freeholders and signers pray to annex and make a part of the present County Patrol System, your Committees have carefully gone into the advisability of annexing this portion of the highway as described in said petition, and after considerable discussion, concluded and recommend that the same be adopted and made a part of the present county patrol system, providing that the Towns through which this highway passes shall first make such improvements by grading, draining, and surfacing such portions of said highway to the entire satisfaction of the Highway Commissioner in charge, and not until then shall there be a patrolman placed in charge of said highway.
Respectfully submitted,

REPORT OF THE COUNTY-STATE ROAD AND BRIDGE COMMITTEE AND THE SPECIAL HIGHWAY COMMITTEE
To the Honorable Board of Supervisors of Outagamie County, Wisconsin.

Gentlemen:
Whereas, Petition No. 26 from the Towns of Freedom and Osborn and Oneida petitioning to annex to the present County Patrol System certain highways as described in said petition, your Committee as well as the Special Highway Committee, have carefully considered the feasibility of annexing same, and after considerable discussion with the special highway committee, we concluded to recommend that adoption of it, providing that before any patrolman be placed in charge of maintaining this portion of the highways so annexed, that the Town Supervisors of the several Towns involved in the annexation of this highway must make such improvement so that the patrol work of the patrolman is of some benefit, and the improvement so requested must be made to the entire satisfaction of the Highway Commissioner in charge. As soon as this request has been carried out, then a patrolman shall be placed in charge of this described highway.

SUBJECT: Federal Aid Construction Funds
 Dear Sir:—For the information of your county board we submit herewith a financial report of the federal aid construction program in your county.
 The federal funds involved are a portion of the first \$275,000,000 appropriated by congress as federal aid to the various states. Wisconsin's share was \$7,004,280.67. Of this amount there was allotted to Outagamie County \$104,921.79. Under the provisions of the Wisconsin Statutes the county must provide an amount equivalent to the federal aid allotted and the state a like amount, making a total joint fund of \$322,402.53, including special assessments against railroad companies amounting to \$14,271.16.
 The statutes do not provide that the cost of each individual project must be so financed that each unit of government shall furnish one-third of the total cost. However, they do provide that upon the completion of the program each unit named shall have paid one-third of the total cost of all projects as nearly as possible.
 In financing the past construction program, this commission has at times been obliged to amend the allotment of funds to certain projects due to the unprecedented conditions prevailing during the past few years. The preliminary estimates for the earlier projects were too low due to the fact that they were constructed during a period of rapidly rising prices. A large number of projects constructed during 1921 and 1922 had a surplus due to the declining prices of labor and materials.
 In reviewing the first sheet of the attached report, which is a recapitulation of the funds allotted to the individual projects in your county, you will note that the division of the funds for each project is not uniform but that the totals provided by each unit of government for all projects are the same.
 The statements following the recapitulation show in detail the cost of the individual projects as shown by our records at the time the statement was prepared.
 Very truly yours,
 Wisconsin Highway Commission.
 By State Highway Engineer.

No. 6. Resolution of county clerk of Sheboygan County is hereby adopted regulating dance halls read.
 Whereas, there are not now adequate laws in the State of Wisconsin to regulate dance halls and for the suppression of vice, delinquency and immorality among frequenters of dance halls outside of cities and villages, and
 Whereas, there has been a great increase of vice and crime on account of illicit traffic in intoxicating liquors, the common use of automobiles and the frequenting of dance halls by persons under the age of eighteen years, and
 Whereas, it is desirable that additional laws be enacted in that regard.
 Resolved, by the Board of Supervisors of Sheboygan County, that the Legislature of the State of Wisconsin be and the same is hereby requested to enact such measures regulating dance halls and the attendance of persons under the age of eighteen years in dance halls and the supervision of dance halls by Juvenile Probation Officers, Constables, Sheriffs and other proper authorities as the Legislature may deem proper with the end in view that vice, immorality and delinquency arising out of attendance at dance halls may be decreased.

Resolved, that a copy of this resolution be transmitted by the County Clerk to the Secretary of the State of Wisconsin, to the Assemblymen Elect and Senator of this district, and to the Chairman of each County Board of Supervisors in the State of Wisconsin at once, and to the Chief Legislature, when elected.
 I, H. W. Timmer, County Clerk in and for the County of Sheboygan, State of Wisconsin, do hereby certify that the foregoing resolution was adopted on the 2nd day of December, 1922, by the County Board of Supervisors of said County, regularly assembled in annual session.
 Dated at the City of Sheboygan, Wisconsin, this 11th day of January, 1923.

Supervisor Tracy moved to adopt. Same was received and placed on file.
 No. 7. Claim of injuries to Elijah Archquette read.
 Seymour, Wisconsin, February 9, 1923.

To injuries received December 3, 1922, on State Highway 54, at a point just east of bridge in said highway, east of John Freiman's residence, Town of Oneida, Outagamie County, Wisconsin, resulting in personal injury to the right shoulder, causing partial paralysis thereof, which was caused by reason of a defective highway, in that the shoulder adjoining the concrete is incomplete, causing an abrupt drop of approximately eighteen inches from highway to dirt road and the lack of proper guard rail on highway to protect dangerous fall at that point.
 To destruction of buggy, 15.00
 To destruction of harness, 15.00

Total \$1,030.00
 State of Wisconsin vs. Elijah Archquette
 Elijah Archquette being first duly sworn says, that the above account is just, correct and true and unpaid and justly chargeable to Outagamie County, and that neither the whole or any part thereof

Superv. Sievert moved that the report of the inventory committee be adopted. Motion prevailed.

No. 12. Resolution in regard to list of delinquent personal property taxes.

RESOLUTION

Whereas it is the practise of several of the town treasurers in Outagamie County, Wisconsin, to turn in delinquent personal property taxes in considerable amount upon settlement with the county treasurer, and Whereas the various town boards of supervisors do not know of this condition until later in the season when it is difficult, under the circumstances, to collect the delinquent tax, and

Whereas considerable personal property escapes taxation as a result of this practise to the detriment of honest tax-payers.

Therefore be it resolved by the County Board of Supervisors of Outagamie County, Wisconsin, that the county treasurer be requested to forward the list of delinquent personal property taxes immediately upon receipt thereof in the month of March to the respective town boards of supervisors so that the said board may have this information on file at the time of the annual town meeting.

Dated this 28th day of February, 1923.

Signed,
John Schwammer,
John Sawall.

No. 27. Resolution in regard to public amusement places read.
To the Honorable Board of Supervisors of Outagamie County, Wisconsin.

Gentlemen:—Your committee to whom was referred the matter of a memorial to the Wisconsin Legislature with reference to the control of public amusement places beg to report as follows:

We have examined Bill No. 348A now before the Wisconsin Legislature and believe that the principle therein mentioned with reference to Public dances and dance halls are well defined for the control and regulation of such public dances and if enacted into a law will permit the execution of all requirements.

Dated March 2, 1923.
H. M. Culbertson,
Geo. F. Fiedler,
James Farrell.

To the Hon. Chas. Schimpf, Member of the Assembly of the Wisconsin State Legislature from the First Assembly District of Outagamie County.
Please present the accompanying resolution passed this 1st day of March, 1923, by the Outagamie County Board of Supervisors to your Honorable Body.

To the Hon. Assembly of the Wisconsin State Legislature.
Gentlemen:—
A committee named by the Outagamie County Board of Supervisors for the purpose of examining Bill 348A relating to public dances and dance halls report its belief that if enacted into a law will serve a great public need and public protection and serve a great moral purpose.

Therefore this body suggests its enactment, or an equivalent as a substitute therefor.
Dated March 2, 1923.

H. M. Culbertson,
Geo. F. Fiedler,
James Farrell.

No. 39. Communication from the town board of supervisors of the Town of Kaukauna regarding surfacing a highway on Trunk Line 4 town of Kaukauna.

To the Honorable Board of Supervisors of Outagamie County, Wis.

Gentlemen:—

Whereas, at an annual town meeting held in the Town of Kaukauna, said County on the 3rd day of April, 1923, a special tax of One Thousand Dollars (\$1,000.00) was voted under Sub-section 2 of Section 1317m-4 of Chapter 337, Laws of 1911 and amended thereof, for surfacing a highway commencing at the intersection of County Trunk Line 3 in the Town of Kaukauna, on the Section line between 20 and 22, running thence east on said section line between 20 and 22, or as far as the money available will improve.

Therefore, we, the undersigned supervisors of the said Town of Kaukauna, do hereby petition your honorable body to appropriate 60% of the amount to cover the County's share of the cost of the improvement, to be expended for the purpose in accordance with a resolution passed by the County Board at its previous session.

Whereas, that pursuant to Section 1317m-15 of the Statutes of Wisconsin, as amended, and especially 1317m-4, Paragraph 9, and subdivision (a) and (b) thereof, said Town has heretofore borrowed, secured, and provided as provided by said law, the sum of Twenty-five Hundred Dollars (\$2500.00) with which to carry on and pay for the improvement work, and the whole thereof to be done on that portion as soon as said highways are completed.

Therefore, you and especially the said County Highway Commissioner and the County-State Road and Bridge Committee will therefore please take notice to obtain and provide in depositing said fund in the County Treasury for the purpose aforesaid, and we hereby request and demand that the said work of improvement of the above named highway within said town be commenced under the direction of the County Highway Commissioner, pursuant to the said Highway Law forthwith, that the sum of Twenty-five Hundred Dollars (\$2500.00) be expended by the said County Highway Commissioner for that purpose.

Dated this 15th day of April, A. D. 1923.

No. 45. Resolution of Superv. Appleton read. (Reimbursement from County for illegal taxes.)

RESOLUTION

Whereas the Town of Oneida is authorized to reimburse Outagamie County for illegal tax certificates, in the sum of \$1382.54 as provided by the action of the County Board at the February 1923 session, and

Whereas the said town could not have been equalized as high as it was in 1922 equalization and said town has had large a share of state and county taxes had these illegal assessments been omitted from the tax roll.

Therefore, be it Resolved, by the County Board of Supervisors of Outagamie County, that the said town in such sum may be found in repayment of the difference if such town had been equalized without the presence of these assessments in the tax roll, to be determined by the County Clerk.

F. R. Appleton
To the Honorable Board of Supervisors of Outagamie County, Wis.

Gentlemen:—

Your Finance Committee beg to report that the Treasurer has applied in them for some assistance in her office during the next three months at the county's expense. She claims that the new method of accounting installed in her office to give efficient service, the vast amount of work making out receipts and accounts, and the amount of \$8.00 in delinquent taxes over 1922 makes it impossible for her to do her work properly during this period. Your attention is called to the following resolution adopted by this Board in 1922:

The County Treasurer shall receive a salary of \$2500 per annum from which she shall be allowed to compensate a deputy treasurer should he decide to make such appointment.

The treasurer is of the opinion that this resolution was made by the board because they had the idea that the Treasurer could do the work in connection with that office individually.

The treasurer states that she don't need a deputy but merely some assistance at certain periods of the year.
